UTAH Mammoth Visit

Today, our school had an incredible visit from the Utah Mammoth, and the excitement was off the charts! Our 2nd–6th grade students participated in a PE takeover where they learned the fundamentals of street hockey, practiced skills, and stayed fully engaged the entire time.

In Ms. Rylant's class, students connected the visit to a hands-on STEM lesson about ice with a Utah Mammoth team member. They explored how water and minerals affect ice quality and how skate blade shapes impact movement on the ice.

It was a fun, active, and unforgettable day. Our students loved every minute of it!

4th Grade Field Trip

This week our 4th grade students had an exciting opportunity to visit Tracy Aviary where they learned all about birds, their habitats, and the important role they play in our ecosystem. Students enjoyed engaging, hands-on learning experiences, and were able to observe a variety of bird species up close.

Following their visit to the aviary, students also toured the Utah State Capitol. They explored the historic building, learned about Utah's government, and gained a deeper understanding of how laws are made in our state.

It was an amazing educational experience that combined science, nature, and civics in a meaningful and memorable way for our students.

CEREAL BOX COLLECTION

Help us with our annual Cereal Box Chain Reaction by bringing in **new, full cereal boxes!**

The grade that donates the most boxes will win a prize! Last year, we collected 150 boxes. Let's beat that number and cover both the upstairs and downstairs with cereal boxes.

Collection Dates: Apr 27th - May 11th

Students should turn in their cereal boxes to their homeroom teachers.

Start bringing in your cereal boxes and let's make this the best chain reaction yet!

All boxes will be donated to the Utah Food Bank.

STACK BONUS OFFERS TO EARN BIG!

Right now, earning extra for your school is as easy as 1-2-3. Here's how:
