

City Academy Personalized Hybrid Program (PHP)

Overview of the Hybrid Model

City Academy offers a structured hybrid schedule that allows students in grades 9-12 to remain full-time students while combining in-person and online coursework. The school will operate on an eight period, in-person class schedule.

Full-Time Status Requirements

To maintain full-time status, a 9th–12th grade student must choose between:

Full-Time In-Person (per semester)	Full-Time Hybrid Option (per semester)
• Maintain course progression aligned with graduation requirements • Enroll in 6-8 in-person courses • Take part in City Academy Committees • Take part in City Academy Advisory	• Maintain course progression aligned with graduation requirements • Enroll in at least six total courses ◦ At least four in-person courses ◦ No more than four online courses • Students must take Math and English in person • One in-person class must be Science or History, the other can be online. • Take part in City Academy Committees • Take part in City Academy Advisory

- Students must take part in Advisory and Committees, which are in-person and critical to the culture of the school.
- Any specific schedule requests must receive approval from administration and the school counselor.
- Students can only be enrolled in 8 total courses, in-person and online.

Online Coursework

- Students will complete their online courses through City Academy's designated online learning platform, *Edgenuity*.
- *Online courses can be dropped only during the first four days of enrollment.*

This structure ensures students receive face-to-face instruction in key academic subjects while remaining actively engaged in the school community.
