## SLT Committee Minutes

### Summary:

The discussion focused on the administrative and operational aspects of the school land trust plan for the current and upcoming academic years. Karyn reported on the submission of council membership and principal assurance forms, ensuring compliance with training requirements, and mentioned that additional training invitations would be sent throughout the year.

Ryan provided an update on the 25-26 school land trust plan, highlighting its effectiveness in purchasing technology to enhance student learning. He detailed the allocation of funding, with most resources designated before the school year and some reserved for maintenance. The upcoming plan is expected to mirror the current structure, with a focus on technology and academic support.

Ryan also discussed the importance of tracking expenditures for state reporting and the learn-to-earn program for teacher development. Concerns about responsibilities were addressed, and the meeting concluded with a motion to adjourn.

### Topics:
