

Channing Hall 2026-27 School Fees Schedule

Any payment for student participation in a class, program, or activity is a fee. Channing Hall sets fees as low as possible and uses the funds to help reduce the cost of providing enriching activities and programs. This fee schedule establishes all student fees and spending categories in compliance with R277-407 to ensure transparency, equity, and access for all students. ***Fees often do not cover the total cost of offering these activities and programs.***

General Information:

1. All fees collected will be solely for consumable supplies, student-specific materials, activity-related costs (transportation, admissions, registration), and program-specific equipment and participation costs. Fees will not cover general operational expenses, administrative overhead, or salaries not directly tied to student participation (except for allowable stipends tied to activities).
2. School Fee refunds will be on a prorated basis where applicable. Non-refundable expenses will be disclosed in advance.
3. Waivers are available for eligible students. To apply for a waiver, please complete the fee waiver application, available on the school website and upon request at the Front Desk, and return it to the Front Desk.
4. For more information, including instructions for appealing a waiver denial, please see the School Fees and Waivers Policy or contact the Front Desk.
5. Students are responsible for paying for any loss, breakage, or damage they cause to school property. Loss, breakage, or damage is not subject to the waiver requirement in accordance with R277-407. Restitution payments received are for fines, not fees.
6. Donations are permissible, but all such requests are voluntary. Students may not be excluded from an activity or program for not donating.
7. Elementary students (K-5) are not charged fees except as specifically allowed.

All fees listed below are the maximum amount charged per pupil, per class, or activity. The actual amount charged may be lower.
