

## DUAL ENROLLMENT POLICY

Bonneville Academy recognizes the option of dual enrollment for students who are primarily homeschooled or enrolled in private school. Dual enrollment may be allowed on a limited basis, depending on administrative discretion, school capacity, course availability, and student needs.

### Policy Overview

In accordance with Utah Code §53G-6-702 through §53G-6-707 and USBE Rule R277-438, Bonneville Academy may allow dual enrollment under the following conditions:

- Dual enrollment is not automatically granted and is subject to approval by school administration.
- Requests will be considered based on class size, instructional alignment, staffing, and scheduling feasibility.
- Parents/guardians must submit a written request to the school director specifying the desired classes or services.
- Students must participate in instruction for a minimum of three-fourths ( $\frac{3}{4}$ ) of the school day unless otherwise approved.
- Enrollment is limited to courses and grade levels deemed appropriate and available by administration.

### Assessment and Conduct

- Dual enrollment students are required to participate in state and school assessments for courses taken at Bonneville Academy.
- Parents/guardians are responsible for certifying instruction in all subjects not taught by Bonneville Academy.
- All dual enrollment students must follow school rules and policies while on campus.

### Application Process

Applications for dual enrollment must be submitted to the school director at least two weeks before the requested start date. Each application will be reviewed individually, and acceptance is contingent upon the criteria outlined above.
