**"A mind that is stretched by a new experience  
can never go back to its old dimensions."**

-Oliver Wendell Holmes, Jr.-

## FAQs

**Who will be chaperoning my student?** Students are accompanied by NDPA teachers and administration, Spanish teachers/tour guides, and their Spanish host family.

**How much does the trip cost and what does it cover?** The trip costs \$3,500 which covers: \$1,500 airfare; \$750 language school/daily excursions/5-night host family stay; \$600 hotels/3 meals per day including meals during layovers; \$650 transportation/travel insurance/Spain jacket, backpack, and travel journal.

**Should my student bring extra money?** Yes, we encourage each student to purchase Euros (in Utah) for souvenirs and snacks. For your convenience, a group Euro order will be placed through NDPA in February.

**Can parents attend?** Parents are welcome to shadow our experience, however, parents do not qualify as school chaperones.

# LANGUAGE

Enhancing student bi-literacy is an important element of our experience. Activities, excursions, and lodging have been carefully planned with education in mind. Students will spend time in a private school immersed in the Spanish language. Those willing to try, can even take tours in Spanish. We gladly invite all levels of Spanish speakers: DLI, Exposure and even students who are new to the school.

# INDEPENDENCE

For most students, this is the first time they have been to a foreign country and/or this far away from their parents. Having this type of “guided” independence through school travel promotes confidence and self-esteem as well as motivation and perseverance. The trip experience also provides them with a belief that they are competent and capable of taking care of themselves leading to resilience toward adversity and future external challenges.

**"The real voyage of discovery consists not in seeking new landscapes but in having new eyes."**

-Marcel Proust-

# CULTURE

With the world quickly becoming a global village, knowing and understanding other cultures not only helps each of us become more compassionate and empathetic, but it also teaches us about ourselves; it forces us to challenge assumptions we have about our own beliefs and daily practices encouraging tremendous personal growth. After traveling with students over 15 years, a repeated favorite is the time our students spend with their host families in Toledo. Host moms and/or dads provide home cooked meals, laundry services, and family time where our students are given ample opportunity to communicate and get to know their Spanish hosts.
