5:42 3. Consideration of Student Travel Arrangements for Overnight Trips

Amy Holt shared concerns from the drama department about the cost of only one kid per bed on trips. This policy isn't a board decision, though the board can give advice. The general decision was that parents sign off on room assignments before the trip and parents/students requested accommodations will be honored within reason. Dale brought up those driving on these trips and if they are given a background check. Cynthia states that this has been addressed and all volunteers are given a background check. He is also worried about having two adults in each car hauling students. Administration has decided that as long as it is multiple students in the car, one adult is fine, but if it is ever one student, two adults must be present.

5:55 Joshua Thompson joined the meeting via phone.
