Administration of Medication Policy

HighMark Charter School
Policy: Administration of Medication Policy
Approved: March 16, 2026

Purpose

The purpose of this policy is to authorize personnel of HighMark Charter School (the “School”) to administer medication to students consistent with applicable law.

The School’s Board of Directors (the “Board”) acknowledges that medication should typically be administered by a student or the student’s parent or guardian. However, the Board recognizes that situations may arise where the health of a student may require administration of medication during the course of a school day by School personnel.

As long as authorized personnel act in a prudent and responsible manner, Utah law provides that School personnel who provide assistance in substantial compliance with a student’s licensed health care provider’s written statement are not liable civilly or criminally for any adverse reaction suffered by the student as a result of taking the medication or discontinuing the administration of medication. The Board hopes that this policy will help ensure that School personnel act in a prudent and responsible manner in order to protect the health of students and the interests of School personnel.

The Board also desires to set forth policies regarding acceptable self-administration of medication by students.

Policy

Administration of Medication by School Personnel

The School will comply with applicable state and federal laws, including but not limited to Utah Code Ann. § 53G-9-502, regarding the administration of medication to students by School personnel. Accordingly, pursuant to this policy, authorized School personnel may provide assistance in non-emergency situations in the administration of medication to students of the School during periods when the student is under the School’s control.

School personnel may also administer medication to students in emergency situations in accordance with the following:

(a) Glucagon. Glucagon is an emergency diabetic medication used to raise blood sugar. The School will comply with the requirements of Utah Code Ann. § 53G-9-504 regarding the emergency administration of glucagon to a student. Accordingly, the School may administer glucagon to a student if: (1) the School has received a glucagon authorization from the parent or guardian of a student with diabetes; (2) the student is exhibiting the symptoms that warrant the administration of glucagon; (3) School personnel who have been trained (as described in the statute) in the administration of glucagon are immediately available to administer the glucagon; and (4) a licensed health care professional is not immediately available. The School may not compel School personnel to become trained in the administration of glucagon nor may it obstruct School personnel from becoming trained in the administration of glucagon.

(b) Glucagon Kit. The School will comply with the requirements of Utah Code Ann. §§ 26B-4-401, *et seq.*, regarding the emergency administration of a glucagon kit to a student. Accordingly, the School may administer a glucagon kit to a student if: (1) the student has a diagnosis of diabetes by a health care provider; (2) the School has received a glucagon authorization from the parent or guardian of the student; (3) the student is showing symptoms of hypoglycemia (a potentially life-threatening condition resulting from abnormally low blood glucose levels); and (4) a School employee who has become a “qualified adult” as defined in the statute is immediately available to administer the glucagon kit. If the School has a School nurse and the School nurse is immediately available to administer a glucagon kit to a student under the circumstances described above, the School nurse should administer the glucagon kit. If the School does not have a School nurse or the School nurse is not immediately available, another School employee who is a qualified adult may administer the glucagon kit in accordance with the statute. The School may make a glucagon kit available to a School employee who becomes a qualified adult. The School may not prohibit or dissuade School employees from receiving training to become a qualified adult, nor may it prohibit or dissuade School employees who become a qualified adult from possessing or storing a glucagon kit on School property or administering a glucagon kit to any person in accordance with the statute.

(c) Injectable Epinephrine Rescue Medication. The School will comply with the requirements of Utah Code Ann. §§ 26B-4-401, *et seq.*, regarding the emergency administration of an injectable epinephrine rescue medication to a student. Accordingly, the School may administer an emergency injectable epinephrine rescue medication to a student if: (1) the student is exhibiting potentially life-threatening symptoms of anaphylaxis; (2) a physician or physician assistant is not immediately available; and (3) a School employee who has become a “qualified adult” as defined in the statute is immediately available to administer the injectable epinephrine rescue medication. The School will make an emergency injectable epinephrine rescue medication available to a School employee who becomes a qualified adult. The School may not prohibit or dissuade School employees from receiving training to become a qualified adult, nor may it prohibit or dissuade School employees who become qualified adults from possessing or storing an emergency injectable epinephrine rescue medication on School property or

administering an emergency injectable epinephrine rescue medication to any person in accordance with the statute.

(d) Seizure Rescue Medication. The School will comply with the requirements of Utah Code Ann. § 53G-9-505 regarding the emergency administration of seizure rescue medication to a student. Accordingly, the School may administer seizure rescue medication to a student if: (1) the School has received a seizure rescue authorization from the parent or guardian of the student; (2) the student is exhibiting a symptom, described on the student's seizure rescue authorization, that warrants the administration of a seizure rescue medication; (3) a School employee who has become a "trained school employee volunteer" as defined in the statute is immediately available to administer the seizure rescue medication; and (4) a licensed health care professional is not immediately available to administer the seizure rescue medication. The School may not compel a School employee to become a trained school employee volunteer nor may it obstruct a School employee from becoming a trained school employee volunteer.

(e) Opiate Antagonist. In accordance with Utah Code Ann. § 26B-4-509, School personnel may administer an opiate antagonist when acting in good faith to an individual whom the person believes to be experiencing an opiate-related drug overdose.

(f) Stock Albuterol. The School will comply with the requirements of Utah Code Ann. §§ 26B-4-401, *et seq.*, regarding the emergency administration of stock albuterol to a student. Accordingly, the School may administer stock albuterol to a student if: (1) the student has a diagnosis of asthma by a health care provider; (2) the student has a current asthma action plan on file with the School; (3) the student is showing symptoms of an asthma emergency as described in the student's asthma action plan; and (4) a School employee who has become a "qualified adult" as defined in the statute is immediately available to administer the stock albuterol. If the School has a School nurse and the School nurse is immediately available to administer stock albuterol to a student under the circumstances described above, the School nurse should administer the stock albuterol. If the School does not have a School nurse or the School nurse is not immediately available, another School employee who is a qualified adult may administer the stock albuterol in accordance with the statute. In addition, if a School nurse is not immediately available and a student does not have a current asthma action plan, a School employee who is a qualified adult may administer stock albuterol to the student if the School employee identifies, based on their qualified adult training, that the student is experiencing an asthma emergency. The School may make stock albuterol available to a School employee who becomes a qualified adult. The School may not prohibit or dissuade School employees from receiving training to become a qualified adult, nor may it prohibit or dissuade School employees who become qualified adults from possessing or storing stock albuterol on School property or administering stock albuterol to any person in accordance with the statute.

(g) Adrenal Crisis Rescue Medication. The School will comply with the requirements of Utah Code Ann. § 53G-9-507 regarding the emergency administration of adrenal crisis rescue medication to a student. Accordingly, the School may administer adrenal crisis rescue medication to a student if: (1) the School has received an adrenal crisis rescue authorization from the parent or guardian of the student; (2) the student exhibits a symptom, described on the student's adrenal crisis rescue authorization, that warrants the administration of an adrenal crisis rescue medication; (3) a School employee who has become a "trained school employee volunteer" as defined in the statute is available to administer the adrenal crisis rescue medication; and (4) a licensed health care professional is not immediately available to administer the adrenal crisis rescue medication. The School may not compel a School employee to become a trained school employee volunteer nor may it obstruct a School employee from becoming a trained school employee volunteer.

The Principal will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how administration of medication under this policy will take place.

The Principal will consult with the local health department and/or a registered health care professional for assistance in developing procedures and training necessary for effective implementation of this policy. The School's Principal will ensure that School personnel and parents are provided with information about this policy as needed.

Self-Administration of Medication by Students

Students may possess and self-administer prescription medication at school in compliance with applicable law. The Principal will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how this will take place.

Students are not prohibited from possessing and self-administering one day's dosage of a non-prescription medication where the student's maturity level is such that he or she can reasonably be expected to properly administer the medication on his or her own.

Observations and Medical Recommendations by School Personnel

The Principal will ensure that appropriate School personnel receive training on the provisions of Utah Code Ann. § 53G-9-203, including but not limited to training regarding medical recommendations by School employees and rules related to School employees communicating information and observations about a student's health and/or welfare.

School employees who intentionally violate Utah Code Ann. § 53G-9-203 will be subject to discipline up to and including termination.

Administrative Procedures

Administration of Medication

These procedures are established in accordance with the Administration of Medication Policy adopted by the School's Board of Directors.

Administration of Medication by School Personnel

In order to ensure safe administration of medication to students, the procedures outlined here must be followed.

- (1) The Principal will designate a reasonable number of School employees who will be responsible for administering medication to students in the School.
- (2) The Principal will arrange for the Principal and all designated School employees to receive adequate training from a licensed health care professional prior to administering any medication. Training should include indications for the medication, means of administration, dosage, adverse reactions, contraindications, and side effects.
- (3) The student's parent or guardian must complete the parent/guardian section of the Student Medication Form requesting that medication be administered to the student during regular school hours. Parents are responsible for updating the Student Medication Form as necessary.
- (4) The student's health care provider must complete the Health Care Provider section of the Student Medication Form indicating the child's name, the name of the medication, the purpose of the medication, the means of administration, the dosage, the time schedule for administration, the anticipated number of days the medication needs to be given at school, and possible side effects. The practitioner must also affirm that giving the medication during school hours is medically necessary.
- (5) A Student Medication Log must be maintained for any student who has medication administered at school, and all employees authorized to administer medication will be notified regarding each student to whom they are authorized to administer medication.
- (6) Each time medication is given, the person who gave it must document the administration in ink on the Student Medication Log. If the medication is not administered as scheduled, a notation must be made on the Student Medication Log as to why the medication was not given, and the student's parent or guardian must be notified.

- (7) The Student Medication Form and Student Medication Log will be retained in the student's records.
- (8) Teachers of the student receiving medication during school hours will be notified.
- (9) Medication (other than that carried by a student) must be delivered to the School by the student's parent or guardian or designated adult.
- (10) Medication should be delivered to the School in a container properly labeled by a pharmacy, manufacturer or health care provider. Labeling must include the student's name, the name of the prescribing practitioner, date the prescription was filled, name and phone number of the dispensing pharmacy, name of the medication, dose, frequency of administration, and the expiration date.
- (11) Medication must be stored in a secure, locked cabinet or container in a cool, dry place, except that:
 - a. medications that require refrigeration must be stored appropriately; and
 - b. insulin or emergency medications such as EpiPens, Twinject Auto- Injectors, asthma inhalers and glucagon must not be stored in a locked area so that they are available when needed.
- (12) Authorization for administration of medication by School personnel may be withdrawn by the School at any time following written or verbal notice to the student's parent or guardian, as long as this action does not conflict with federal laws such as IDEA and/or section 504 of the Rehabilitation Act. The Principal may withdraw authorization for administration of medication in cases of noncompliance or lack of cooperation by parents or students unless the student's right to receive medication at school is protected by laws such as IDEA or section 504.

Self-Administration of Medication by Students

Students may possess and self-administer prescription medication if:

- (1) The student's parent or guardian signs a statement:
 - a. Authorizing the student to self-administer the medication; and
 - b. Acknowledging that the student is responsible for, and capable of, self-administering the medication; and

(2) The student's health care provider provides a written statement:

- a. That it is medically appropriate for the student to self-administer the medication and be in possession of the medication at all times; and
- b. Containing the name of the medication prescribed for the student's use.

The School will provide an acceptable form for parents to request that their student be allowed to possess and self-administer prescription medication.

Application of Sunscreen

Students may possess and self-apply sunscreen without a parent or physician's authorization.

If a student is unable to self-apply sunscreen, a school employee may apply the sunscreen on the student if the student's parent or legal guardian has provided written consent.

Animals In School

HighMark Charter School
Policy: Animals In School
Adopted: August 20, 2018

Purpose

The purpose of this policy is to promote the safety for faculty and students when animals are brought into the school and to provide guidance about which animals pose a public health threat in a school setting.

Animals Prohibited From School

Utah law provides that dogs, cats, or other animals shall not be allowed on school property. However, (a) service animals, when they are providing service or conducting work specific to their training, and (b) animals used for instructional purposes may be allowed in school if adequately controlled. In determining what animals may be allowed in school for instructional purposes, the following guidelines are established.

Pursuant to Utah law, spiders, venomous and poisonous insects, snakes, reptiles and lizards, and other dangerous or otherwise harmful animals are prohibited from classrooms.

Guidelines for Allowing Animals in School for Instructional Purposes

Any animal that is allowed in the school or on school grounds must be clean and healthy so that the risk of their transmitting disease to students and teachers is minimal. Any instruction involving animals should also be used to re-emphasize proper hygiene and hand washing recommendations.

No animals should be allowed in food preparation areas at any time. Food handlers should not be responsible for clean-up of animal wastes, and cages and tanks should not be cleaned in food handling areas.

Animal cages or tanks should be cleaned thoroughly on a regular basis. Students should not be allowed to handle or clean up any form of animal waste (feces, urine, blood, etc.) and wastes should be disposed of in a plastic bag or container with a lid. Anyone who cleans a cage or tank should wash his or her hands immediately after completing the task.

Children with allergies or those with immune deficiencies may be especially susceptible to allergic reactions and diseases transmitted by animals; therefore, special precautions must be

taken to minimize risks to those students. Parents should be consulted about precautionary measures prior to exposing such children to animals.

Any fur-bearing animal is susceptible to rabies, which is a very serious and potentially fatal disease. Documentation is necessary. If an animal is infected, the disease can transmit it to students and staff. The risk in a school or other group setting is that a single wild animal or unvaccinated pet carrying rabies has the potential to expose a large number of children.

Wild Animals and Domestic Stray Animals—Wild animals pose a risk for transmitting rabies as well as other zoonotic diseases (disease which can be transmitted from animals to people) and, therefore, should not be allowed in school. Because of the high incidence of rabies in bats, raccoons, skunks, foxes and other wild carnivores, these animals, whether dead or alive, should not be brought to school.

Pet Dogs, Cats, Wolf-Hybrids, Ferrets and Farm Animals— These animals may pose a risk for transmitting rabies, as well as parasites, fleas, other diseases and injuries. Any pets brought to school for instructional purposes should have proof of current rabies vaccination. Animals must be secured and supervised in a manner appropriate to the size and strength of the animal. Only one such animal may be allowed on school grounds at any one time. Animals are not allowed in carpeted areas of the school.

Reptiles and Amphibians—Reptiles (iguanas, snakes, lizards and turtles) and amphibians (frogs, salamanders and toads) can spread salmonella to humans, resulting in diarrhea and fever. This disease can be life threatening in very young children, the elderly and people with weakened immune systems. These animals should not be handled by children, pregnant women or individuals with infants at home. Anyone handling a reptile or amphibian should wash his or her hands thoroughly, immediately following contact.

Bats—Bats pose a high risk for transmitting rabies. Bats are not allowed on school grounds.

Birds—Psittacosis a serious disease that infected birds can transmit to humans. Even birds that appear healthy can be carriers of this disease. Because of the risk of psittacosis, birds (especially parrots, parakeets, macaws, pigeons, doves, etc.) should not be handled by children and should never be allowed to fly free in the classroom.

Chicks and Ducks—Chicks and ducks can spread salmonella to humans. This disease can be life threatening in very young children, the elderly and people with weakened immune systems. These animals should not be handled by children, pregnant women or individuals with infants at home. Anyone handling chicks or ducks should wash their hands thoroughly, immediately following contact.

Guinea Pigs, Hamsters, Gerbils, Rabbits—Healthy guinea pigs, hamsters, gerbils and rabbits pose a limited health risk. However, even tame animals may react aggressively in strange situation; therefore, student contact with animals should always be closely supervised, and animals should not be allowed to run loose in the classroom.

Children should not be allowed to “kiss” these animals and should not be allowed to handle or clean up any form of animal waste or clean animal cages. Anyone handling such animals should wash their hands thoroughly immediately following contact.

Fish—Fish pose very limited health risk and may be allowed in the classroom. Disposable gloves should be worn when cleaning aquariums, and tank water should not be disposed of in sinks that are used for food preparation or drinking water.

Arrest Reporting Policy

HighMark Charter School
Policy: Arrest Reporting Policy
Adopted: November 16, 2015

Policy

Assessment of Student Achievement Policy

HighMark Charter School

Policy: Assessment of Student Achievement Policy

Approved: May 27, 2023

Purpose

HighMark Charter School (the “School”) is required to measure student achievement, including by way of administering statewide assessments. When administered properly, statewide assessments give students an opportunity to demonstrate what they know and can do. In addition, the results of statewide assessments provide the School not only important data about their students’ proficiency, but also valuable information that can be used to guide and improve instruction in the School.

The purpose of this policy is to help ensure that the School conducts statewide assessments in a fair and ethical manner and in compliance with applicable law and Utah State Board of Education (“USBE”) rule. The School intends for this policy to comply with the requirements of Utah Administrative Code Rule R277-404.

Policy

Statewide Assessment Plan

The School shall develop a plan to administer statewide assessments. The plan shall include at least the following:

- (a) The dates the School will administer statewide assessments;
- (b) Professional development for an educator to fully implement the assessment system;
- (c) Training for an educator, appropriate paraprofessional, or third-party proctor in the requirements of assessment administration ethics; and
- (d) Training for an educator and an appropriate paraprofessional to use statewide assessment results effectively to inform instruction.

The School shall submit the plan to the USBE by September 15 each year.

At least once each year the School shall provide professional development and training on statewide assessment administration as required by R277-404. The School shall use the Standard Test Administration Testing Ethics Policy for such professional development and training.

Attendance Policy

HighMark Charter School

Policy: Attendance Policy

Approved: 08.05.2024

HighMark Charter School (the “School”) is committed to providing a quality education for every student. The School firmly believes that consistent attendance teaches students responsibility. Students learn the value of being punctual and prepared. Frequent absences and tardiness result in a loss of continuity of instruction. Also, frequent absences and tardiness prove disruptive for students, teachers, and staff. Excessive unexcused absences may lead to a student’s permanent dismissal from the School.

Parents are expected to take a proactive role in ensuring their children attend school. We recommend families plan their vacation schedule around the existing School calendar. When possible, medical and dental appointments should take place outside of school hours and parents should notify the School in advance of any absence. Parents and students are responsible for obtaining homework or assignments for the time period which the student is absent.

The School intends for this policy to be consistent with the provisions of Utah’s compulsory education laws, Utah Code §§ 53G-6-201 through 53G-6-211, as well as Utah Administrative Code Rule R277-607.

The Principal will establish attendance procedures consistent with this policy and applicable law and will ensure that the policy and procedures are distributed to parents.

Review

The School’s Board of Directors shall review this policy regularly.

Administrative Procedures: Attendance Procedures

These procedures are established in accordance with the Attendance Policy established by the School's Board of Directors.

Definitions

"Absence" or **"absent"** means the failure of a school-age child assigned to a class or class period to attend a class or class period. "Absence" or "absent" does not mean multiple tardies used to calculate an absence for the sake of a truancy.

"Chronic absenteeism" or **"chronically absent"** means a student misses 10% or more of days enrolled, for any reason, and makes a school aware that a beginning of tiered supports may be needed.

"Valid excuse" or **"excused absence"** means an absence resulting from:

- a) an illness, which may be either mental or physical, regardless of whether the school-age child or parent provides documentation from a medical professional;
- b) mental or behavioral health of the school-age child;
- c) a death of a family member or close friend;
- d) a scheduled family event or a scheduled proactive visit to a health care provider in accordance with Section 53G-6-803(5);
- e) a family emergency;
- f) an approved School activity;
- g) a preapproved extended absence for a family activity or travel, consistent with School policy; or
- h) an absence permitted by an individualized education program or Section 504 accommodation plan.

The Principal has the discretion to consider other absences as "valid excuses."

"Valid excuse" or "excused absence" does not mean a parent acknowledgement of an absence for a reason other than those described above.

"Habitual truant" means a school-age child who:

- (1) is in grade 7 or above and at least 12 years old;
- (2) is subject to the requirements of Section 53G-6-202; and

(3)(a) is truant at least 20 days during one school year; or (b) fails to cooperate with efforts on the part of School authorities to resolve the school-age child's attendance problem as required under Section 53G-6-206.

“School-age child” means a minor who is at least six years old but younger than 18 years old and who is not emancipated.

“School day” means the portion of a day that school is in session in which a school-age child is required to be in school for purposes of receiving instruction.

"Truant" means a condition by which a school-age child, without a valid excuse, is absent for at least half of the school day. A school-age child may not be considered truant under this policy more than one time during one day.

Attendance Requirements: Students are expected to have no more than five (5) unexcused absences per year.

Excused Absences: An oral or written communication documenting a valid excuse must be received from the student's parents/guardian within one (1) business day of the absence in order for the absence to be excused. In the event of multiple consecutive absences, written communication must be received within one (1) business day of the student's return to school.

In the event of an unforeseeable illness or emergency, the School should be notified as soon as reasonably possible.

Excused absences may become unexcused if the Principal determines that absences have reached an excessive level and are adversely impacting the student's education.

Preapproved Extended Absence: A parent/guardian may request approval from the Principal prior to a student's extended absence of up to ten (10) days per school year. The Principal will approve the absence if the Principal determines that the extended absence will not adversely impact the student's education.

Medical Documentation: The School may not require documentation from a medical professional to substantiate a valid excuse that is a mental or physical illness.

Make-up Work: Make-up work is permitted for students who have excused absences. The teacher will provide the student or the parent/guardian with any make-up work upon

request. Make-up work must be completed within a reasonable timeframe as determined by the teacher.

Tardiness: A student is tardy if he or she is not in the assigned classroom when the late bell rings. In general, tardiness will be handled on an individual basis with the teacher. If a student is chronically tardy, then the student may be referred to the administration.

Notification of Absences and Tardies: In the event a student is absent, parents/guardians will be notified by phone on the day of the absence. Parents and students are responsible for tracking the total number of absences and tardies. Parents may be notified when their student reaches the 4th unexcused absence of the year or if their student is excessively tardy. If a student reaches five (5) or more unexcused absences, the Principal will attempt to schedule a meeting with the parents to review the situation and will outline the appropriate corrective action.

Notice of Compulsory Education Violation (For Students in Grades 1-6)

The School may issue a "notice of compulsory education violation" to a parent/guardian of a school-age child who is in grades 1 through 6 if the student is truant at least five (5) times during the school year.

This notice shall:

1. Direct the parent/guardian to meet with School authorities to discuss the student's attendance problem and cooperate with the Principal and Board to secure regular attendance by the student;
2. Designate the School authorities with whom the parent is required to meet;
3. State that it is a class B misdemeanor for the student's parent or guardian to intentionally or without good cause fail to meet with the designated School authorities to discuss the student's attendance problems, or fail to prevent the student from being truant an additional five (5) or more times during the remainder of the school year; and
4. Be served on the parent/guardian by personal service or certified mail.

If School personnel have reason to believe that, after a notice of compulsory education violation is issued, the parent or guardian has failed to make a good faith effort to ensure that the school-age child receives an appropriate education, the issuer of the compulsory education violation shall report to the Division of Child and Family Services the information required by Utah Code § 53G-6-202(8) (also in accordance with the School's Child Abuse and Neglect Reporting Policy).

Chronic Absenteeism Prevention and Intervention Program

The School's Chronic Absenteeism Prevention and Intervention Program is established to encourage good attendance, improve academic outcomes, and reduce negative behaviors. Through this program, the School hopes to create a trusting relationship between teachers, students, and parents. The School's efforts to prevent chronic absenteeism include, but are not limited to:

- Serving lunch from popular restaurants/food vendors at the School each school day.
- Providing classroom and/or schoolwide rewards and/or incentives to students for good attendance.
- Notifying parents/guardians by phone each time a student is absent, and making such notification on the day of the absence.
- Contacting parents/guardians of students who reach four (4) and/or five (5) unexcused absences to try to resolve the students' attendance problems.
- Providing parents/guardians with notices of compulsory education violations or notices of truancy, as appropriate and as outlined herein.
- Making habitual truancy referrals, as appropriate and as outlined herein.
- Providing parents/guardians the School's attendance policies and procedures each year at the time of registration.

The School will seek to help students struggling with absenteeism (including chronically absent students) through implementing research or evidence-based absenteeism and dropout prevention interventions. Those efforts will include documented earnest and persistent efforts to resolve a student's attendance problems through the following interventions:

- When a student's attendance is negatively affecting the student's learning, the classroom teacher will notify the student and/or the student's parent/guardian of the concern. The teacher will set up a conference with the student and/or the student's parent/guardian to identify and resolve any problems that prevent the student from attending school. The student's progress will be monitored.
- If meeting with the student and parent/guardian does not adequately address the problems and the student's learning continues to suffer, then the School counselor or Principal will work with the teacher and parent/guardian in finding a solution to the problems that are preventing the student from attending to his/her learning. Efforts to resolve the problems may include, but are not limited to, the following: making adjustments to the curriculum or the schedule; counseling of the student by School authorities; mentoring the student; providing the student with increased academic support; teaching the student executive function skills such as planning, goal setting, understanding and following multi-step directions, and self-regulation; considering alternatives proposed by the parent/guardian; or providing the parent/guardian with a list of community resources to help the family.
- The Principal may consult with a parent/guardian to determine if mitigating circumstances such as medical or psychological problems indicate the use of intervention methods for resolving the attendance problems.
- In the event that the preceding interventions fail, the Principal will contact the parent/guardian and request a formal meeting to discuss and resolve the attendance problems. A copy of of the communication (letter, email, etc.) will be kept by the School.
- The Principal will notify the student and a parent/guardian of the actions the School may take should the student be truant in the future.

Notice of Truancy (For Students in Grade 7 or Above)

Consistent with Section 53G-6-203, the School may issue a notice of truancy to a school-age child who is in grade 7 or above, at least 12 years old, and is truant at least five (5) times during the school year. A notice of truancy will only be issued after the School has made earnest and persistent efforts to resolve student attendance problems, which efforts may include those set forth above.

A notice of truancy will:

1. Direct the school-age child who receives the notice of truancy, and the parent/guardian of the school-age child, to meet with School authorities to discuss the student's attendance problem and cooperate with the Principal and Board to secure regular attendance by the student;
2. Designate the School authorities with whom the school-age child and parent/guardian is required to meet.

A notice of truancy will be served on the parent/guardian by personal service or regular mail. The parent/guardian will have the right to appeal a notice of truancy in writing to the Principal within ten (10) days of being issued.

Referrals for Habitual Truancy (For Students in Grade 7 or Above)

In accordance with Utah Code § 53G-8-211, the School shall refer a student who is a habitual truant to an evidence-based alternative intervention described in Utah Code § 53G-8-211(3), including:

- a mobile crisis outreach team;
- a youth services center, as defined in Section 80-6-901;
- a certified youth court, as defined in Section 80-6-901, or comparable restorative justice program;
- an evidence-based intervention created and developed by the School or other governmental entities as set forth in Section 53G-8-211(a); or
- truancy mediation.

If the student who is a habitual truant refuses to participate in an evidence-based alternative intervention described above, the School shall refer the student for prevention and early intervention youth services, as described in Section 80-5-201, by the Division of Juvenile Justice and Youth Services.

The School may only refer a student who is a habitual truant to a law enforcement officer or agency or a court if:

- The student was previously alleged of being a habitual truant at least twice during the same school year; and
- The student was referred to an evidence-based alternative intervention, or for prevention and early intervention youth services, as described above for at least two of the previous habitual trancies.

If the School refers a student who is a habitual truant to a law enforcement officer or agency or a court, the School shall appoint a School representative to continue to engage with the student and the student's family through the court process. The School shall include the following in its referral to a law enforcement officer or agency or a court:

- Attendance records for the student;
- A report of evidence-based alternative interventions used by the School before the referral, including outcomes;
- The name and contact information of the School representative assigned to actively participate in the court process with the student and the student's family;

- If the student was referred to prevention or early intervention youth services, a report from the Division of Juvenile Justice and Youth Services that demonstrates the student's failure to complete or participate in prevention and early intervention youth services; and
- Any other information that the School considers relevant.

Appeals Process

Parents/guardians who believe that all or part of their student's absences and/or tardies should be considered excused, or if they want to contest a notice of truancy, notice of compulsory education, habitual truancy referral, or any disciplinary action taken against their student pursuant to the School's Attendance Policy or these procedures, shall follow the School's Parent Grievance Policy.

Students with Qualified Disabilities

If students with disabilities under the Individuals with Disabilities Education Act, or students protected under either Section 504 of the Rehabilitation Act or the Americans with Disabilities Act, have excessive absences, including but not limited to absences for mental or behavioral health reasons, and fall within the criteria of these procedures, the School will ensure that these procedures are applied in a manner consistent with all applicable state and federal laws and regulations. Excused absences for known mental or behavioral health reasons do not absolve the School of FAPE responsibilities.

Annual Report

The School shall annually report the following data separately to the State Board of Education:

1. absences with a valid excuse; and
2. absences without a valid excuse.

employees upon the termination their employment with the School and for Board Members upon their resignation from the Board or upon the expiration of their Board member term without renewal, unless good cause exists to maintain ongoing monitoring for such individuals (such as if they request and are approved to continue on at the School in the capacity of a volunteer).

With respect to non-Board Member volunteers, the School shall maintain a list of volunteers who are registered for ongoing monitoring, periodically consult with relevant School personnel to determine whether such individuals are still volunteering for the School, and ensure that ongoing monitoring for such individuals is terminated when appropriate. - (a) the revenues and expenditures of the preceding fiscal year;
- (b) the estimated revenues and expenditures of the current fiscal year;

The School acknowledges that if MOE requirements are not satisfied, then the USBE may penalize the School by reducing the School's federal funding by a proportional amount the following year.

Building Rental Policy

HighMark Charter School
Policy: Building Rental Policy
Amended: 10.04.2021

PURPOSE

The purpose of this policy is to establish procedures for the use of HighMark Charter School's (the "School") building and facilities by outside individuals and groups.

POLICY

In accordance with state law, the School's facilities are available for use as a "civic center" when such use does not interfere with a School function or purpose, does not violate any applicable law or regulation, and does not otherwise impose an unreasonable burden on the School or expose the School or participants to unreasonable risk.

Any permission to use School facilities is granted pursuant to Utah Code § 53G-7-209 and -210 and is considered a permit for governmental immunity purposes under Utah Code § 63G-7-201(4)(c). The School therefore has full governmental immunity under the Governmental Immunity Act of Utah for claims arising in connection with such use of the facilities.

South Weber Water Improvement District may use the facilities at no cost for the purpose of occasional large meetings when the facility is not being used for school-related activities.

PROCEDURES

Fees for the use of facilities shall be charged as outlined in this Policy and will be collected prior to use.

A Building Use Agreement must be signed by the user prior to the date of use.

Usage time shall initially be computed from the time of requested opening to anticipated closing of the doors. Closing time shall be the time when all persons associated with the use have left the building, and the fee will be adjusted for additional time used. Persons lingering in the building are the user's responsibility.

Equipment, keys, and property shall not be loaned or removed from the building.

Facilities such as computer lab, media center, or kitchen shall not be used unless approved by the Principal and school personnel are present during the entire time of the function.

Buildings may not be used without adequate School supervision as determined by the Principal. The assigned supervisor is responsible for oversight of the facilities while in use.

In addition to the building supervision provided by the School, all use groups must provide supervision to maintain order and prevent damage to or loss of School property.

Any individual or entity using the facilities for commercial purposes must provide, before the use, a Certificate of Insurance evidencing public liability coverage of one million dollars (\$1,000,000) per occurrence and naming the School as an additional insured.

The user must comply with any applicable standards of safety and behavior of the School and Utah law. Violation of any of these standards is grounds for termination of the use agreement and the immediate removal of individuals associated with the use. Violation may result in the forfeiting of all deposits, and additional charges may be assessed.

Additional fees may be charged for use of School equipment (spot lights, DVD players and televisions, microphones, etc.) and supplies.

The Principal may establish conditions of use intended to protect the facilities from damage or unreasonable wear and tear.

Users shall pay for any damage to the facilities or School equipment caused by their use.

FEES

Except where the Principal has discretion under this Policy, users will be charged fees as set forth in the Fee Schedule below, which is subject to periodic review and revision.

The school's Parent Organization and individual classes may use the facilities free of charge for qualifying school-related activities. Such use must be approved by and coordinated with the School's Principal. These activities must be approved by the Principal before notice of the event is distributed.

Charitable and non-profit rates apply to non-profit organizations such as service clubs, Boy Scouts, Girl Scouts, United Way, cities and counties. The Principal may grant free use of the facilities to non-profit organizations at the Principal's discretion when the use will not create additional expense for the School.

Security Deposit

At the discretion of the Principal, the user may be charged a refundable security deposit of up to \$500. The Principal shall determine the amount of the security deposit based on the size of the group, the location of the activity, and the type of activity involved. Security deposits shall be paid by the user in a separate check and deposited by the School.

Following the use period, the Principal or designee shall inspect the facility for damage or mess requiring extra cleanup time. Any such extra charges will be deducted from the security deposit, and the remaining security deposit shall be refunded to the user. Should there be no extra charges assessed, the full amount of the security deposit shall be refunded.

Personnel

At least one School staff member must be present during any use of the facilities. The Principal will set the fee based on the number and type of personnel required for a particular activity. General supervision of the facility may be assigned to a custodian, teacher, administrator or other qualified staff member.

Users must pay for any additional custodial services that are required.

At least one staff member is required for use of the kitchen.

Bullying and Hazing Policy

HighMark Charter School

Policy: Bullying and Hazing Policy

Amended: October 20, 2025

Purpose

The purpose of this policy is to prohibit bullying, cyber-bullying, hazing, retaliation, and abusive conduct involving HighMark Charter School (the “School”) students and employees. The School’s Board of Directors (the “Board”) has determined that a safe, civil environment in School is necessary for students to learn and achieve high academic standards and that conduct constituting bullying, cyber-bullying, hazing, retaliation, and abusive conduct disrupts both a student’s ability to learn and the School’s ability to educate its students in a safe environment.

Policy

Prohibited Conduct

Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and employees are against federal, state, and local policy and are not tolerated by the School. The School is committed to providing all students with a safe and civil environment in which all members of the School community are treated with dignity and respect. To that end, the School has in place policies, procedures, and practices that are designed to reduce and eliminate this conduct – including, but not limited to, civil rights violations – as well as processes and procedures to deal with such incidents. Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and/or employees by students and/or employees will not be tolerated in the School. Likewise, abusive conduct by students or parents or guardians against School employees is prohibited by the School and will not be tolerated in the School.

In order to promote a safe, civil learning environment, the School prohibits all forms of bullying of students and School employees (a) on School property, (b) at a School-related or sponsored event, or (c) while the student or School employee is traveling to or from School property or a School-related or sponsored event.

The School prohibits all forms of bullying, cyber-bullying, hazing, abusive conduct of or retaliation against students and School employees at any time and any location.

Students and School employees are prohibited from retaliating against any student, School employee or an investigator for, or witness of, an alleged incident of bullying, cyber-bullying, hazing, abusive conduct, or retaliation.

Students and School employees are prohibited from making false allegations of bullying, cyber-bullying, hazing, abusive conduct, or retaliation against a student or School employees.

Reporting Prohibited Conduct

Students who have been subjected to or witnessed bullying, cyber-bullying, hazing, or retaliation, and students who have witnessed abusive conduct, must promptly report such prohibited conduct to any School personnel orally or in writing. School personnel who receive reports of such prohibited conduct must report them to the Principal.

School employees who have been subjected to or witnessed hazing, bullying, cyber-bullying, abusive conduct, or retaliation must report such prohibited conduct to the School's Principal orally or in writing.

Each report of prohibited conduct shall include:

- (1) the name of complaining party;
- (2) the name of person subjected to the prohibited conduct (if different than complaining party);
- (3) the name of perpetrator (if known);
- (4) the date and location of the prohibited conduct; and
- (5) a statement describing the prohibited conduct, including names of witnesses (if known).

In connection with a report of prohibited conduct, students and School employees may request that their identity be kept anonymous, and reasonable steps shall be taken by the Principal and others involved in the reporting and investigation to maintain the anonymity of such individuals, if possible. School employees must take strong responsive action to prevent retaliation, including assisting students who are subjected to prohibited conduct and his or her parents or guardians in reporting subsequent problems and new instances of prohibited conduct.

The Principal or his/her designee shall promptly make a reasonably thorough investigation of all complaints of prohibited conduct, including, to the extent possible, anonymous reports, and shall, in accordance with the Consequences of Prohibited Behavior section below, administer appropriate discipline to all individuals who violate this policy. Formal disciplinary action is prohibited based solely on an anonymous report.

The Principal may report to OCR all incidents of bullying, hazing, cyber-bullying, abusive conduct, or retaliation that he/she reasonably determines may be violations of a student's or employee's civil rights.

It is the School's policy, in compliance with state and federal law, that students have a limited expectation of privacy on the School's computer equipment and network system, and routine monitoring or maintenance may lead to discovery that a user has violated School policy or law. Also, individual targeted searches will be conducted if there is reasonable suspicion that a user has violated policy or law. Personal electronic devices of any student suspected of violation of this policy will be confiscated for investigation and may be turned over to law enforcement.

Investigation of Alleged Incidents

The School will investigate all allegations of bullying, cyber-bullying, hazing, retaliation, and abusive conduct in accordance with this policy and applicable law. The Principal or his/her designee will investigate such allegations, and the School shall ensure that the investigator is provided adequate training to conduct such an investigation. The Principal or his/her designee will be the point person with training and expertise to assist, direct, and supervise training of other employees in the responsibilities set forth in this paragraph.

The School will investigate these alleged incidents by interviewing:

- (1) the individual who was allegedly targeted;
- (2) the individual who is alleged to have engaged in the prohibited conduct;
- (3) the parents or guardians of the students who were allegedly targeted and the individual who is alleged to have engaged in prohibited conduct;
- (4) any witnesses;
- (5) School staff familiar with the student who was allegedly targeted;
- (6) School staff familiar with the individual who is alleged to have engaged in prohibited conduct; or
- (7) Other individuals who may provide additional information.

The individual who investigates an alleged incident will inform an individual being interviewed that (1) to the extent allowed by law, the individual is required to keep all details of the interview confidential; and (2) further reports of bullying will become part of the review. However, the confidentiality requirement described in this paragraph does not apply to conversations with law enforcement, requests for information pursuant to a warrant or subpoena, a state or federal reporting requirement, or other reporting required by R277-613.

In conducting this investigation, the School may (1) review disciplinary reports of involved students; and (2) review physical evidence, including video or audio, notes, email, text messages, social media, or graffiti.

The School will report alleged incidents of bullying, cyber-bullying, hazing, retaliation, and abusive conduct to law enforcement when the Principal reasonably determines that the alleged incident may have violated criminal law.

The School shall follow up with the parents or guardians of all parties to:

- (1) inform parents or guardians when an investigation is concluded;
- (2) inform parents or guardians what safety measures will be in place for their child, as determined by the investigation;
- (3) provide additional information about the investigation or the resolution consistent with the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (“FERPA”); and
- (4) inform parents or guardians of the School’s Parent Grievance Policy if the parents or guardians disagree with the resolution of the investigation.

If the investigation results in a verification of an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct, the School shall create and implement an action plan for each such incident in accordance with Utah Code § 53G-9-605.5 and R277-613.

In addition, following verification of an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct, the Principal may, if he/she determines it is appropriate:

- (1) use accountability practices in accordance with policies established by the School; and
- (2) provide supportive services designed to preserve the student’s access to educational opportunities and a sense of safety.

However, a student to whom an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct is directed is not required to participate in a restorative justice practice with an individual who is alleged to have engaged in prohibited conduct. If the School would like any student to participate in a restorative justice practice, the School will notify the student's parent or guardian of the restorative justice practice and obtain consent from the student's parent or guardian before including the student in the process.

Parental Notification

The Principal or his/her designee will timely notify a student's parent or guardian if:

- (1) the student threatens suicide; or

- (2) the student is involved in an incident (including if the student is subjected to the incident or is the person who caused the incident) and of the action plan to address the incident.

The Principal or his/her designee will attempt to contact the parent or guardian by telephone to provide this notification and to discuss the matter. If the parent or guardian is not available by telephone, the Principal or his/her designee will provide the parent or guardian the required notification by email.

The Principal or his/her designee will produce and maintain a record that:

- (1) verifies that the School notified each parent or guardian as required above. If an in-person meeting takes place, the Principal or his/her designee may ask the parent or guardian to sign the record acknowledging that the notification was provided. If a telephone conversation takes place, the Principal or his/her designee may document on the record such details as the date and time of the telephone call, who was spoken to, and brief notes regarding the notification that was provided and the content of the conversation. If an email is sent, the Principal or his/her designee will retain a copy of the email; and

- (2) tracks implementation of the action plan addressing the incident, if applicable.

The School will retain the record for at least as long as the student is enrolled at the School and will provide or expunge the record in accordance with Utah Code § 53G-9-604. The School will maintain the confidentiality of the record in accordance with the state and federal student data privacy laws referenced in Utah Code § 53G-9-604.

In addition to notifying the parent or guardian as set forth above, the Principal or his/her designee will provide the parent or guardian with the following:

- (1) suicide prevention materials and information as recommended by the Utah State Board of Education in accordance with Utah Code § 53G-9-604(2)(b);
- (2) information on ways to limit a student's access to fatal means, including firearms or medication; and
- (3) information and resources on the healthy use of social media and online practices as provided in R277-613.

Action Plan to Address Incidents

Following verification of an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct, the School shall develop and implement an action plan. The action plan shall include:

- (1) with respect to the targeted student and in direct coordination with the student's parent or guardian:
 - (a) a tailored response to the incident that addresses the student's needs;
 - (b) a mechanism to consider consequences or accommodations the student may need regarding decreased exposure or interactions with the student who caused the incident;
 - (c) notification of the consequences and plan to address the behavior of the student who caused the incident, to the extent allowed by FERPA;
 - (d) support measures designed to preserve the student's access to educational services and opportunities; and
 - (e) to the extent available, access to other resources the parent requests for the student; and

- (2) with respect to the student who caused the incident and in direct coordination with the student's parent or guardian:
 - (a) a range of tailored and appropriate consequences, making reasonable effort to preserve the student's access to educational services and activities;
 - (b) a process to determine and provide any needed resources related to the underlying cause of the incident;
 - (c) supportive measures designed to preserve the student's access to educational services and opportunities while protecting the safety and well-being of other students; and
 - (d) a process to remove the student from School in an emergency situation, including a description of what constitutes an emergency.

The School may not include in an action plan a requirement that the student to whom the incident was directed change the student's:

- (1) educational schedule or placement; or
- (2) participation in a School sponsored sport, club, or activity.

The School shall try to involve the parent or guardian of a student who was involved in an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct in the development and implementation of an action plan. However, if, after the School attempts to involve a parent or guardian in the development and implementation of an action plan, the parent or guardian chooses to not participate in the process, the School may develop and implement an action plan without the parent or guardian's involvement.

The School shall communicate with the parent or guardian of each student involved in an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct about the implementation of the action plan. Specifically, the School shall provide regular updates on the implementation of the action plan to each such parent or guardian. The updates shall include:

- (1) the outcome of the School's investigation (if not already provided at the conclusion of the investigation);
- (2) a discussion of safety considerations for the student who is the subject of the incident; and
- (3) an explanation of the School's process for addressing the incident.

The Principal or his/her designee shall oversee the implementation of the action plan, monitor the implementation of the communication plan/requirements within the action plan, and assist the School with case-specific needs when the School is addressing an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct.

Consequences of Prohibited Behavior

If, after an investigation, a student is found to be in violation of this policy by participating in or encouraging conduct prohibited by this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion, pursuant to Utah Code § 53G-8-205 and School policy, removal from participation in School activities, and/or discipline in accordance with regulations of the U.S. Department of Education Office for Civil Rights (OCR).

If, after an investigation, a School employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination, reassignment or other appropriate action.

School officials have the authority to discipline students for off-campus or online speech that causes or threatens a substantial disruption to School operations, including violent altercations or a significant interference with a student's educational performance and involvement in School activities.

Grievance Process for School Employees

As explained above, a School employee who has experienced abusive conduct must report the abusive conduct to the School Principal orally or in writing. If the School employee is not satisfied with the Principal or designee's investigation of the abusive conduct and/or the resulting disciplinary action (or recommended disciplinary action) against the perpetrator, the School employee may address/raise the issue in accordance with the School's Staff Grievance Policy.

Grievance Process for Parents and Guardians

A parent or guardian of a student who caused an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct may appeal one or more of the consequences included in an action plan in accordance with the School's Parent Grievance Policy.

Additional Provisions

The Principal will ensure compliance with OCR regulations when civil rights violations are reported, as follows:

- (1) Once the School knows or reasonably should know of possible student-on-student bullying, cyber-bullying, or hazing, the School must take immediate and appropriate action to investigate.

- (2) If it is determined that the bullying, cyber-bullying, or hazing of a student did occur as a result of the student's membership in a protected class, the School shall take prompt and effective steps reasonably calculated to:
 - (a) end the bullying, cyber-bullying, or hazing;
 - (b) eliminate any hostile environment; and
 - (c) prevent its recurrence.

- (3) These duties are the School's responsibilities even if the misconduct is also covered by a separate anti-bullying policy and regardless of whether the student makes a complaint, asks the School to take action, or identifies the bullying, cyber-bullying, or hazing as a form of discrimination.

The Principal will take reasonable steps to ensure that any person subjected to prohibited conduct will be protected from further hazing, bullying, cyber-bullying, abusive conduct, and retaliation and that any student or School employee who reports such prohibited conduct will be protected from retaliation.

If the Principal believes that any person who was subjected to or who caused conduct prohibited by this policy would benefit from counseling, the Principal may refer such individuals for counseling.

If the Principal believes that it would be in the best interests of the individuals involved, the Principal may involve the parents or guardians of a student who was subjected to or a student who caused hazing, bullying, cyber-bullying, or retaliation in the process of responding to and resolving conduct prohibited by this policy.

Incidents of bullying, cyber-bullying, hazing, and retaliation will be reported in the School's student information system as required.

Student Assessment

The Principal or his/her designee will assess the prevalence of bullying, cyber-bullying, hazing, and retaliation in the School, specifically locations where students are unsafe and additional adult supervision may be required, such as playgrounds, hallways, and lunch areas.

Training

The Principal will ensure that School students, employees, coaches, and volunteers receive training on bullying, cyber-bullying, hazing, retaliation, and abusive conduct from individuals qualified to provide such training. The training shall meet the standards established by the Utah State Board of Education's rules and include information on:

- (1) bullying, cyber-bullying, hazing, retaliation, and abusive conduct;

- (5) the right of free speech and how it differs for students, employees, and parents or guardians; and
- (6) safe digital citizenship.

The training will also complement the suicide prevention program required for students under R277-620 and the suicide prevention training required for licensed educators consistent with Section 53G-9-704(1), and also include information on when issues relating to R277-613 may lead to student or employee discipline.

The training shall be offered to:

- (1) new school employees, coaches, and volunteers within the first year of employment or service;

(2) all School employees, coaches, and volunteers at least once every three years after the initial training; and

(3) all students (regardless of whether they are involved in athletics or extracurricular activities or clubs) at a frequency determined by the Principal.

In addition to the training requirements described above, any student, employee, or volunteer coach participating in a School sponsored athletic program, both curricular and extracurricular, or extracurricular club or activity, shall, prior to participating in the athletic program or activity, participate in bullying, cyber-bullying, hazing, retaliation, and abusive conduct prevention training. This training shall be offered to new participants on an annual basis and to all participants at least once every three years. The School will inform student athletes and extracurricular club members of prohibited activities under R277-613 and potential consequences for violation of the law and the rule.

The School will maintain training participant lists or signatures and provide them to the Utah State Board of Education upon request.

Liaison to Utah State Board of Education

The Principal or his/her designee shall act as the School's liaison to the Utah State Board of Education regarding bullying, cyber-bullying, hazing, abusive conduct, and retaliation.

Distribution of Policy and Signed Acknowledgement

The School will inform students, parents or guardians, School employees, and volunteers that hazing, bullying, cyber-bullying, abusive conduct, and retaliation are prohibited by distributing a copy of this policy to such individuals annually. A copy of this policy will also be posted on the School's website and included in any student conduct or employee handbooks issued by the School.

On an annual basis, School employees, students who are at least eight years old, and parents or guardians of students shall sign a statement indicating that they have received this policy.

Section 6: Vacancies. Adopted: October 16, 2017

HighMark Charter School (the “School”) adopts this policy to ensure that the School utilizes sound internal controls and properly handles cash received by School personnel.

The Director will designate at least two (2) School employees who are authorized to handle cash paid to the School, and only those employees may handle cash for the School. The Director will ensure that all employees who are authorized to handle cash receive appropriate annual training.

All cash received by the School must be properly documented.

The Director may establish additional procedures associated with the handling of cash that are not inconsistent with this policy or applicable laws and regulations.

Child Abuse and Neglect Reporting Policy

HighMark Charter School
Policy: Child Abuse and Neglect Reporting Policy
Amended: 08.15.2025

Purpose

HighMark Charter School (the “School”) takes seriously the legal responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Policy

School personnel shall report suspected child abuse and neglect in accordance with Utah Code § 80-2-602, § 53E-6-701, and Utah Administrative Code Rule R277-401. The law provides serious penalties for failure to fulfill one’s duty to report.

Whenever any School employee, contracted or temporary employee, or volunteer has reason to believe that a child is, or has been, the subject of abuse or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, he/she shall immediately report the suspected abuse or neglect to the nearest peace officer, law enforcement agency, or the Division of Child and Family Services.

In addition, whenever any School employee, contracted or temporary employee, or volunteer has reasonable cause to believe that a student may have been physically or sexually abused by a School employee or volunteer, he/she shall immediately report that belief and all other relevant information to the Principal. The Principal, after having received such a report or otherwise having his/her own reasonable cause to believe that a student may have been physically or sexually abused by a School employee or volunteer, shall immediately report that information to the Utah State Board of Education.

All reports made regarding child abuse or neglect shall be documented in writing.

The Principal shall establish administrative procedures that comply with the provisions of Utah Code § 53E-6-701, Utah Code §80-2-602 et seq., and Utah Administrative Code Rule R277-401 and will help the School’s personnel to understand and fulfill their legal responsibilities concerning child abuse and neglect.

Administrative Procedures

Child Abuse and Neglect Reporting Procedures

These procedures are established pursuant to the Child Abuse and Neglect Reporting Policy adopted by the Board of Directors.

1. If a School employee or volunteer *has reason to believe* that a child is, or has been, the subject of abuse or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, the person shall immediately make an oral report to the nearest peace officer, law enforcement agency or Division of Child and Family Service (“DCFS”). The person shall also make a report to the School’s Principal, but the requirement to notify the Principal does not satisfy the person’s personal duty to report to law enforcement or DCFS.
 - a. The oral report to law enforcement or DCFS may be made with the Principal present, but must be made by the person making the report.
 - b. The reporting person must record the name of the individual and the agency contacted to make the required report.
 - c. The reporting person must complete and provide the Child Abuse and Neglect Reporting Form to the Principal within twenty-four (24) hours. The Principal will keep the form in a separate file, and it shall not be placed in the student’s permanent file. The form should also be sent to the agency to which the oral report was given.
 - d. The School will preserve the anonymity of the person making the report and any others involved in any investigation.

2. To determine whether or not there is *reason to believe* that abuse or neglect has occurred, school employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.
 - a. Investigations by staff prior to submitting a report shall not go beyond what is minimally necessary to support a reasonable belief that a reportable problem exists.
 - b. It is not the responsibility of the Principal or any other school employees to prove who the abuser is or that the child has been abused or neglected, or to determine whether the child is in need of protection.
 - c. School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.
 - d. School employees shall not conduct interviews with the child or contact the suspected abuser.

- e. Notes of voluntary or spontaneous statements by the child shall be given to the investigational agency.
3. Investigations of reports of abuse for children seventeen (17) years of age and younger are the responsibility of DCFS.
 - a. School employees shall not contact the child's parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.
 - b. School personnel shall cooperate with DCFS and share all information with DCFS that is relevant to DCFS's investigation of an allegation of abuse or neglect. Additionally, School employees shall cooperate with DCFS and law enforcement employees authorized to investigate reports of alleged child abuse and neglect, including:
 - i. allowing appropriate access to students;
 - ii. allowing authorized agency employees to interview children consistent with DCFS and local law enforcement protocols;
 - iii. making no contact with the parents or legal guardians of children being questioned by DCFS or law enforcement authorities; and
 - iv. maintaining appropriate confidentiality.
 - c. If school officials are contacted by parents about child abuse reports, school personnel shall not confirm or deny that a contact or investigation is taking place. A school employee should refer the caller to law enforcement or DCFS.
 4. If the suspected perpetrator of child abuse or neglect is a School employee or volunteer, that report shall be made immediately to the Principal. The Principal shall then immediately report the allegation to the Utah State Board of Education. Steps shall be taken to ensure that further abuse or neglect is prevented by the suspected perpetrator.
 5. Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune from any civil or criminal liability that otherwise might arise from those actions, as provided by law.
 6. The Principal shall annually (a) provide each School employee with the Schools' Child Abuse and Neglect Reporting Policy and Procedures, including a copy of the Child Abuse and Neglect Reporting Form and (b) notify each School employee of the mandatory reporting requirements of this Policy and Procedure and Utah Code § 53E-6-701 and §80-2-602.
 7. The School, under the direction of the Principal, will provide School personnel once every three years with training and instruction on child sexual abuse and human trafficking prevention and awareness, including (a) responding to a disclosure of child sexual abuse in a supportive, appropriate manner; (b) identifying children who are victims or may be at risk of becoming victims of human trafficking or commercial sexual exploitation; (c) the mandatory reporting requirements of this Policy, Utah Code § 53E-6-701 and §80-2-602; and (d) appropriate responses to incidents of sexual extortion, including connecting victims with support

services. Newly hired staff will be provided with the same training and the written policy at the beginning of their employment.

8. The School, under the direction of the Principal, will provide the parents or guardians of elementary school students with training and instruction once every three years on child sexual abuse and human trafficking prevention and awareness, including (a) recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human trafficking or commercial sexual exploitation; (b) effective, age-appropriate methods for discussing the topic of child sexual abuse with a child; and (c) resources available for victims of sexual extortion.

9. The training and distribution of materials will be documented.

10. Educational neglect means that, after receiving a notice of compulsory education violation under Utah Code Section 53G-6-202, the parent or guardian fails to make a good faith effort to ensure that the child receives an appropriate education.
 - a. When School personnel have reason to believe that a child may be subject to educational neglect, school personnel shall submit the report described in Utah Code Subsection 53G-6-202(8) to DCFS.
 - b. When School personnel have a reason to believe that a child is subject to both educational neglect and another form of neglect or abuse, School personnel may not wait to report the other form of neglect or abuse pending preparation of a report regarding educational neglect.

Civil Rights Policy

HighMark Charter School Policy

Civil Rights Policy Amended: July 16, 2020

Policy Against Discrimination, Harassment and Sexual Harassment

It is policy of HighMark Charter School (the "School") not to discriminate on the basis of sex, race, color, national origin, creed, religion, age, marital status, or disability in its educational programs, activities, or employment policies as required by Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Title II of the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. The policy against non-discrimination applies in all aspects of the School's programs and activities, including but not limited to admissions and the administration of discipline.

It shall be a violation of this policy for any student or employee of the School to harass a student or an employee through conduct or communication in any form as defined by this policy or to retaliate against any individual for filing, receiving, investigating, or providing information concerning any complaint alleging violation of a federal civil rights law under this policy.

This policy will be posted on the School's website and distributed as part of the annual online registration process.

Title VI of the Civil Rights Act of 1964

Title VI of the Civil Rights Acts of 1964 is a federal law that prohibits discrimination on the basis of race, color, or national origin.' In compliance with Title VI, the School prohibits all discriminatory practices, including but not limited to the following:

1. Preventing a person from enrolling in a school, class, or extracurricular school activity based on race, color, or national origin.
2. Arbitrarily placing a student in a school or class with the intent of separating the student from the general population of students because of the student's race, color, or national origin.
3. Setting higher standards or requirements as a prerequisite before allowing minorities to enroll in a school, class, or activity.
4. Unequally applying disciplinary action based on a student's race, color, or national origin.
5. Failing to provide the necessary language assistance to allow limited English proficient students the same opportunity to learn as English proficient students. Administering tests or other evaluative measures, which by design or by grading do not allow minority students the same opportunity to present a true measure of their abilities.

6. Providing advice or guidance to minority with the intent to direct minority students away from schools, classes, or educational activities based on their race, color, or national origin.
7. Providing instructional and related services to minority students that are inferior to those provided to non-minority students.

Title IX of the Education Amendments of 1972

Title IX of the Education Amendments of 1972 is a federal law that prohibits discrimination on the basis of sex in providing educational programs and services.

It is policy of the School not to discriminate against any student, employee, or applicant on the basis of sex. The School will ensure that no student will be excluded from participating in or having access to any course offerings, student athletics, or other school resources based on unlawful discrimination. The School will take all necessary steps to ensure that each employee's work environment is free of unlawful discrimination based on sex. No employee of the School, including any person representing the School, shall intimidate, threaten, harass, coerce, discriminate against, or commit or seek reprisal against anyone who participates in any aspect of the discrimination complaint process associated with this policy.

The School Principal will designate a Title IX Coordinator and provide notice of the name and contact information on the School's website and otherwise as appropriate.

Response to Sexual Harassment

The School will respond promptly in a manner that is not deliberately indifferent to any actual knowledge of sexual harassment in its educational program.

Therefore, in the event of any actual knowledge of sexual harassment, the Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

The School will thereafter treat complainants and respondents equitably by offering supportive measures to a complainant and by following the grievance process defined below for formal complaints of sexual harassment.

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the School's Title IX Coordinator or any official of the School who has authority to institute corrective measures on behalf of the School, or to any employee of the School. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the School with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the

School. “Notice” as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

- (a) An employee of the School conditioning the provision of an aid, benefit, or service of the School on an individual’s participation in unwelcome sexual conduct;
- (b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the Schools education program; or
- (c) “Sexual assault” as defined by 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

“Supportive measures” are individualized services reasonably available that are non-punitive, non-disciplinary, and not unreasonably burdensome to the other party while designed to ensure equal educational access, protect safety, or deter sexual harassment. The School will make supportive measures available to complainants and respondents, as appropriate, which may include measures such as:

- No-contact orders
- Leaves of absence
- Class schedule changes, teacher reassignment, or other academic adjustments
- Increased monitoring of certain areas

Personnel; Training Requirements

No individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

The School will ensure that any individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will receive training on the applicable definition of sexual harassment; the scope of the School’s educational

program and activities; how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and how to serve impartially, including by avoiding prejudice of the facts at issue, conflicts of interest, and bias.

The School will ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Grievance Process Time Frames

The School will promptly carry out the grievance process for formal complaints of sexual harassment. Unless reasonable cause exists, the School will conclude the grievance process of a formal complaint of sexual harassment within forty-five (45) calendar days of receipt of a formal complaint. Informal resolution processes will be concluded within forty-five (45) calendar days of when the School obtains the parties' voluntary, written consent to the informal resolution process.

The grievance process for formal complaints of sexual harassment may be temporarily delayed, and time frames may be extended by the School for good cause with written notice to the complainant and the respondent that describes the reasons for the delay or extension. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Notice of Formal Complaints of Sexual Harassment

Upon receipt of a formal complaint of sexual harassment, the School will provide the following written notice to the parties who are known:

- (a) Notice of the School's grievance process for formal complaints, including any informal resolution process;
- (b) Notice of allegations of sexual harassment potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30, including sufficient details known at the time and with sufficient time for the respondent to prepare a response before any initial review. Sufficient details include the identities of the parties involved in the incident, if known; the conduct allegedly constituting sexual harassment under 34 C.F.R. § 106.30; and the date and location of the alleged incident, if known.

The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.

The written notice will inform the parties that they are prohibited from knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of an investigation, the School decides to investigate allegations about the complainant or respondent that are not included in the notice provided above, the School will provide notice of the additional allegations to the parties whose identities are known.

Grievance Process for Formal Complaints of Sexual Harassment

A “formal complaint” means a document, including an electronic submission, filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. Formal complaints should be filed with the Title IX Coordinator.

In response to a formal complaint of sexual harassment, the School will follow the grievance process set forth below and in accordance with 34 C.F.R. § 106.45. The grievance process for formal complaints will treat complainants and respondents equitably. Before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent in connection with a formal complaint, the School will follow this policy and applicable legal requirements.

The grievance process for formal complaints will provide remedies to a complainant where a determination of responsibility has been made against the respondent. Such remedies may include the same individualized services included in the supportive measures. However, such remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

The grievance process for formal complaints will involve an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence, and provide that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness.

The grievance process for formal complaints will be conducted with a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Following a determination of responsibility for sexual harassment, the School will take prompt remedial action, including appropriate disciplinary actions. These actions may include, for a respondent who is a student, disciplinary actions in accordance with the School’s Student Conduct and Discipline Policy, which may include suspension or expulsion. These actions may include, for a respondent who is an employee, discipline up to and including termination.

The standard of evidence to be used to determine responsibility is the preponderance of the evidence standard. This standard will be applied to all formal complaints of sexual harassment, including formal complaints against both students and employees.

The grievance process for formal complaints will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

The School will investigate the allegations in a formal complaint of sexual harassment. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in 34 C.F.R. § 106.30 even if proved, did not occur in the School's educational program, or did not occur against a person in the United States, then the School must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX. Such a dismissal does not preclude action under another provision of the School's policies.

The School may also dismiss a formal complaint of sexual harassment, or any allegations in the complaint, if at any time during the investigation (a) a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; (b) the respondent is no longer enrolled or employed by the School; or (c) specific circumstances prevent the School from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal of a formal complaint of sexual harassment as provided above, the School will promptly send written notice of the dismissal and reason(s) therefore simultaneously to the parties.

The School may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

When investigating a formal complaint of sexual harassment and throughout the grievance process, the School will do the following:

- (a) Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the School and not on the parties provided that the School cannot access, consider, disclose, or otherwise use medical and psychological records of the party without the party's consent, as provided in 34 C.F.R. § 106.45(b)(5)(i);
- (b) Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- (c) Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;

(d) Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the School may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

(e) Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;

(f) Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the recipient does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the School will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) days to submit a written response, which the investigator will consider prior to completion of the investigative report. The School will make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and

(g) Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

The School will not conduct a hearing on formal complaints of sexual harassment. After the School has sent the investigative report as provided above and before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers provided, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility. To reach this

determination, the School must apply the standard of evidence described above. The written determination must include the following:

- (a) Identification of the allegations potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30;
- (b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- (c) Findings of fact supporting the determination;
- (d) Conclusions regarding the application of the School's policies to the facts;
- (e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School's education program will be provided by the School to the complainant; and
- (f) The School's procedures and permissible bases for the complainant and respondent to appeal.

The School will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the School provides the parties with the written determination of the result of an appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator (and the School Principal, if the Title IX Coordinator is not the School Principal) is responsible for effective implementation of any remedies.

Nothing in this Policy precludes the School from removing a respondent from the School's education program or activity on an emergency basis, provided that the School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Nothing in this this Policy precludes the School from placing a non-student employee respondent on administrative leave during the pendency of a grievance process under this Policy. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

Appeals

The School will offer both parties an appeal from a determination regarding responsibility, and from the School's dismissal of a formal complaint of any allegations therein, on the following bases: (a) Procedural irregularity that affected the outcome of the matter; (b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and (c) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Appeals must be submitted to the Title IX Coordinator in writing within ten (10) business days of receipt of the written determination regarding responsibility.

As to all appeals, the School will (a) Notify the other party in writing within five (5) business days when an appeal is filed and implement appeal procedures equally for both parties; (b) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator; (c) Ensure that the decision-maker(s) for the appeal complies with the standards for decision-makers set forth above and in 34 C.F.R. § 106.45(b)(1)(iii); (d) Give both parties a reasonable, equal opportunity to submit, within ten (10) business days, a written statement in support of, or challenging, the outcome; (e) Issue, within ten (10) business days of receipt of both parties' written statements, a written decision describing the result of the appeal and the rationale for the result; and (f) Provide the written decision simultaneously to both parties.

Informal Resolution

The School will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as provided above. Similarly, the School will not require parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed.

However, at any time prior to reaching a determination regarding responsibility the School may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the School:

(i) Provides to the parties a written notice disclosing: the allegations; the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

(ii) Obtains the parties' voluntary, written consent to the informal resolution process; and

(iii) Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Recordkeeping

The School will maintain for a period of seven years records of:

- (a) Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the School's education program;
- (b) Any appeal and the result therefrom;
- (c) Any informal resolution and the result therefrom; and
- (d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The School will make these training materials publicly available on its website.

For each response to sexual harassment required above and under 34 C.F.R. § 106.44, the School will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the School will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the School's education program. If the School does not provide a complainant with supportive measures, then the School will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the School in the future from providing additional explanations or detailing additional measures taken.

Retaliation

The School and its personnel will not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. Intimidation, threats, coercion, or discrimination, including charges against an individual for policy violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, constitutes retaliation. The School will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C.

1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to the School's grievance procedures for sex discrimination.

The exercise of rights protected under the First Amendment does not constitute prohibited retaliation.

Charging an individual with a policy violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute prohibited retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973

Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 are federal laws that prohibit discrimination on the basis of disability. The School does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Because of the affirmative obligation under Section 504 to provide a free appropriate public education as well as to avoid harassment and discrimination based on disability, the School principal may establish additional procedures regarding issues related to compliance with Section 504.

Other Complaint Procedures

Any person who believes he or she has been the victim of discrimination or harassment by another student or an employee of the School, or any third person with knowledge of conduct that may constitute discrimination or harassment should immediately report the alleged acts to the School principal. Notice of sexual harassment should be given to the Title IX Coordinator designated by the School principal.

If the complaint is against the School principal, the complaint should be submitted to the president of the School's Board of Directors.

The School is committed to investigating all complaints of discrimination or harassment under federal civil rights laws and will take action to stop any harassment or discrimination that is discovered.

The Principal will establish a process for handling complaints alleging harassment or discrimination under federal civil rights laws that complies with applicable legal requirements.

Any complaints related to the School's lunch program will be reported to the Utah State Office of Education, Child Nutrition Programs.

Compliance Officer

The School principal is designated the compliance officer for all federal civil rights matters under any of the foregoing federal laws and shall coordinate the School's efforts to comply with federal civil rights laws. Any questions concerning this policy should be directed to the School's principal.

Concussion and Head Injury Policy

HighMark Charter School

Policy: Concussion and Head Injury Policy

Adopted: January 16, 2012

Policy

The purpose of this policy is to protect the safety and health of HighMark Charter School (the “School”) students. The School recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The School acknowledges that the risk of serious injuries is significant when a concussion or head injury is not properly evaluated and managed, especially when the individual continues to participate in physical activities after the injury.

Accordingly, the School will comply with the provisions of Utah Code § 26-53-101 through -301 and R277-614 regarding the protection of athletes with head injuries. In order to protect the health and safety of its students, the School directs the Principal to establish administrative procedures consistent with this policy and applicable law.

Conflict of Interest Policy

HighMark Charter School
Policy: Conflict of Interest Policy
Adopted: August 14, 2013

Purpose

The purpose of this policy is to ensure that members of the Board of Directors (the “Board”) of HighMark Charter School (the “School”) conduct themselves in a manner that avoids actual or apparent conflicts of interest, and comply with all applicable regulations, rules and law. All business decisions must be made in the School’s best interest. A conflict of interest arises when the judgment of a Board member is or may be influenced by considerations of improper personal gain or benefit to the individual or to another person.

Policy

A Board member shall not have any direct or indirect pecuniary interest in a contract with the School, nor shall he/she furnish directly and for compensation any labor, equipment, or supplies to the School.

In the event that a Board member is employed by a business entity that furnishes goods or services to the School, the Board member shall declare such facts and refrain from discussing or voting upon the question of contracting with the entity.

It is not the intent of this policy to prevent the School from contracting with corporations or businesses because a Board member is an employee of the firm. The policy is designed to prevent the placing of Board members in a position where their interest in the School and their interest in their places of employment might conflict and to avoid appearances of conflict of interest even if such conflict may not exist.

A member of the Board, or the spouse, parent, sibling, or child of a member of the Board, may not be an employee of the School. If any other relative of a Board member is considered for employment in the School, the Board member must (a) disclose the relationship in writing to the other Board members and the Principal, (b) submit the employment decision for the approval, by majority vote, of the Board, (c) abstain from voting on the issue, and (d) be absent from any meeting when the employment of the relative is being considered or determined.

Volunteer activities of a member of the Board, or any relative of a member of the Board, are not prohibited by this section but may be prescribed by policies developed and approved by the Board.

The Principal will decide whether to grant course substitution requests based on the Principal’s determination of what is in the student’s best interest and other relevant factors related to the specific request.

Appeal Process

A parent who is dissatisfied with the Principal’s decision regarding a course substitution request may appeal that decision to the Board President in writing within ten (10) days of the decision. The written appeal should provide all relevant information regarding the request and the Principal’s decision.

The Board President or another Board member designated by the Board President will review the appeal and the Principal’s response and determine whether the course substitution request should be granted. The Board President or their designee will notify the parent of the decision on the appeal in writing within ten (10) days of receiving the appeal. This decision will be final.

Donations and Fundraising Policy

HighMark Charter School

Policy: Donations and Fundraising Policy

Adopted: September 16, 2013

Reviewed: May 27, 2023

Although HighMark Charter School (the “School”) does not typically engage directly in fundraising, it may do so on certain occasions in order to help advance the School’s mission. The School encourages the contributions of gracious donors who have the resources and the inclination to make donations for the benefit of the School and its students. This policy establishes guidelines and standards for the School’s acceptance of donations and gifts as well as for when the School engages in or sponsors fundraising activities.

Donations and Gifts

The School may not transfer or expend donated property in a manner contrary to donor restrictions imposed as a condition of making the donation. The Director is also responsible for ensuring that donor restrictions of accepted donations are complied with and that compliance can be verified. The Director will ensure that charitable donation receipts are provided to donors as necessary.

The Director must approve voluntary donations from private individual or organization in excess of \$1,000 and any donation involving donor restrictions prior to accepting the donation. The Board of Directors must approve any voluntary donations from private individual or organization in excess of \$10,000. The School may not accept donations with the condition that the donation provide direct benefit to specific School employees, students, vendors, or name brand goods or services.

If advertising or other services are offered to a donor in exchange for a donation or gift, the School will objectively value the donation or gift in order to ensure the School receives at least fair value.

The Director must ensure that any applicable fiscal policies of the School are complied with in connection with donations. The School will comply with other applicable laws and regulations, including but not limited to procurement requirements, rules related to construction of improvements, IRS regulations, and Title IX requirements.

Fundraising

Fundraising is defined as an organized effort to solicit individuals, businesses or foundations for money or in-kind gifts to be given directly to the School.

For the purposes of this policy, “school sponsored” means activities that are expressly authorized by the School’s Director or Board of Directors that support the School or authorized curricular clubs, activities, sports, classes, or programs that are themselves school sponsored. School-sponsored activities must be managed or supervised by School employees. Activities sponsored by the School’s parent organization are not school-sponsored activities, but the parent organization may be involved in and provided assistance in connection with school-sponsored activities.

The following guidelines must be followed in connection with School fundraising:

1. The fundraising activity must be undertaken with the intent of obtaining a benefit consistent with the School’s mission.
2. The fundraising activity must not violate the School’s charter, Board policies, or applicable law.
3. Proposals for fundraising activities must be submitted to the School’s Director for approval.
4. The Director may restrict the time, place, and manner of any approved fundraising activity.
5. Fundraising activities should be planned and scheduled in a manner that does not create conflict, confusion, or excessive fundraising pressures on students, families or potential donors.
6. Fundraising activities that may expose the School to risk of financial loss or liability if the activity is not successful should not be approved.
7. The participation of School employees, students and parents in any fundraising activity must be voluntary. However, School employees may be assigned to supervise students in connection with School-sponsored fundraising activities in connection with their employment. Such employees may be compensated for such work as appropriate as determined by the Director.
8. Students may not be required to participate in a fundraising activity as a condition for belonging to a team, club or group, and a student’s fundraising efforts may not affect his or her participation time or standing in any team, club or group.
9. Competitive enticements for student participation in fundraising efforts are generally discouraged, and any such rewards or prizes must be approved by the Director.
10. The Director will ensure that the School’s Fee Waiver Policy is complied with in connection with all School-sponsored fundraising activities that involve fees. Any fee waivers must be granted in accordance with the Fee Waiver Policy.

11. All funds raised through school-sponsored fundraising activities are considered public funds and will be handled accordingly. The Director will ensure that all other applicable fiscal policies are complied with in connection with fundraising activities.
12. Any fundraising activities that are related to the School but not school sponsored, such as fundraising activities of the parent organization, should clearly inform School patrons that the activity is not school sponsored. School employees may participate in such activities as volunteers but must not represent that they are acting as employees or representatives of the School.
13. The Director will ensure that charitable donation receipts are provided as necessary.
14. The School's employer identification number and sales tax exemption number may only be used by School personnel in connection with school-sponsored activities. No other entity, including the School's parent organization, may use these numbers.
15. Any School employee involved in managing or overseeing non-School-sponsored fundraising must disclose to the Director any financial or controlling interest in or access to bank accounts of the fundraising organization or company.
16. The School may cooperate with outside entities such as the parent organization in connection with non-school-sponsored fundraising activities. The School may allow these groups to use School facilities at little or no charge. At the Director's discretion, the School may provide some level of support or pay for portions of these activities. The details of the arrangements for non-school-sponsored fundraising activities shall be understood and agreed to by the Director and the representatives of the outside entity. This must take into consideration the School's fiduciary responsibility for the management and use of public funds and assets.
17. The School is committed to principles of gender equity and compliance with Title IX guidance. The School commits to use all facilities, unrestricted gifts and other available funds in harmony with these principles. The School reserves the right to decline or restrict donations, gifts, and fundraising proceeds, including those that might result in gender inequity or a violation of Title IX. Fundraising opportunities should be equitable for all students, comply with Title IX, and be in harmony with Article X of the Utah Constitution.

The Director will ensure that School employees receive appropriate training in connection with these policies. Training shall be provided at least annually to employees whose job duties are affected by the School's fiscal policies.

The Board will review this policy at least bi-annually.

Dropout Prevention and Recovery Policy

HighMark Charter School

Policy: Dropout Prevention and Recovery Policy

Approved: May 27, 2023

Policy

HighMark Charter School (the “School”) adopts this policy in accordance with the requirements of Utah Code § 53G-9-801 *et seq.* and Utah Administrative Code R277-606.

For purposes of this policy, a “designated student” is a ninth-grade student:

Who has withdrawn from the School before completing ninth grade, who was dropped from average daily membership, and whose cohort has not yet graduated; or

1. Who is at risk of meeting the above criteria as determined by the School using the following risk factors:
 - a. Low academic performance, as measured by grades, test scores, or course failure;
 - b. Poor behavior, as measured by office disciplinary referrals, suspensions, or expulsions; and
 - c. Absenteeism, whether excused or unexcused absences, and including days tardy or truant.

The School will engage with or attempt to engage with designated students in order to offer dropout prevention and recovery services to them. Designated students may choose whether to enroll in the School’s dropout prevention and recovery program. The services provided to designated students who enroll in this program will include:

1. Consulting with designated students and developing a learning plan to identify:
 - a. Barriers to regular school attendance;
 - b. An attainment goal; and
 - c. Means for achieving the attainment goal.

2. Monitoring a designated student's progress toward reaching the designated student's attainment goal. The attainment goal will be measurable and correlated with what would be considered a year's worth of progress.

3. Providing tiered interventions and flexible enrollment options for a designated student who is not making progress toward reaching the student's attainment goal, including meeting regularly with the designated student. Membership days for the student will be determined according to the School's attendance and enrollment policies and procedures.

Dual Enrollment Policy

HighMark Charter School
Policy: Dual Enrollment Policy
Adopted: October 20, 2025

Purpose

The purpose of this policy is to articulate HighMark Charter School's (the "School") position on the dual enrollment and split enrollment of students in the School.

Definitions

“Dual enrollment” or “dually enroll(ed)” refers to when a student enrolls simultaneously in the School and in a private school or home school.

“Split enrollment” or “split enroll(ed)” refers to when a student enrolls simultaneously in the School and in another public school.

Policy

Consistent with Utah Code §§ 53G-6-702 and 53G-6-703 and Utah Administrative Code Rule R277-438, students may be dually enrolled in the School and in a private school or home school, or split enrolled in the School and in another public school, under the conditions set forth herein if there is, in the School’s discretion, a reasonable educational basis for the dual enrollment or split enrollment.

Dual Enrollment

The School does not allow students in grades K-6 to dually enroll in the School.

The School may allow students in grades 7-9 to dually enroll in the School if the student is enrolled in the School for at least 1/2 of each school day. This policy is consistent with Utah Administrative Code Rule R277-438, which gives charter schools discretion as to whether or not to allow dual enrollment in their schools.

Split Enrollment

The School does not allow students in grades K-6 to split enroll in the School.

The School may allow students in grades 7-9 to split enroll in the School if the student is enrolled in the School for at least 1/2 of each school day. In addition, split enrollment in the School will generally only be allowed if the School is the student's primary LEA, meaning the LEA which reports the student to be in regular membership and, if applicable, special education membership (sometimes referred to as the student's "school of record").

No student will be allowed to split enroll in the School if any course, program, or activity to be taken by the student at another public school would conflict with the student's schedule at the School.

Requests for Dual Enrollment or Split Enrollment

In order for a request for dual enrollment or split enrollment to be considered by the School, the request should be submitted to the Principal using the approved forms provided by the School before any appropriate deadline set by the School. The Principal will approve or deny requests for dual enrollment or split enrollment and, notwithstanding anything to the contrary in this policy, has full discretion in making such decisions.

Testing

Students who are dually enrolled or split enrolled in the School will only take at the School the state standardized tests and other assessments for the subjects for which they receive instruction at the School.

Consider all bids submitted and select the most cost-effective service offering, with price being the primary factor considered.

Maintain control over the competitive bidding process; shall not surrender control of the process to a service provider who is participating in the bidding process; and shall not include service provider contact information on the FCC Forms 470.

Policy: Electronic Meetings Policy
Amended: August 5, 2024

Purpose

The purpose of this policy is to establish the means and procedures by which the Board of Directors (the "Board") may conduct electronic meetings in accordance with the provisions of the Utah Open and Public Meetings Act (hereinafter "the Act"), including Utah Code Ann. § 52-4-207.

Policy Definitions

The Board adopts for application in this policy the definitions in the Act at § 52-4-103.

Electronic Meetings

The Board may, from time to time as needed, convene and conduct electronic meetings. For the purpose of this policy, an "electronic meeting" is defined as a Board meeting that some or all Board members attend through an electronic video, audio, or both video and audio connection, as provided in the Act at § 52-4-207.

The Board will establish one or more anchor locations for an electronic meeting, unless the following two circumstances exist:

- a. All Board members attend the electronic meeting remotely through an electronic video, audio, or both video and audio connection; and
- b. The Board has not received a written request, at least 12 hours before the scheduled meeting time, to provide an anchor location for members of the public to attend in person the open portions of the electronic meeting.

For an electronic meeting where the Board provides an anchor location, the following apply:

- a. The anchor location will be:
 - i. The building where the Board would normally meet if they were not holding an electronic meeting; or
 - ii. Another location that is reasonably as accessible to the public as the building described in subsection (i) above.
- b. The Board will provide space and facilities at the anchor location so that interested persons and the public may attend and monitor the open portions of the electronic meeting.

- c. If public comments will be accepted during the electronic meeting, the Board will provide space and facilities at the anchor location so that interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

Board members who are able to both hear and verbally participate in the meeting electronically are considered present for purposes of determining the presence of a quorum at an electronic meeting.

The Board shall take all votes by roll call during an electronic meeting, with the exception of a unanimous vote.

Notice

Prior to conducting an electronic meeting, the Board shall provide advance notice of the meeting in accordance with the Act.

Notice shall be provided to all Board members, as well as to members of the public in accordance with the provisions of the Act.

Electronic Resources Policy

HighMark Charter School

Policy: Electronic Resources Policy

Amended: 08.18.2025

Purpose

HighMark Charter School (the “School”) recognizes the value of computer and other electronic resources to facilitate student learning and help the School’s employees accomplish the School’s mission. The School has therefore made substantial investments to establish a network and provide various electronic resources for its students’ and employees’ use. Because of the potential harm to students and the School from misuse of these resources, the School requires the safe and responsible use of computers; computer networks, including e-mail and the Internet; and other electronic resources. This policy is intended to ensure such safe and responsible use and to comply with Utah Administrative Rule R277-495, Utah Code § 53G-7-227, Utah Code § 53G-7-1002, the Children’s Internet Protection Act, and other applicable laws.

Electronic Devices

The School recognizes that various forms of electronic devices are widely used by both students and employees and are important tools in today’s society. The School seeks to ensure that the use of electronic devices, both privately-owned devices and devices owned by the School, does not cause harm or otherwise interfere with the learning, safety, or security of students or employees. The Principal shall therefore establish reasonable rules and procedures regarding the use of electronic devices at School and School-sponsored activities in compliance with applicable laws.

Internet Safety

It is the School’s policy to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) comply with the Children’s Internet Protection Act (section 254(h) of title 47, United States Code). The Principal shall establish procedures to accomplish these objectives and ensure compliance with applicable laws.

Student Acceptable Use of School Electronic Resources

The School makes various electronic resources available to students. These resources include computers and other electronic devices and related software and hardware as well as the School's network and access to the Internet. The School's goal in providing such electronic resources to students is to enhance the educational experience and promote the accomplishment of the School's mission.

Electronic resources can provide access to a multitude of information and allow communication with people all over the world. Along with this access comes the availability of materials that may be considered inappropriate, unacceptable, of no educational value, or even illegal.

The Principal shall ensure that rules and procedures regarding students' use of the School's electronic resources are established and clearly communicated to students and their parents/guardians. The Principal will ensure that safeguards are in place to restrict access to inappropriate materials and that the use of the Internet and other electronic resources is monitored. The Principal shall ensure that students receive appropriate training regarding these rules and procedures.

Staff Acceptable Use of School Electronic Resources

Improper use of the School's electronic resources by employees has the potential to negatively impact students, damage the School's image, and impair the School's electronic resources. Therefore, this policy is intended to govern employees' and volunteers' use of the School's electronic resources, and employees must agree to these terms as a condition of employment.

The Principal shall establish rules and procedures regarding employees' use of the School's electronic resources.

This policy will be reviewed and approved periodically to ensure that it continues to meet the School's needs.

Employee Compensation During School Closure Policy

HighMark Charter School

Policy: Employee Compensation During School Closure

Adopted: June 18, 2020

Policy

HighMark Charter School (the “School”) Board of Directors (the “Board”) adopts this policy in order to authorize compensation to employees during school closure and other temporary extraordinary circumstances when employees are not able to perform all of the duties that they would normally be assigned to do and/or work all of the hours they would normally be scheduled to work in exchange for their agreed-upon compensation.

The Board delegates to the Director the authority to assess all relevant factors, including but not limited to the anticipated availability and security of state and federal funding over the short and long term, and implement this policy when the situation warrants.

This policy may be applied retroactively.

Continued Employment and Compensation

The Board recognizes that closures and other temporary extraordinary circumstances impact normal school operations in many different ways, some of which are not foreseeable. The School nonetheless intends to keep employees employed and engaged in serving the School’s students to the maximum extent possible during such circumstances. The School also desires to pay employees in full, as provided for in their employment agreements, to the maximum extent possible during such circumstances, including by providing paid time off when necessary.

Paid Time Off

Criteria for Paid Time Off

All of the following criteria must be met before paid time off may be given to an employee under this policy for any portion of an employee's compensation:

- The employee and the Director or the Director's designee have explored all reasonable alternatives for the employee to provide services in connection with their current position(s) and have determined that there are none;
- The employee and the Director or the Director's designee have determined that the employee has completed all possible training and professional development opportunities that can be conducted online or through self-directed opportunities; and
- The employee and the Director or the Director's designee have determined that there are no other reasonable work opportunities available for the employee—including work opportunities in other programs and work from home.

Substitute teachers are not eligible for paid time off under this policy. However, the school will explore opportunities for substitute teachers to provide services for their regular rate of pay during a closure or other extraordinary circumstances.

Documentation

For each employee receiving paid time off under this policy, the Director and the employee will identify the expectations for what duties the employee will perform, the hours the employee will work, and the amount of paid time off the employee will receive.

Other Paid Time Off and Leave

This policy does not apply to or affect other paid time off or leave an employee may receive or be eligible for under other School policies or applicable law.

Compensation Expenditures Charged to Federal & State Grants & Programs

Compensation-related expenditures for employees who qualify for paid time off under this policy will be charged to the employee's regular position and program. This includes compensation-related expenditures for Federal and State grants and programs.

Only the portion of the employee's compensation that would normally be associated with a program will be charged to such program. Compensation charged to a program during extraordinary circumstances, including paid time off under this policy, will be calculated based upon the employee's employment agreement and normal average hours per day/week the employee worked before the extraordinary circumstances occurred.

If an employee is not able to complete all of his or her normal average hours by working in the employee's regular position and program but is able to make up the difference by working in a different program, the School will charge the employee's compensation to both programs in accordance with the hours the employee worked in each program. However, the employee will not be compensated beyond the normal average hours that the employee worked before the extraordinary circumstances began.

Notwithstanding the foregoing, if an employee receives paid time off under this policy and that paid time off is charged to the employee's regular position and program, the employee may not be compensated for additional time worked in another program.

Maximum Compensation

The School will pay employees in full, as provided in employment agreements, for all work performed under extraordinary circumstances, including any overtime as required by law.

However, paid time off under this policy is intended to make employees whole and reduce the financial burden caused by the extraordinary circumstances. This policy is not intended to provide an employee with a windfall.

Therefore, an employee's total compensation that includes paid time off under this policy may not exceed the amount provided for in the employee's employment agreement and may not exceed what the employee typically earned prior to when the extraordinary circumstances began.

The School will treat all employees the same under this policy, regardless of whether they are compensated through Federal or State grants or programs.

 - (iii) School activity clothing;
 - (iv) a discretionary project as described herein; or
 - (v) a competency remediation program in accordance with Section 53G-9-803;
- (b) an expense related to a course, activity, or program that is a fee course, including:
 - (i) instructional supplies;
 - (ii) the life-cycle replacement costs for School equipment directed related to the fee course;
 - (iii) a music instrument rental;
 - (iv) licensing fees for fine arts intellectual property; or
 - (v) participating in a driver education course described in Section 53G-10-503;
- (c) an expense related to the following post-secondary-related courses, including tuition, college credit, an exam, or a textbook:
 - (i) an Advanced Placement course;
 - (ii) an International Baccalaureate course; or
 - (iii) a concurrent enrollment course, as described in Section 53E-10-302.

If the School charges fees for a fee course or a non-fee course, such fees are limited to those described above.

Fees for Optional Projects

The School may require students at any grade level to provide materials or pay for an additional discretionary project if the student chooses a project in lieu of, or in addition to a required classroom project. A student may not be required to select an additional project as a condition to enrolling, completing, or receiving the highest possible grade for a course. The School will avoid allowing high cost additional projects, particularly when authorizing an additional discretionary project results in pressure on a student by teachers or peers to also complete a similar high cost project.

Fees for Activities Outside of the Regular School Day

Fees may be charged in all grades for any School-sponsored activity that does not take place during the regular school day if the fee is approved as provided in this policy and is allowed by state law and if participation in the activity is voluntary and does not affect the student's grade or ability to participate fully in any course taught during the regular school day. Fee waivers are available for such fees.

Activities that use the School facilities outside the regular school day but are not provided, sponsored, or supported by the School (e.g., programs sponsored by the parent organization and/or an outside organization) may charge for participation, and fee waivers are not available for these charges.

An activity, class, or program that is provided, sponsored, or supported by the School outside of the regular School day or School year calendar is subject to this policy and state law regardless of the time or season of the activity, class, or program.

Fees for Extracurricular Activities

The School may charge students in grades 7-9 fees for an extracurricular activity. The School may also charge students in grades K-6 fees for an extracurricular activity if it takes place outside of the regular school day and meets the other requirements described above. A fee for an extracurricular activity for students in grades 7-9 may include the life-cycle replacement costs for School equipment directly related to the extracurricular activity.

A fee related to an extracurricular activity may not exceed the maximum fee amounts for the extracurricular activity adopted by the Board, as provided below.

Other Miscellaneous Fees

Fees for Adult Education

The School may charge students in grades 7-9 fees for an adult education course in accordance with Section 53E-10-202.

Fees for Remediation Programs

The School may charge students in grades 7-9 fees to participate in the School's remediation programs.

The School may not charge students in grades K-6 fees to participate in the School's remediation programs.

Fees for Charter School Application Processing

The School may charge students in grades 7-9 a fee for charter school application processing in accordance with Section 53G-6-503.

Fee Schedule

The Board will approve a Fee Schedule at least once each year on or before June 1. The Fee Schedule will establish the maximum fee amount per student for each activity and the maximum total aggregate fee amount per student per school year. No fee may be charged or assessed related to an activity, class, or program provided, sponsored, or supported by the School, including for a course or extracurricular activity, unless the fee has been set and approved by the Board, is equal to or less than the established maximum fee amount for the activity, and is included in the approved Fee Schedule.

The School will encourage public participation in the development of the Fee Schedule and related policies.

Before approving the School's Fee Schedule, the School will provide an opportunity for the public to comment on the proposed Fee Schedule during a minimum of two public Board meetings. In addition to the standard notice of Board meetings under the Open and Public Meetings Act, the School will provide notice of these Board meetings using

the same form of communication regularly used by the administration to communicate with parents.

After the Fee Schedule is adopted, the Board may amend the Fee Schedule using the same process.

Maximum Fee Amounts

In connection with establishing the Fee Schedule, the Board will establish a per student annual maximum fee amount that the School may charge a student for the student's participation in all courses, programs, and activities provided, sponsored, or supported by the School for the year. This is a maximum total aggregate fee amount per student per School year.

The Board may establish a reasonable number of activities, courses, or programs that will be covered by the annual maximum fee amount.

Notice to Parents

The Director will annually provide written notice of the School's Fee Schedule and Fee Waiver Policy to the parent or guardian of each student in the School by ensuring that a written copy of the School's Fee Schedule and Fee Waiver Policy is included with all registration materials provided to potential or continuing students each year. The Fee Schedule shall clearly identify any fee for each activity, course, or program alongside the description of the activity, course, or program.

The School will also post the following on its website each school year:

- (a) The School's Fee Schedule, including maximum fee amounts, and Fee Waiver Policy;
- (b) The School's fee waiver application;
- (c) The School's fee waiver decision and appeals form; and
- (d) The School's fee notice(s) for families.

Donations

The School may not request or accept a donation in lieu of a fee from a student or parent unless the activity, class, or program for which the donation is solicited will otherwise be fully funded by the School and receipt of the donation will not affect participation by an individual student.

A donation is a fee if a student or parent is required to make the donation as a condition to the student's participation in an activity, class, or program.

The School may solicit and accept a donation or contribution in accordance with the School's policies, including the Donation and Fundraising Policy, but such requests must clearly state that donations and contributions by a student or parent are voluntary.

If the School solicits donations, the School: (a) shall solicit and handle donations in accordance with policies and procedures established by the School; and (b) may not place any undue burden on a student or family in relation to a donation.

Fee Collection

The School may pursue reasonable methods for obtaining payment for fees and for charges assessed in connection with a student losing or willfully damaging school property.

The School may not exclude students from school, an activity, a class, or a program that is provided, sponsored, or supported by the School during the regular school day; refuse to issue a course grade; or withhold official student records, including written or electronic grade reports, class schedules, diplomas, or transcripts, as a result of unpaid fees.

The School may withhold the official student records of a student responsible for lost or damaged School property consistent with Utah Code § 53G-8-212 until the student or the student's parent has paid for the damages, but may not withhold a student's records required for student enrollment or placement in a subsequent school.

A reasonable charge may be imposed by the School to cover the cost of duplicating, mailing, or transmitting transcripts and other school records. No charge may be imposed for duplicating, mailing, or transmitting copies of school records to an elementary or secondary school in which the student is enrolled or intends to enroll.

Consistent with Utah Code § 53G-6-604, the School will forward a certified copy of a transferring student's record to a new school within 30 days of the request, regardless of whether the student owes fees or fines to the School.

Students shall be given notice and an opportunity to pay fines prior to withholding issuance of official written grade reports, diplomas and transcripts. If the student and the student's parent or guardian are unable to pay for damages or if it is determined by the School in consultation with the student's parents that the student's interests would not be served if the parents were to pay for the damages, then the School may provide

for a program of voluntary work for the student in lieu of the payment. A general breakage fee levied against all students in a class or school is not permitted.

Fee Refunds

Student fees are non-refundable.

Budgeting and Spending Revenue Collected Through Fees

The School will follow the general accounting standards described in Rule R277-113 for treatment of fee revenue.

The School will establish a spend plan for the revenue collected from each fee charged. The spend plan will (a) provide students, parents, and employees transparency by identifying a fee's funding uses; (b) identify the needs of the activity, course, or program for the fee being charged and include a list or description of the anticipated types of expenditures, for the current fiscal year or as carryover for use in a future fiscal year, funded by the fee charged.

School Fee Collections & Accounting Procedures

It is the responsibility of the Director to ensure that all student fees collected are in compliance with the Fee Schedule and applicable financial policies and procedures.

Fees must be received and deposited in a timely manner.

Money may only be collected by staff authorized by the Director. Students may not collect fees.

The School may not use revenue collected through fees to offset the cost of fee waivers by requiring students and families who do not qualify for fee waivers to pay an increased fee amount to cover the costs of students and families who qualify for fee waivers. However, the School may notify students and families that the students and families may voluntarily pay an increased fee amount or provide a donation to cover the costs of other students and families.

Fee Waiver Provisions

To ensure that no student is denied the opportunity to participate in a class or activity that is provided, sponsored, or supported by the School because of an inability to pay a fee, the School provides fee waivers or other provisions in lieu of a fee. Fee waivers or

other provisions in lieu of a fee payment will be available to any student whose parent cannot pay a fee.

All fees are subject to waiver.

Non-waivable charges are not subject to waiver.

Fee Waiver Administration

The Director will administer this policy and will review and grant fee waiver requests or designate another staff member to do so. The process for obtaining waivers or pursuing alternatives will be administered in accordance with this policy, fairly, objectively, and without delay, and in a manner that avoids stigma, embarrassment, undue attention, and unreasonable burdens on students and parents.

The School will not treat a student receiving a fee waiver or provision in lieu of a fee waiver differently from other students. The process for obtaining waivers or pursuing alternatives will create no visible indicators that could lead to identification of fee waiver applicants.

The process for obtaining waivers or pursuing alternatives will comply with the privacy requirements of The Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA). The School may not identify a student on fee waiver to students, staff members, or other persons who do not need to know. As a general rule, teachers and coaches do not need to know which students receive fee waivers. Students may not assist in the fee waiver approval process.

Fee Waiver Eligibility

A student is eligible for a fee waiver if the School receives verification that:

- (a) In accordance with Utah Code § 53G-7-504(4), family income falls within levels established annually by the State Superintendent and published on the Utah State Board of Education website;
- (b) The student to whom the fee applies receives Supplemental Security Income (SSI). If a student receives SSI, the School may require a benefit verification letter from the Social Security Administration;
- (c) The family receives TANF or SNAP funding. If a student's family receives TANF or SNAP, the School may require the student's family to provide the School an electronic copy or screenshot of the student's family's eligibility determination or eligibility status covering the period for which the fee waiver is sought from the Utah Department of Workforce Services;
- (d) The student is in foster care through the Division of Child and Family Services or is in state care. If a student is in state care or foster care, the School may rely on the youth in care required intake form or school enrollment letter

- provided by a caseworker from the Utah Division of Child and Family Services or the Utah Juvenile Justice Department; or
- (e) The student qualifies for McKinney-Vento Homeless Assistance Act assistance. If a student qualifies for McKinney-Vento, verification is obtained through the School's McKinney-Vento liaison.

The School will not maintain copies of any documentation provided to verify eligibility for a fee waiver.

The School will not subject a family to unreasonable demands for re-qualification.

The School may grant a fee waiver to a student, on a case by case basis, who does not qualify for a fee waiver under the foregoing provisions but who, because of extenuating circumstances, is not reasonably capable of paying the fee.

The School may charge a proportional share of a fee or a reduced fee if circumstances change for a student or family so that fee waiver eligibility no longer exists.

The School may retroactively waive fees if eligibility can be determined to exist before the date of the fee waiver application.

Fee Waiver Approval Process

The School will inform patrons of the process for obtaining waivers and will provide a copy of the standard fee waiver application on the School's website.

The Director or a designee will review fee waiver applications within five (5) school days of receipt. If the School denies a request for a fee waiver, the School will provide the decision to deny a waiver in writing and will provide notice of the procedure for appeal in the form approved by the Utah State Board of Education.

Any requirement that a student pay a fee will be suspended during any period in which the student's eligibility for a waiver is being determined or during the time a denial of waiver is being appealed.

Each year the School will maintain documentation regarding the number of School students who were given fee waivers, the number of School students who worked in lieu of fee waivers, the number of School students who were denied fee waivers, the total dollar value of student fees waived by the School, and the total dollar amount of all fees charged to students at the School, as this information may be requested by the Utah State Board of Education as part of its monitoring of the School's school fees practices.

The School shall also submit school fee revenue information in the Utah Public Education Financial System as provided in R277-113.

Appeal Process

Denial of eligibility for a waiver may be appealed in writing to the Director within ten (10) school days of receiving notice of denial. The School shall contact the parent within two (2) weeks after receiving the appeal and schedule a meeting with the Director to discuss the parent's concerns. If, after meeting with the Director, the waiver is still denied, the parent may appeal, in writing, within ten (10) school days of receiving notice of denial to the Board.

In order to protect privacy and confidentiality, the School will not retain information or documentation provided to verify eligibility for fee waivers.

Alternatives to Fees and Fee Waivers

The School may allow a student to perform service or another approved task (as described in Utah Code § 53G-7-504(2)) in lieu of paying a fee or, in the case of an eligible student, in lieu receiving a fee waiver, but such alternatives may not be required. If the School allows an alternative to satisfy a fee requirement, the Director will explore with the interested student and his or her parent/guardian the alternatives available for satisfying the fee requirement, and parents will be given the opportunity to review proposed alternatives to fees and fee waivers. However, if a student is eligible for a waiver, textbook fees must be waived, and no alternative in lieu of a fee waiver is permissible for such fees.

The School may allow a student to perform service in lieu of paying a fee or receiving a fee waiver if: (a) the School establishes a service policy or procedure that ensure that a service assignment is appropriate to the age, physical condition, and maturity of the student; (b) the School's service policy or procedure is consistent with state and federal laws, including Section 53G-7-504 regarding the waiver of fees and the federal Fair Labor Standards Act, 29 U.S.C. 201; (c) the service can be performed within a reasonable period of time; and (d) the service is at least equal to the minimum wage for each hour or service.

A student who performs service may not be treated differently than other students who pay a fee.

The service may not create an unreasonable burden for a student or parent and may not be of such a nature as to demean or stigmatize the student.

The School will transfer the student's service credit to another LEA upon request of the student.

The School may make an installment payment plan available for the payment of a fee. Such a payment plan may not be required in lieu of a fee waiver.

The School may provide optional individual fundraising opportunities for students to raise money to offset the cost of the student's fees as provided in R277-408.

Annual Review, Approval, and Training

The Board will review and approve this policy annually.

The School will develop a plan for at least annual training of School employees on fee-related policies specific to each employee's job functions.

LEA Specific Licenses Policy

HighMark Charter School

Policy: LEA Specific Licenses Policy

Amended: June 4, 2022

Purpose

HighMark Charter School (the “School”) is committed to employing educators who are properly licensed and qualified for their positions. This policy is adopted in accordance with Rule R277-301 and governs the School’s application for LEA-specific educator licenses and its employment of educators on such licenses.

The School acknowledges that the purpose of LEA-specific educator licenses is to allow the School to hire otherwise qualified educators during the period that they are preparing and completing requirements to qualify for an associate educator license or a professional educator license.

Policy

Applying for an LEA-Specific Educator License

The School’s administration will propose to the Board of Directors (the “Board”) candidates for an LEA-specific educator license as the need arises.

When the administration proposes a candidate for an LEA-specific license, they will follow the procedures below and provide the Board with an explanation and rationale for requesting an LEA-specific educator license under the criteria contained in this policy.

When the Board determines that it is appropriate under this policy, the Board will approve the request for an LEA-specific educator license in a public meeting. Approval will take place no more than 60 days prior to submitting the application to the USBE on behalf of the candidate.

The Board will apply for the LEA-specific educator license for one, two, or three years as requested by the administration and approved by the Board, and in accordance with R277-301-7.

The School may not issue an LEA-specific license area of concentration to an educator for the license areas identified in R277-301-7, including special education, pre-school special education, deaf education, school psychologist, school social worker, audiologist, speech language therapist, or speech language pathologist.

In accordance with R277-301-8, the Board may request an eminence designation for an LEA-Specific license, license area, or endorsement for a teacher whose employment with the School is no more than 37% of a teacher's regular instruction load.

Criteria for Employing Educators with an LEA-Specific Educator License

The School will use the following processes and consider the following criteria in determining whether to employ an educator and apply for an LEA-specific educator license:

1. Vet each candidate and contact references in order to verify that they are a strong candidate. In particular, ensure that the candidate does not have any prior misconduct that would impair their success in teaching.
2. Interview each candidate and verify that they support the School's IB focus.
3. Consider the extent to which each candidate has training in the content area and the ability to facilitate student learning in that content area.
4. Consider the extent to which each candidate has experience and the ability to effectively teach courses.
5. Consider whether the LEA-specific educator license is sought in a content area in which there is a shortage of qualified educators in the state.

When an LEA-specific license, license area, or endorsement is sought for an educator for a subject that comprises less than 50% of the educator's course load, the following criteria will also be considered:

1. Consider whether the educator is a certified teacher in other content areas.
2. Consider whether the number of periods to be taught under the LEA-specific license, license area, or endorsement constitutes a full teaching load.
3. Consider whether the School currently employs or is hiring a teacher who does not have a degree or endorsement in the content area but who can also teach other areas in which they are licensed.

4. Consider whether the educator has demonstrated proficiency in teaching these courses.
5. Consider whether the administration has identified other qualified candidates with the necessary dual licensing.

The School will also ensure that a candidate for an LEA-specific educator license has completed (or will timely complete) the required criminal background check and educator ethics review described in R277-301-7.

Educator Preparation and Support

Within the first year of employment, the School will train each educator holding an LEA-specific educator license on:

- (a) educator ethics;
- (b) classroom management and instruction;
- (c) basic special education law and instruction; and
- (d) the Utah Effective Teaching Standards described in R277-530.

Website Posting

This policy will be posted on the School's website.

The School will also prominently post the following information on its website:

- (a) disclosure of the fact that the School employs individuals holding LEA-specific licenses, license areas, or endorsements;
- (b) an explanation of the types of licenses issued by the USBE;
- (c) the percentage of the types of licenses, license areas, and endorsements held by educators employed in the School based on the employees' FTE as reported to the USBE Superintendent; and
- (d) a link to the Utah Educator Look-up Tool provided by the USBE Superintendent in accordance with Subsection R277-312-7(6).

Employees may be required to provide documentation supporting the need for parental or postpartum recovery leave.

Other Leave

Except with respect to FMLA leave, the School may not charge parental leave or postpartum recovery leave against a qualified employee's regular paid personal time off (PTO) or any other leave a qualified employee is entitled to under the School's leave policies.

In addition, upon termination of a qualified employee's employment (for any reason), the employee is not entitled to be paid for any unused parental leave or postpartum recovery leave.

Notwithstanding the foregoing, all educators' plans regarding their proposed use of paid professional hours are subject to review by the School's Principal. The Principal has discretion to approve or deny an educator's plan to the extent allowed by law. Educators may not receive paid professional hours until their plan has been approved by the Principal.

Timing and Method of Payment of Paid Professional Hours

The School's Principal shall decide, in consultation with the School's accounting and payroll staff, the timing and method in which paid professional hours will be paid out to the School's educators. However, the School shall pay out an educator's paid professional hours by June 30 annually.

Paid professional hours for an educator's qualifying time for professional learning shall be paid out at the educator's approximate contracted hourly rate for the most recent school year. Program funds used to pay for an educator's professional learning expenses shall count toward the educator's paid professional hours allocation and shall be paid out in an amount and manner that ensures the School's paid professional hours allocation for the educator is not exceeded.

The School may, in the Principal discretion, pro-rate program funds for an educator's paid professional hours if the educator's employment with the School ends before the end of the School year.

Parent Grievance Policy

HighMark Charter School
Policy: Parent Grievance Policy
Adopted: October 17, 2011

Purpose

The purpose of this policy is to clarify for parents a process by which concerns can be addressed. The Board of Directors of HighMark Charter School (the “School”) values open communication between parents, faculty, staff, administration, and the Board. The Board encourages active parent participation in their children’s education, and hopes that parents will feel empowered to voice their opinions, volunteer in and out of the classroom for the School, and work as a team to provide the best education for their children. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used. The purpose of this policy is to ensure that parents understand how to pursue the resolution of grievances, concerns and disputes involving the School.

Concerns Involving School Personnel

A parent who has a complaint involving a teacher, staff member or member of the School’s administration (including the Director) must first address the issue with the other individual involved and work reasonably and in good faith to resolve the concern.

A parent that is not able to resolve the dispute himself or herself may then raise the issue with the School’s Director. The parent should first send to the Director a written complaint specifying the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of an attempt to rectify the situation, and the requested solution. After sending the written complaint, the parent and the Director should schedule a time to discuss the concern in person or via telephone.

If a parent’s complaint involves the Director, the parent must first address the issue with the Director and work reasonably and in good faith to resolve the problem. The parent is not required to send the Director a written complaint in this situation.

In the event the parent and the Director are unable to resolve a complaint and the parent wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in writing.

Complaints shall specify the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

Concerns Involving Board Policy

If a parent has a concern regarding Board policy, the parent may communicate with any or all members of the Board in person, via telephone, or through e-mail and may address the Board during the “public comment” portion of a Board of Directors meeting. Parents may also request to be added to the Board meeting agenda by contacting the President of the Board of Directors at least three (3) working days prior to the scheduled meeting date. However, the Board President has discretion over the Board meeting agenda items and may elect not to place the item on the agenda.

Concerns that involve administrative practices or procedures should be addressed with the Director rather than the Board.

Parent and Family Engagement Policy

HighMark Charter School

Policy: Parent and Family Engagement Policy

Approved: June 3, 2026

Purpose

In support of strengthening student academic achievement, HighMark Charter School (the “School”) receives Title I, Part A funds and must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116 of the Every Student Succeeds Act (the “ESSA”). - Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, Part A, including the planning, review, and improvement of this policy and the joint development of the targeted assistance or schoolwide program plan.
- Update this policy periodically to meet the changing needs of parents and the School, distribute it to the parents and family members of participating children, and make this policy available to the local community.
- Provide full opportunities, to the extent practicable, for the participation of parents and family members with limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format and, to the extent practicable, in a language parents understand.
- If the targeted assistance or schoolwide program plan under Section 1114(b) of ESSA is not satisfactory to the parents of participating children, submit any parent comments with such plan when the School submits the plan to the state.

- Be governed by the following statutory definition of parent and family engagement and will carry out programs, activities, and procedures in accordance with this definition:

Parent and family engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- o That parents play an integral role in assisting their child's learning;
- o That parents are encouraged to be actively involved in their child's education at school;
- o That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees (if any) to assist in the education of their child; and
- o The carrying out of other activities, such as those described in Section 1116 of the ESSA.

Required Policy Components

Below is a description of how the School will implement or accomplish each of the following components required by Section 1116 of the ESSA:

- Joint Development of Policies, Plans, Compact, and Programs. The School will take the following actions to involve parents and family members in an organized, ongoing, and timely manner in the planning, review, and improvement of Title I policies, plans, compact, and programs:
 - o Distribute a copy of this policy and the school-parent compact to parents and family members at the beginning of each school year through appropriate channels, such as the registration packet. The policy and school-parent compact will also be posted on the School's website.
 - o Notify parents and family members of an annual meeting where parents and family members will be informed about the School's participation in and the requirements of Title I programs.
 - o Hold other parent and family meetings during the school year to provide parents and family members with ongoing information, training, and materials to help them work with their children in the areas such as literacy, numeracy, and technology.

- o Hold parent-teacher conferences at least annually, where student achievement, behavior, and/or the school-parent compact will be reviewed and discussed.
- o The School and state websites will provide parents with information related to expected student proficiency levels.
- o The School website will provide parents with a description and explanation of the School's curriculum, mission, calendar information, policies, and opportunities for school and parent interaction.

The School may accomplish this training through in-person trainings and/or through the utilization of online print and video resources. The School may also provide other reasonable support for parent and family engagement activities under Section 1116 as parents may reasonably request.

Parents and Family Members of Children Learning English

Any time this policy references “parents,” “family,” or “family members,” it includes parents and family members of students who are English language learners, regardless of the prevalence of children English language learners in the geographic area in which the School is located.

The School may seek assistance from community organizations to assist the School in communicating with parents and family members of students who are English language learners. If the School provides such assistance, it will try to determine the method of communication preferred by the parents and family members of students who are English language learners.

Review

The School will annually review and evaluate this policy, the school-parent compact, and the targeted assistance or schoolwide program plan to determine their effectiveness in improving the academic quality of the School and academic achievement of its students. Results of the annual review and evaluation will be used to design strategies for more effective parent and family engagement.

Formal Procurement Process Necessary

For purchases of items over \$50,000 other than professional services or construction projects, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

Professional Services

For small purchases of professional service providers and consultants as defined in R33-5-108, which will typically include purchases of such services up to \$100,000 per project, the School will first review the qualifications of at least three companies, firms, providers, and/or individuals and then select one through direct negotiation. However, if the cost of a professional service provider's, consultant's, or design professional's services exceeds \$100,000, the School will conduct a formal procurement process for such services, such as an Invitation for Bids or a Request for Proposals.

Construction Projects

For small purchases of construction projects as defined in R33-5-106, the School may procure a small construction project up to \$25,000 from a contractor without obtaining competitive bids or quotes after documenting that all building code approvals, licensing requirements, permitting, and other construction related requirements are met. When procuring a small construction project costing between \$25,000.01 and \$100,000, the School will obtain at least two competitive bids or quotes that include minimum specifications and will award the project to the contractor with the lowest bid or quote that meets the specifications after documenting that all applicable building code approvals, licensing requirements, permitting, and other construction related requirements are met.

The School will include minimum specifications when doing a small purchase of a construction project as defined in R33-5-106. Contractors selected by the School to do a small construction project must certify that they are capable of meeting the minimum specifications of the project.

If the cost of a construction project exceeds \$100,000, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

Other Requirements

The School will not artificially divide purchases or otherwise take steps in order to avoid the requirement to obtain competitive bids or quotes or conduct a formal procurement process.

School personnel will comply with the provisions of the Procurement Code prohibiting the acceptance of gratuities or kickbacks from vendors during the procurement process.

The School's contracts with vendors, including any renewal or extension periods, will not have a term that is longer than five years unless an exception applies or the School complies with the requirements of the Procurement Code governing any contract with a term that is longer than five years.

Purchasing and Disbursement Policy

HighMark Charter School
Policy: Purchasing and Disbursement Policy
Amended: June 3, 2026

Purpose

The purpose of this policy is to enable administration to make minor purchases that are necessary for the day-to-day operation of HighMark Charter School (the “School”), without approval of the Board of Directors (the “Board”).

Purchasing

The responsibility for approving purchases is delegated by the Board as set forth below:

- Purchases up to \$7,500 must be approved by the Director;
- Purchases between \$7,500 and \$20,000.00 must be approved by either the Board President or Board Treasurer; and
- Purchases over \$20,000 must be approved by the full Board.

Invoices, purchase orders, and authorized facsimiles must be signed by the appropriate authorized individual.

Employee purchases that require reimbursement are discouraged.

Purchases that require the use of a credit card should follow the process established by this policy and utilize a purchase order when feasible.

Disbursements

The responsibility for disbursement is delegated to the School’s management company and Director as set forth below.

Disbursements will be charged to one of two School accounts: (i) the General Operating Account; and (ii) the Petty Cash Account. The School’s management company is responsible for disbursements charged to the General Operating Account, and the School’s Director is responsible for disbursements charged to the Petty Cash Account.

Disbursements are handled in such a manner as to ensure that the proper funds and accounts are charged; that the disbursement is used only for authorized purposes; and that laws, rules and regulations governing the disbursements and handling of public funds are followed.

General Operating Account

The following controls are established to ensure that all payments charged to the General Operating Account are made on a timely basis and in accordance with all purchase orders and contracts:

- A purchase order shall be completed prior to disbursing funds for a purchase unless the disbursement is made in accordance with the terms of an ongoing contract that has been previously approved by the Board.
- A purchase order shall be authorized by the individual(s) listed above based on the purchase amount.
- Following proper authorization, purchase orders are reviewed by the School's management company.
- The School's management company must be given a valid invoice and properly completed purchase order prior to making payment.
- Disbursements are to be made primarily by check with counter signatures to provide additional control.

Petty Cash Account

In addition to the General Operating Account, the Board may approve a Petty Cash Account with corresponding checks and a debit card to be utilized at the discretion of the Director. The purpose of the Petty Cash Account is to provide a convenient way to pay for small expenses while minimizing exposure of School funds to the risk of misuse or theft.

Blank warrants/checks and/or a debit card for the Petty Cash Account may be kept in locked storage under the control of the Director or a designated alternate. Disbursements charged to the Petty Cash Account shall be made in accordance with the following provisions to ensure payments are properly authorized and recorded:

- In general, the Petty Cash Account should maintain a balance between \$500 and \$2,000.
- Access to the Petty Cash debit card is limited to the School's Director or designated alternate.
- Access to blank checks is limited to the School's Director or a designated alternate. When blank checks are received, the date, quantity, and inclusive serial numbers are recorded and added to the total balance on hand. The use of these blank checks should be kept to an absolute minimum.
- The School's Director or designated alternate is responsible for: (i) maintaining records and receipts for each transaction charged to this account; and (ii) entering the information into the School's accounting software on a regular basis. Information should be uploaded in a timely manner to allow the School's management company adequate time to provide accurate monthly financial reports to the Board.

- The School's Director or designated alternate is responsible for replenishment of the account when petty cash is low. To replenish petty cash, the Director must request the School's management company to transfer funds.

Recording Transactions

Purchase orders and requisition requests must identify the fund, function, location, program, and object or revenue code to which the purchase is to be booked. Accounting staff will periodically review this information to ensure that expenditures are booked accurately.

Records Management Policy

HighMark Charter School

Policy: Records Management Policy

HighMark Charter School

Policy: Revenue Recognition Policy and Procedures

Adopted: September 19, 2011

Purpose

To specify the approach taken in recognizing revenues received by HighMark Charter School (the “School”), and to specify the priority under which revenues will be allocated to associated expenses.

The principal source of operating funds the School receives is derived from federal, state, and local funds. The School receives state funding based on the number of students enrolled in the School. The School also receives federal grants on a reimbursement basis; accordingly, grant revenues are recognized when qualifying expenses have been incurred and all other grant requirements have been met.

Policy

The School will recognize grant revenues when qualifying expenses have been incurred and all other grant requirements have been met.

The School intends to expend funds in such a manner that restricted funds are used prior to unrestricted funds and that Federal funds are used prior to State funds. If a grant requires a local revenue match, those funds will receive priority and will be expensed first to satisfy the local revenue match requirement.

Salary Supplement for Highly Needed Educators (SHiNE)

HighMark Charter School
Policy: Salary Supplement for Highly Needed Educators
Approved: June 3, 2026

Purpose

The purpose of this policy is to describe how HighMark Charter School (the “School”) administers the Salary Supplement for Highly Needed Educators (“SHiNE”) Program. This policy is meant to comply with the requirements of Utah Code § 53F-2-504.

Definitions

“Eligible teacher” means a teacher who:

- (a) has a qualifying assignment;
- (b) qualifies for the teacher’s assignment in accordance with an LEA’s policy; and
- (c) is a new employee or has not received an unsatisfactory rating on the teacher’s three most recent evaluations.

“Qualifying assignment” means a teacher who is assigned to a high-needs area.

“High-needs area” means at least two and up to five teaching assignments that an LEA designates in a policy as challenging to fill or retain.

Policy

High-Needs Areas

The following teaching assignments are designated as high-needs areas at the School:

- (a) Special Education (K-9);
- (b) Secondary Science (7-9); and
- (c) Secondary Math (7-9).

Process for Determining if a Teacher is an Eligible Teacher

The School's Principal or his/her designee shall perform due diligence in determining whether a teacher meets the definition of eligible teacher as set forth in this policy. Due diligence includes, at a minimum, verifying that a teacher:

(a) is assigned to teach in one of the high-needs areas listed above;

(b) is qualified to teach in the high-needs area (qualification factors to consider include, but are not limited to, licensure, training, education, experience, and skills); and

(c) is a new employee of the School or is not a new employee of the School but has not received an unsatisfactory rating on the teacher's three most recent evaluations from the School.

On an annual basis, the School's Principal or his/her designee shall create a list of all teachers who have been determined to meet the definition of eligible teacher under this policy.

Process for Certifying a List of Eligible Teachers to be Awarded a Salary Supplement

On an annual basis, the School's Principal or his/her designee shall review the list of all teachers who have been determined to meet the definition of eligible teacher under this policy and shall make any changes to the list he/she feels is necessary. The list is considered certified by the School's Principal or his/her designee when he/she finalizes the list with accounting or human resources.

Salary Supplement Amount

All teachers at the School determined to be eligible teachers under this policy (i.e., all teachers on the certified list described above) shall receive a salary supplement under the SHiNE Program in an amount consistent with this policy and the funds allocated to and received by the School under the SHiNE Program.

Eligible teachers who are assigned 1.0 FTE in a high needs area shall receive the full salary supplement. Eligible teachers who are assigned less than 1.0 FTE in a high needs area shall receive a prorated salary supplement based on the percentage of their FTE in the high needs area. However, if an eligible teacher's employment with the School ends before the salary supplement is paid, the teacher shall receive only a prorated portion of the salary supplement based on the portion of the school year the teacher worked at the School.

In addition, an eligible teacher who begins employment with the School after the certified list described above has been finalized shall not be entitled to a salary supplement. However, the Principal may, in the Principal's sole discretion and subject to available SHiNE Program funding, award such teacher a prorated salary supplement based on the portion of the school year the teacher worked at the School.

The School may increase the amount of funds the School provides to eligible teachers if the School:

- (a) first ensures proper distribution of funds the School receives under the SHiNE Program to the School's eligible teachers; and
- (b) experiences a carry forward or leftover balance.

Appeals

If the School's Principal or his/her designee determines that a teacher does not meet the definition of eligible teacher and therefore does not qualify for a salary supplement under the SHiNE Program, the teacher may appeal that decision in writing to the School's Board of Directors (the "Board") if the teacher:

- (a) believes he/she does meet the definition of eligible teacher under this policy; or
- (b) has a teaching assignment at the School that is substantially equivalent to a high-needs area and otherwise meets the definition of eligible teacher under this policy.

When submitting an appeal, a teacher is required, at minimum, to provide transcripts and other documentation to the Board in order for the Board to determine if the teacher is an eligible teacher with a qualifying teaching background.

The Board shall make a decision on the appeal within thirty (30) school days.

Administrative Procedures

Each school year the Principal shall establish, through administrative procedures, the salary supplement amount that each eligible teacher will receive for that school year.

Updating Policy

The School shall update this policy annually and provide notice of any changes to the policy to teachers within the School.

Sale of Food and Beverage Policy

HighMark Charter School
Policy: Sale of Food and Beverage Policy
Approved: May 27, 2023

Purpose

The purpose of this policy is to comply with the applicable requirements of Utah Administrative Code R277-719.

Policy

While HighMark Charter School (the “School”) does not have a traditional school lunch program, the School does contract with a variety of restaurants/food vendors from which students can order lunch on school days. All lunches from the restaurants/food vendors must be ordered and paid for online in advance through the School’s website. These vended lunches consist of entrées only, so students will need to bring their own utensils, drinks, and any additional sides to school with them each day. The School does not provide utensils, nor does it regularly sell drinks or additional sides at lunchtime.

Students who do not order vended lunches will need to bring a lunch to school each school day.

In the event the School elects to sell additional food or beverages during the school day – whether at lunchtime, a School event, or otherwise – all such food and beverages shall be commercially prepared and packaged, and any funds received by the School for such sales shall be handled in accordance with School policy.

The School shall post on its website rules and other important information regarding lunch at the School.

The purpose of this policy and accompanying procedures is to also set forth the School’s process for reviewing challenges to instructional materials.

Definitions

”Instructional materials” are the resources used by educators to deliver curriculum or support student learning. These materials may be commercially available or School-created and include such materials as textbooks, reading materials, videos, digital materials, websites, online applications, and live presentations. “Instructional materials” do not include learning material used in a concurrent enrollment, advanced placement, or international baccalaureate program or class, or another class with required instructional material that is not subject to selection by the School.

“Subjective sensitive material” means an instructional material that constitutes pornographic or indecent material, as that term is defined in Utah Code § 76-5c-208, under the following factor-balancing standards:

- (b) material that is pornographic under Utah Code § 76-5c-101; or

The School’s purpose in managing the selection, approval, purchase, and review of instructional materials is to implement, enrich, and support the School’s educational program. It is also to prioritize protecting students from the harmful effects of illicit pornography over other considerations in evaluating instructional materials.

The Principal shall select and approve instructional materials that meet the criteria set forth in this policy. The Board may approve the recommended instructional materials in an open and regular Board meeting after the requirements above have been satisfied. The vote to approve the recommended instructional materials may occur at the second of the two Board meetings described in subsection (b) above.

In accordance with Utah Code § 53G-5-404(13), the requirements in this section apply only if the Board is approving instructional materials. The requirements do not apply if the Board is not approving instructional materials and instead only the Principal is selecting and approving instructional materials (which Utah Code § 53G-5-404(13) refers to as “learning material”). In addition, the requirements in this section do not apply to educators’ selection of supplemental materials or resources.

Any instructional materials approved by the Board shall meet the criteria set forth in this policy.

Purchase of Instructional Materials

The School shall follow its Purchasing and Disbursement Policy in connection with the purchase of any instructional materials, regardless of whether the instructional materials are selected and approved by the Principal or by the Board. The School shall identify all costs associated with instructional materials prior to purchasing the instructional materials, including any implementation and professional development costs.

Educator Selection of Additional Supplemental Materials or Resources

Despite the foregoing, educators at the School may select and use supplemental materials or resources in their classroom to augment instructional materials already selected and approved by the Principal or the Board so long as each of the following are satisfied:

- (a) the educator has reviewed the supplemental materials or resources in their entirety prior to using them in the classroom;
- (b) the supplemental materials or resources meet the criteria set forth in this policy; and
- (c) the supplemental materials or resources have not previously been prohibited by the Principal or the Board.

Contract Requirements

If the School contracts with a third party to provide online or digital materials, the School shall include in the contract a requirement that the provider give notice to the School any time that the provider makes a material change to the content of the online or digital materials, excluding regular informational updates on current events. The School shall also comply with applicable requirements in R277-469 related to School contracts with publishers for instructional materials.

Sensitive Material Review Procedures

Sensitive materials are prohibited in the School setting. In accordance with Utah law, USBE rule, and the School's administrative procedures, stakeholders may initiate a sensitive material review by the School if they feel an instructional material used by the School constitutes sensitive material.

The Principal shall establish administrative procedures that set forth how stakeholders may initiate a sensitive material review by the School and the review process the School will follow. The administrative procedures shall comply with applicable Utah law and USBE rule.

Administrative Procedures

Sensitive Material Review

These procedures are established in accordance with the Instructional Materials Policy adopted by the School's Board of Directors.

Sensitive Material Review Process

Stakeholders may initiate a sensitive material review by the School if they feel an instructional material used by the School constitutes sensitive material.

However, notwithstanding the foregoing, if a stakeholder makes three unsuccessful challenges during a given academic year, that individual may not trigger a sensitive material review during the remainder of the given school year. An "unsuccessful challenge" means an allegation that a given instructional material constitutes sensitive material that the School concludes to be erroneous, either on direct review or on appeal to the Board, resulting in the retention of the given instructional material.

Stakeholders may allege that an instructional material used by the School constitutes sensitive material by submitting the Sensitive Material Review Request Form accompanying these procedures. Upon receipt of the completed form by a stakeholder, the School shall:

Step One – Initial Review

- (a)(i) Make an initial determination as to whether the allegation presents a plausible claim that the challenged instructional material constitutes sensitive material, including whether the allegation includes excerpts and other evidence to support the allegation. The Principal shall designate two or more School employees to make this initial determination for the School (the Principal can be one of the two employees if he/she desires); and
- (ii) If the School's initial determination is that that the allegation presents a plausible claim that the challenged instructional material constitutes sensitive material as described above, the School shall immediately remove the challenged material until the School completes the School's full review of the challenged material as set forth below;

Step Two – Objective Sensitive Material Standards Review (if necessary)

- (b)(i) If the School's initial determination is that the allegation presents a plausible claim that the challenged instructional material constitutes sensitive material,

engage in a review of the allegations and the challenged instructional material using the objective sensitive material standards. The Principal shall designate three or more individuals to conduct this review, one of which must be a School community parent (the School employees who conducted the initial review may also be designated to conduct this review); and

- (ii) If the School determines that the challenged instructional material constitutes objective sensitive material, the School shall ensure that the material remains inaccessible to students in any School setting;

Step Three - Subjective Sensitive Material Standards Review (if necessary)

- (c) If, and only if, the School determines that the challenged instructional material does not constitute objective sensitive material, the School shall:
 - (i) Review the allegations and the challenged instructional material under the subjective material standards to determine if an instructional material is subjective sensitive material. The Principal shall designate three or more individuals to conduct this review, but at least two of the individuals must be School community parents (the individuals who conducted the objective sensitive material standards review may also be designated to conduct this review, but at least two of the individuals must be School community parents);
 - (ii) Allow student access to the challenged instructional material during the School's subjective sensitive material review if the student's parent gives consent regarding the specific challenged instructional material; and
 - (iii) If the School determines that the challenged instructional material constitutes subjective sensitive material, ensure that the material is inaccessible to students in any School setting, including the termination of the parent consent option described above.

Miscellaneous Review Rules

Neither the individuals responsible for procurement of the challenged instructional materials nor the stakeholder who is challenging the instructional materials may serve on any of the review committees described in the steps above.

If the School requires a School employee to participate on a sensitive materials review committee requiring engagement outside of contract hours, the School shall compensate the employee for the employee's time participating on the committee.

Communication

Soon after the completion of a sensitive material review, the School shall communicate its final determination (regardless of in which step the final determination comes) in writing to the stakeholder who requested the review.

The School shall also communicate to the USBE each stakeholder sensitive material review request, the final determination by the School on each request, and the School's rationale for its final determination on each request. The Principal shall communicate this information to the USBE on behalf of the School using the form provided by the USBE:

- (a) within 30 school days of the final determination; or
- (b) if an appeal is in process, at the conclusion of the appeal.

Appeal

A stakeholder may appeal the School's decision to the Board regarding a sensitive material review by submitting to the Board President the Sensitive Material Appeal Request Form within fourteen days of receiving the School's decision. A stakeholder may file such an appeal regardless of whether the School removed or retained the challenged instructional material. The Board shall vote in a public board meeting to decide the outcome of a sensitive material review appeal. In the board meeting, the Board shall clearly identify:

- (a) the Board's rationale for its decision; and
- (b) the Board's determination on each component of the statutory and any additional policy standards used by the Board to reach the Board's conclusion.

Removing Instructional Materials That Constitute Sensitive Material

Removing Instructional Material if State Threshold is Met

In accordance with Utah Code § 53G-10-103(7), the School shall remove instructional material from student access upon being notified by the USBE that the following number of LEAs in the state have determined that the instructional material constitutes objective sensitive material:

- (a) at least three school districts; or
- (b) at least two school districts and five charter schools.

However, removal from student access under these circumstances is subject to the USBE voting to overturn the application of the statewide removal requirement with respect to the instructional material. If the USBE votes to overturn the application of the statewide removal requirement with respect to the instructional material, the statewide removal requirement no longer applies and the School may choose to return access to the instructional material to its students.

Removing Instructional Material After Sensitive Material Review

The School shall follow the applicable removal requirements described in Steps One through Three of the School's sensitive material review process. In addition, if at the completion of the sensitive material review process the School makes a final determination that an instructional material constitutes sensitive material, the School shall permanently remove the instructional material.

Disposal of Instructional Material

When permanently removing instructional material because it constitutes sensitive material, the School shall:

- (a) physically remove the sensitive material from the School;
- (b) remove all access by students to the sensitive material;
- (c) communicate with the relevant vendors and publishers regarding the School's decision;
- (d) legally dispose of the sensitive material; and
- (e) not sell or distribute the sensitive material.

Sexual Abuse and Molestation Prevention Policy

HighMark Charter School

Policy: Sexual Abuse and Molestation Prevention Policy

Amended: July 16, 2020

HighMark Charter School (the “School”) takes seriously the responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Sexual abuse takes the form of inappropriate sexual contact or interaction for the gratification of the actor who is in a position of responsibility with respect to the student. Sexual abuse includes sexual assault, exploitation, molestation or injury.

Reporting by School Personnel

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law enforcement agency, or the Division of Child Family Service. The law provides serious penalties for failure to fulfill one’s duty to report. School personnel and volunteers must comply with these provisions of Utah law and the School’s Child Abuse and Neglect Reporting Policy.

Reporting by Students and Parents

Reports of sexual abuse should typically be made to the Principal/Director, who is the designated individual to receive and investigate complaints of these matters. However, students and parents may make reports to any School employee, and that employee is responsible for conveying the report the Administration or, if the report involves the Administration, to the Board of Directors. Reports may be made verbally, but all reports will be documented in writing.

Investigation & Follow Up

The School takes allegations of sexual abuse involving School personnel seriously. Once an allegation is reported, the School will promptly, thoroughly, and impartially begin an investigation to determine whether there is a reasonable basis to believe that sexual abuse has been committed. When it is appropriate considering the nature of the allegations, an internal team may conduct the investigation. However, when the report involves potentially criminal

conduct, the School will refer the reports to law enforcement and cooperate fully with any investigation conducted by law enforcement or regulatory agencies.

The School reserves the right to place the subject of the investigation on an involuntary leave of absence, reassign that person to responsibilities that do not involve personal contact with individuals or students, or terminate employment.

To the fullest extent possible, but consistent with the legal obligation to report suspected abuse to appropriate authorities, the School will endeavor to keep the identities of the alleged victims and investigation subject confidential.

If the investigation substantiates the allegation, appropriate disciplinary actions will be taken, including but not limited to the termination of the actor's relationship with the School

Signs of Abuse

There are a number of red flags that suggest someone is being sexually abused. They take the form of physical or behavioral evidence.

Physical evidence of sexual abuse includes, but is not limited to:

- Sexually transmitted diseases;
- Difficulty walking or moving normally;
- Stained, bloody or torn undergarments;
- Genital pain or itching; and
- Physical injuries involving the external genitalia.

Behavioral signals suggestive of sexual abuse include, but are not limited to:

- Fear or reluctance about being left in the care of a particular person;
- Recoiling from being touched;
- Bundling oneself in excessive clothing, especially night clothes;
- Discomfort or apprehension when sex is referred to or discussed; and
- Nightmares or fear of night and/or darkness.

Additionally, adult perpetrators of abuse often display warning signs, including:

- Overly affectionate behavior such as prolonged hugging and touching;
- Engaging in nonprofessional behavior such as telling sexual jokes and sexual teasing;
- Seeking to extend their contact with certain students beyond the day.

Retaliation Prohibited

We prohibit any retaliation against anyone, including an employee, volunteer, board member, student or individual, who in good faith reports sexual abuse, alleges that it is being committed or participates in the investigation. Intentionally false or malicious accusations of sexual abuse are prohibited.

Screening Prospective Employees

The School's administration must take reasonable effort when screening prospective School employees. In addition to conductive required criminal background checks, each applicant and former employer(s) of applicants should be asked, before an offer of employment is extended, whether the applicant has ever been investigated or accused of sexual misconduct.

Training

The administration will provide School personnel every other year with training and instruction on child sexual abuse and human trafficking prevention and awareness, including (a) responding to a disclosure of child sexual abuse in a supportive, appropriate, manner; (b) identifying children who are victims or may be at risk of becoming victims of human trafficking or commercial sexual exploitation; and (c) the mandatory reporting requirements in the Schools Child Abuse and Neglect Reporting Policy and Utah Code Sections 53E-6-701 and 62A-4a-403.

The administration will provide the parents or guardians of elementary school students with training and instruction every other year on child sexual abuse and human trafficking prevention and awareness, including (a) recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human trafficking or commercial sexual exploitation and (b) effective, age-appropriate methods for discussing the topic of child sexual exploitation.

Administration will communicate this policy to personnel, volunteers, and students annually. Documentation of the communication of this policy will be maintained.

Student Code of Conduct Policy

HighMark Charter School

Policy: Student Code of Conduct Policy

Adopted: May 20, 2017

1. PURPOSE, BELIEFS, AND PHILOSOPHY

1.1 Purpose

The purpose of HighMark Charter School's (the "School") Student Conduct and Discipline Policy is to help all students develop positive relationships with other students and adults, take responsibility for their actions and learning, and develop the self-discipline necessary to create an environment that is characterized by physical and emotional safety in order to enhance learning for everyone.

The School will foster a school and community-wide expectation of good citizenship for students and a sense of responsibility in the school community for rules and standards of behavior.

The School will promote and require:

- student responsibility for learning and behavior in all grades;
- student conduct that produces a proper learning environment and respect for the personal, civil, and property rights of all members of the School community;
- parents and guardians of all students to assume proper responsibility for their students' behavior and to cooperate with School authorities in encouraging student self-discipline and discouraging behavior that is disruptive to the School's educational program.

1.2 Beliefs and Expectations

The School's beliefs and expectations set a positive and inviting culture for dealing with student behavior issues.

Beliefs:

- Punishment alone will not change behavior
- Much aggressive behavior is a relationship problem, not a behavior problem
- Adults must model the behaviors they expect from the students
- We expect conflicts, but we expect conflicts to be resolved and relationships mended

Expectations:

- Students will show respect for other students
- Students will show respect for adults
- Students will show respect for the building
- Adults will show respect for students
- Students will develop self-discipline

1.3 Procedural Philosophy

The School recognizes that establishing a procedural philosophy consistent with the desired positive school environment is as important as following legal and due process procedures. The School's policy sets forth appropriate legal and due process procedures and will be followed within the context of the procedural philosophy outlined below:

Procedures:

When students are involved in conflicts with other students, they will:

- Work together to resolve the conflict
- Work to repair the relationship and build trust
- Be subject to additional consequences if they exhibit unsafe behaviors during the conflict

When students are involved in a conflict with or feel they have been treated unfairly by a member of the staff or a volunteer, they will:

- Report their feelings to their parent or to the administrator or counselor, who will work together to set up a conference with the student, the parent, an administrator or counselor, and the adult involved in order to resolve the conflict and mend the relationship

When students flagrantly disregard the safety of others, show blatant disrespect to others, or consistently behave in a disrespectful or unsafe way:

- The student will be subjected to consequences and positive behavior support to ensure that the student will make better choices in the future. Consequences might include:
 - In-School Suspension
 - Out of School Suspension
 - Expulsion
 - Restitution
 - Repayment for damages

- The student will work to earn back the trust of the school community by actions such as:
 - Genuine apology to injured or affected parties
 - Demonstration of appropriate behaviors following the incident
 - Repair or replace any damaged items

Due process to protect the rights of students will include:

- All students will be treated with dignity and respect as they go through correction procedures. The administration will see to it that their rights are protected through the process. If parents feel their student has not been treated fairly, they may request a hearing with the School's Board of Directors (the "Board") in accordance with the School's Grievance Policy.
- Parents will be notified when students are involved in situations that are deemed to be serious.
- Parents and students will be notified of the expectations, possible consequences, and the procedures involved in this policy at the beginning of each school year.

2. ENVIRONMENT

2.1 Safe School Environment

It is the School's policy to promote a safe and orderly school environment for all students and employees. Accordingly, the School holds all students, employees, and other adults to the highest standards of behavior in the classroom, on School grounds, in School vehicles, and during School-sponsored activities. Criminal acts or disruptive behavior of any kind will not be tolerated, and any individual who engages in such activity will be subject to disciplinary action, criminal prosecution, or both.

2.2 Discrimination Prohibited

It is the School's policy to provide equal educational and employment opportunity for all individuals. Therefore, the School prohibits all discrimination on the basis of race, color, religion, sex, age, national origin, disability, or veteran status. Complaints of discrimination or unfair application of this policy should be submitted pursuant to the School's Grievance Policy.

3. DEFINITIONS

3.1 Suspension

For purposes of this policy, suspension is a temporary removal of a student from School and School-sponsored activities for a period of up to one (1) year. 3.2 Expulsion

For purposes of this policy, expulsion means the formal process of dismissing a student from School. 3.3 Change of Placement for Students with Disabilities under IDEA and Section 504

For purpose of the removal of a student with a disability from the student's current educational placement, a "change of placement" occurs if (a) the removal is for more than ten (10) consecutive school days or (b) the student is subjected to a series of removals that constitute a pattern because they total more than ten (10) school days in a school year or because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another. Any "change of placement" requires compliance with the procedures outlined in Section 10 of this policy.

[a] use, control, possession, distribution, sale, or arranging for the sale of an illegal drug or controlled substance (which includes alcohol), an imitation controlled substance, or drug paraphernalia in a School building, in a School vehicle, on School property, or in conjunction with any School-sponsored activity;

[b] misuse or abuse, distribution, sale or arranging for the sale of prescription medication at School or a School-sponsored activity; or

[c] misuse or abuse of over-the-counter remedies, or sharing, distribution, sale, or arranging for the sale of over-the-counter remedies. A student may possess and use over-the-counter remedies at School only in amounts not to exceed the recommended daily dose including, but not limited to: aspirin, ibuprofen, Tylenol (acetaminophen), cough drops, allergy medication, cough syrup and mouthwash.

4.4.2 Students with Disabilities under Section 504

Any student identified as being disabled under either Section 504 of the Rehabilitation Act or the Americans with Disabilities Act who currently is engaging in the illegal use of drugs or alcohol shall be suspended or expelled to the same extent as non-disabled students for the possession, use, control, distribution, sale, or arrangement of the sale of illegal drugs, alcohol, or controlled substances on School property or in conjunction with any School-sponsored activity.

4.4.3 Drug Testing

[a] Any student who is reasonably suspected of violating Section 4.4 may be subject to a drug test for cause, arranged and paid for by the School.

[b] Any student who has been suspended or expelled for a violation of Section 4.4 may be required to provide a clean drug test and evidence of completion of drug assessment and/or drug counseling programs as a condition of readmission to School. Testing and counseling required as a condition of readmission rather than for the purpose of providing justification for the initial suspension or expulsion shall be arranged and paid for by the student's parent or guardian.

[c] Students who refuse to submit to required drug testing and counseling programs or to cooperate with School officials with respect to the sharing of appropriate information, may be expelled from the School.

[d] Any student who is suspended or expelled for violation of Section 4.4 may be subject to random drug testing, at any time and for any reason, for a period of one year from the date of offense. If the student tests positive, he/she may be expelled from all School programs or activities. Any student who refuses consent for random drug testing under these conditions shall be expelled from all School programs or activities.

4.4.4 Students with Disabilities under IDEA

Whenever a student receiving special education and related services under IDEA knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School or a School-sponsored activity, the procedures outlined in Section 10 of this policy must be followed.

4.5 Gangs

For purposes of this policy, "gang" means any ongoing organization, association or group of three or more persons, whether formal or informal, having as one its primary activities the commission of criminal acts, which has a unique name or identifiable signs, symbols, or marks, and whose members individually or collectively engage in criminal or violent behavior to persons or property, or who create an unreasonable and substantial disruption or risk of disruption of a class, activity, program, or other function of a school.

4.5.1 Gang Activity and Apparel Prohibited

Students who engage in any form of gang activity on or about School property, or at any School-sponsored activity may be suspended or expelled under the terms of this policy. For the purposes of this policy, "gang activities" include, but are not limited to any of the following:

[a] Wearing, possessing, using, distributing, displaying, or selling any clothing, jewelry, apparel, emblems, badges, tattoos or manner of grooming, accessories, symbols, signs, or other thing which is evidence of membership in or affiliation with any gang;

[b] Committing any act or omission or using any speech, either verbal or nonverbal, (flashing signs, gestures, hand shakes, etc.) that demonstrates membership in or a affiliation with a gang;

[c] Soliciting others for membership in a gang;

[d] Requesting any person to pay for "protection", claiming "turf", or otherwise intimidating, bullying, retaliating against, threatening, abusing, or harassing any person;

[e] Possessing a weapon, controlled substances, drug paraphernalia, or other contraband;

[f] Committing any illegal act; or

[g] Encouraging or inciting another person to act with physical violence upon any other person or cause damage to property.

4.5.2 Confiscation of Gang Items

Subject to the search and seizure provisions of this policy, gang paraphernalia, apparel, or weapons may be confiscated by School officials at any time.

4.5.3 Consultation with Law Enforcement Authorities

School officials shall consult with local law enforcement authorities and gang detectives whenever they have questions regarding gang-related clothing, apparel, or other gang activity.

4.6 Bullying, Cyber-Bullying, Harassment, Hazing, and Abusive Conduct

Bullying, cyber-bullying, harassment, hazing, and abusive conduct of students and employees are against federal law, state law, and School policy, and are not tolerated by the School. It is the School's intent to respond to school-related incidents by implementing prevention efforts where victims can be identified and assessed, and perpetrators educated, in order to create a safer school that provide a positive learning environment.

School administration has the authority to discipline students and employees for off-campus speech that causes or threatens a substantial disruption on campus, at School activities, or causes or threatens a significant interference with a student's educational performance or involvement in School activities.

Additional information regarding these issues are contained in the School's Bullying and Hazing Policy, which is available on the School's website.

5. AUTHORITY TO SUSPEND OR EXPEL

5.1 Authority to Suspend for Ten (10) School Days or Less for Regular Education Students

The Principal has the authority to suspend a regular education student for up to ten (10) school

days. In considering whether to suspend a student, the Principal shall consider all relevant factors, including but not limited to, the severity of the offense, the student's age, disability, academic status and disciplinary record, parental capabilities, and community resources.

5.2 Authority to Suspend and Duration of Suspension for Students with Disabilities

The Principal has the authority to suspend a student with disabilities (504 or IDEA) for not more than ten (10) consecutive school days, and additional removals of not more than ten (10) total school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a pattern resulting in a change of placement. The School need not provide services during periods of removal of ten (10) days cumulative or less if services are not provided to a student without disabilities who has been similarly suspended.

5.3 Authority to Suspend for Longer than Ten (10) Days or Expel for Regular Education Students

Subject to the requirements for due process set forth in Section 9, below, the Principal may suspend a regular education student for longer than ten (10) days or expel a regular education student.

Expulsions shall be reviewed by the CMT and the conclusions reported to the Board at least once each year if the parent/guardian of the expelled student has expressed a desire for the student to return to the School.

5.3.1 Parental Responsibility

If a student is suspended for a period longer than ten (10) days or expelled, the student's parent or legal guardian is responsible for undertaking an alternative education plan that will ensure that the student's education continues during the period of expulsion. The parent or guardian shall work with designated School officials to determine how the student's education will continue through private education paid for by the parents, an alternative program offered by the local school district, or other alternatives which will reasonably meet the educational needs of the student. Costs of educational services which are not provided by the School are the responsibility of the student's parent or guardian.

5.3.2 The parent or guardian and designated School officials may enlist the cooperation of the Division of Child and Family Services, the juvenile court, law enforcement, or other appropriate government agencies in determining how to meet the educational needs of the student.

5.3.3 The School shall contact the parent or guardian of each student under age 16 who has been expelled from all School programs and services at least once a month to determine the student's progress if the parent/guardian of the expelled student has expressed a desire for the student to return to the School.

5.4 Authority to Institute Change of Placement for Student with Disabilities

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504, or ADA, procedures outlined in the State of Utah Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

6. PROCEDURES FOR ADDRESSING DISRUPTIVE STUDENT BEHAVIOR – Utah Code Ann. § 53A-11-910

6.1 Efforts to Resolve Disruptive Student Behavior Problems

6.1.1 Information About Resources. The School will provide to a parent of a student who engages in disruptive student behavior a list of resources available to assist the parent in resolving the student's disruptive behavior problem.

6.1.2 Procedures for Resolving Problems. The Principal or a teacher or counselor designated by the Principal will work with students who engage in disruptive student behavior according to the procedures identified in Section 7, below, in an attempt to help the student's behavior to improve and to prevent problems from escalating. Incidents of disruptive student behavior and attempts to resolve behavior issues will be documented.

6.2 Notice of Disruptive Student Behavior

6.2.1 Authorization. The Principal is authorized to issue notices of disruptive student behavior to students who are qualifying minors.

6.2.2 Criteria for Issuing Notice. The Principal will issue a "notice of disruptive student behavior" to a qualifying minor who:

[a] engages in "disruptive student behavior" that does not result in suspension or expulsion three times during the school year; or

[b] engages in disruptive student behavior that results in suspension or expulsion once during the school year.

6.2.3 Contents of Notice. The notice of disruptive student behavior will:

[a] require the qualifying minor and a parent of the qualifying minor to whom the notice is issued to (i) meet with School authorities to discuss the qualifying minor's disruptive student behavior; and (ii) cooperate with the Principal and the Board in correcting the student's disruptive student behavior; and

[b] be mailed by certified mail to, or served in person on, a parent of the qualifying minor.

6.2.4 Contesting Notice. A qualifying minor, or a qualifying minor's parent, may contest a

notice of disruptive student behavior by requesting in writing, within ten (10) business days after receipt of the notice, a meeting with the CMT at which the parent and the CMT will discuss the facts related to the student’s behavior, the basis of the parent’s concerns with or objections to the issuance of the notice, and efforts that have been made to address the behavior problems.

6.3 Habitual Disruptive Student Behavior Notice

6.3.1 Criteria for Issuing Notice. The Principal may issue a “habitual disruptive student behavior notice” to a qualifying minor who:

[a] engages in disruptive student behavior that does not result in suspension or expulsion at least six times during the school year;

[b] (i) engages in disruptive student behavior that does not result in suspension or expulsion at least three times during the school year; and (ii) engages in disruptive student behavior that results in suspension or expulsion at least once during the school year; or

[c] engages in disruptive student behavior that results in suspension or expulsion at least twice during the school year.

6.3.2 Notice to Parents. Within five (5) days after the day on which a habitual disruptive student behavior notice is issued, the Principal shall provide documentation to a parent of the qualifying minor who receives the notice of the efforts made by a School representative under Section 7, below.

6.4 Responses to School-Based Behavior

6.4.1 Definitions.

[a] “Mobile crisis outreach team” means a crisis intervention service for minors or families of minors experiencing behavioral health or psychiatric emergencies.

[b] “Restorative justice program” means a school-based program that is designed to enhance school safety, reduce school suspensions, and limit referrals to court, and is designed to help minors take responsibility for and repair the harm of behavior that occurs in school.

[c] “Youth court” means the same as that term is defined in § 78A-6-1203, including that it is a diversion program that provides an alternative disposition for cases involving juvenile offenders in which youth participants, under the supervision of an adult coordinator, may serve in various capacities within the courtroom, acting in the role of jurors, lawyers, bailiffs, clerks, and judges.

6.4.2 Alternative School-Related Interventions. The Board may establish or partner with a certified youth court program or establish or partner with a comparable restorative justice program. The School may refer a student to youth court or a comparable restorative justice program in accordance with § 53A-11-911.

6.4.3 Referrals of Minors. A qualifying minor to whom a habitual disruptive student behavior notice is issued under Section 6.3.1 may not be referred to the juvenile court. The School will follow § 53A-11-911 with respect to referring a minor who is alleged to have committed an offense on school property or that is truancy. In accordance with § 53A-11-911:

[a] if the alleged offense is a class C misdemeanor, an infraction, a status offense on School property, or truancy, the minor may not be referred to law enforcement or court but may be referred to alternative school-related interventions, including:

(i) a mobile crisis outreach team;

(ii) a receiving center operated by the Division of Juvenile Justice Services in accordance with § 62A-7-104; and

(ii) a youth court or comparable restorative justice program.

[b] if the alleged offense is a class B misdemeanor or a nonperson class A misdemeanor, the minor may be referred directly to the juvenile court by the Principal or the Principal's designee, or the minor may be referred to the alternative interventions described above.

7. ALTERNATIVES TO EXPULSION, OR CHANGE OF PLACEMENT FOR FREQUENT OR FLAGRANT DISRUPTIVE BEHAVIOR – Utah Code Ann. § 53A-11-906

A continuum of intervention strategies shall be available to help students whose behavior in School repeatedly falls short of reasonable expectations. Prior to suspending a student for more than ten (10) days or expelling a student for repeated acts of willful disobedience, defiance of authority, or disruptive behavior which are not so extreme or violent that immediate removal is warranted, good faith efforts shall be made to implement a remedial discipline plan to allow the student to remain in the School.

7.1 Before referring the student for long-term suspension, expulsion or change of placement under this Section, School staff should demonstrate that they have attempted some or all of the following interventions:

7.1.1 Talking with the student;

7.1.2 Class schedule adjustment;

7.1.3 Phone contact with the parent or legal guardian;

7.1.4 Informal parent/student conferences;

- 7.1.5 Behavioral contracts;
- 7.1.6 After-school make-up time;
- 7.1.7 Short-term in-school suspension (ISS);
- 7.1.8 Short-term at-home suspensions;
- 7.1.9 Appropriate evaluation;
- 7.1.10 Home study;
- 7.1.11 Alternative programs; or
- 7.1.12 Law enforcement assistance as appropriate.

7.2 Parental Attendance with Student – Utah Code Ann. § 53A-11-906(1)-(2).

As part of a remedial discipline plan for a student, the School may require the student's parent or guardian, with the consent of the student's teachers, to attend class with the student for a period of time specified by a designated School official. If the parent or guardian does not agree or fails to attend class with the student, the student shall be suspended in accordance with the provisions of this policy.

8. DUE PROCESS FOR SUSPENSIONS OF TEN (10) DAYS OR LESS

The following procedure shall apply to all students facing suspension of ten (10) school days or less:

8.1 The Principal shall notify the student's custodial parent or guardian of the following without delay: that the student has been suspended, the grounds for the suspension, the period of time for which the student is suspended, and the time and place for the parent or guardian to meet with the Principal to review the suspension.

8.2 The Principal shall also notify the non-custodial parent, if requested in writing, of the suspension.

8.2.1 Section 8.2 does not apply to the portion of School records which would disclose any information protected under a court order.

8.2.2 The custodial parent is responsible to provide the School a certified copy of any court order under subsection 8.2.1.

8.3 The Principal shall document the charges, evidence, and action taken.

8.4 The student shall be requested to present his/her version of the incident in writing. Students with disabilities or young students who are unable to write their own statements shall be accommodated through the use of tape recorder, scribe, etc.

8.5 If the student denies the charges, the student shall be provided with an explanation of the evidence and an opportunity to present his/her version of the incident to the Principal.

8.6 In general, the notice and informal conference shall precede the student's removal from the School.

8.7 If, in the judgment of the Principal, notice is not possible because the student poses a danger to a person or property or an ongoing threat of disrupting the academic process, he/she may be removed immediately. However, in such cases, the necessary notice and hearing shall follow as soon as possible.

9. DUE PROCESS FOR SUSPENSIONS OF MORE THAN TEN (10) DAYS AND EXPULSIONS

9.1 If the Principal believes that a student should be suspended for more than ten (10) days or expelled, the Principal may make the initial decision and shall meet with the student's parent or guardian to discuss the charges against the student and the proposed discipline within five (5) school days after the suspension or expulsion began. If requested in writing, the Principal shall also notify the non-custodial parent of the suspension or expulsion as outlined in Section 8.2 of this policy.

9.2 Notice to Student and Parent/Guardian

During the meeting required in Section 9.1, the Principal shall provide the student's parent or guardian with written notice that includes all of the following elements (or, if the student's parent or guardian refuses to meet, the Principal shall send the notice by certified mail, return receipt requested, to the student's parent or legal guardian within ten (10) school days after the suspension or expulsion began):

9.2.1 a description of the alleged violation(s) or reason(s) giving rise to disciplinary action;

9.2.2 the penalty being imposed (duration of suspension or expulsion);

9.2.3 a statement that a due process hearing may be requested by providing the Principal with written notice within ten (10) school days of the parent or guardian's receipt of the notice;

9.2.4 a statement that, if a due process hearing is requested, the Board, even though less than a

quorum, will conduct the hearing;

9.2.5 a statement that the suspension or expulsion is taking effect immediately and will continue for the stated period unless a due process hearing is requested in a timely manner and the Board determines otherwise;

9.2.6 the mailing date of the notice; and

9.2.7 a statement that, if a hearing is not requested within ten (10) school days after receipt of the notice, the Principal's decision to suspend or expel the student will be final, and the parent's right to oppose the decision will be waived.

9.3 Hearing Procedures

If a Due Process Hearing is requested in response to the notice sent pursuant to Section 9.2 of this policy, the following procedures shall apply:

9.3.1 After receipt of the request, the School shall schedule a hearing as soon as possible but not later than ten (10) school days following receipt of the request unless the student's parent or guardian agrees otherwise.

9.3.2 A written Hearing Notice shall be sent to the parent or guardian informing the parent or guardian that the Due Process Hearing will be conducted before the Board and of the following information:

[a] the date, place, and time of the hearing;

[b] the circumstances, evidence, and issues to be discussed at the hearing;

[c] the right of all parties to cross-examine witnesses subject to the Board chairman's determination that this right should be limited to protect student witnesses from retaliation, ostracism or reprisal; and

[d] the right of all parties to examine all relevant records.

9.3.3 The Board shall conduct the Due Process Hearing on the record and shall:

[a] ensure that a written record of the Hearing is made, a copy of which shall be provided to all parties upon request, with the cost borne by the School;

[b] consider all relevant evidence presented at the Hearing;

[c] allow the right to cross-examination of witnesses, unless the Board chairman determines that this right should be limited to protect student witnesses from ostracism, retaliation or reprisal;

[d] allow all parties a fair opportunity to present relevant evidence; and

[e] issue a written decision including findings of fact and conclusions.

9.3.4 Hearing Rules

Formal Rules of Evidence do not apply to the Due Process Hearing, and no discovery is permitted. However, the following rules will apply:

[a] parties may have access to information contained in the School's files to the extent permitted by law;

[b] hearings shall be closed to the press and the public;

[c] documents, testimony, or other evidence submitted by the parties after the hearing will not be considered by the Board; and

[d] the Board may excuse witnesses or parties or suspend or terminate a hearing if persons involved in the hearing are abusive, disorderly, disruptive, or if they refuse to abide by the rules and orders of the Board.

10. DUE PROCESS FOR CHANGE OF PLACEMENT OF STUDENTS WITH DISABILITIES

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504 or ADA, procedures outlined in the Utah State Board of Education Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

10.1 Required Services

10.1.1 504 and ADA Students

When a determination is made that the conduct of a 504 or ADA student (but not a student who is disabled under IDEA) is not a manifestation of the student's disability pursuant to Section

10.5, the student shall be subject to the same disciplinary consequences as regular education students, up to and including expulsion from School; however, the School must continue to provide education services in accordance with guidelines established by the Utah State Office of Education.

10.1.2 IDEA

A school need not provide services during periods of removal to a student with a disability under IDEA who has been removed from his or her current placement for ten (10) school days or less in that school year if services are not provided to a student without disabilities who has been similarly removed.

If a student with a disability under IDEA has been removed from his or her current placement for more than ten (10) school days in the same school year, for the remainder of the removals the School shall provide services to the extent necessary to enable the student to progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. School personnel, in consultation with the student's special education teacher, determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and advance toward achieving the goals set out in the student's IEP.

10.2 Change of Placement for Weapons, Drugs, or Serious Bodily Injury

A student's IEP team may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than forty-five (45) days, if:

10.2.1 The student carries a weapon to or possesses a weapon at School, on School premises, or to or at a School-sponsored activity; or

10.2.2 The student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School, on School premises, or at a School-sponsored activity; or

10.2.3 The student has inflicted serious bodily injury upon another person while at School, on School premises, or at a School-sponsored activity.

10.3 Change of Placement Due to Student's Serious Misconduct

School officials may request an expedited due process hearing in order to change the placement of a student with a disability to an appropriate interim alternative educational setting, recommended by the student's IEP team, for not more than forty-five (45) days. A hearing officer may order such a change, if he/she:

10.3.1 Determines that School officials have demonstrated by substantial evidence that maintaining the current placement of a student is substantially likely to result in injury to the student or others;

10.3.2 Considers the appropriateness of the student's current placement;

10.3.3 Considers whether School officials have made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and

10.3.4 Determines that the interim alternative educational setting being recommended by School officials (1) has been selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP: and (2) includes services and modifications designed to address the behavior at issue so that it does not recur.

10.4 Parental Notice

As soon as a decision is made by School officials to remove a student with a disability from his/her current placement for more than ten (10) school days, the student's parents must be notified of that decision and of all procedural safeguards outlined by law and School policy.

10.5 IEP Meetings for Manifestation Determination

10.5.1 Immediately, if possible, but in no case later than ten (10) school days after the date on which the decision is made to remove the student from the current placement, a review must be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.

10.5.2 The manifestation review must be conducted by the student's IEP team and other qualified School personnel.

10.5.3 In conducting the manifestation review, the IEP team may determine that the behavior of the student was not a manifestation of student's disability only if the IEP team:

[a] First considers, in terms of behavior subject to disciplinary action, all relevant information, including:

(i) Evaluation and diagnostic results, including the results or other relevant information supplied by the parents of the student;

(ii) Observations of the student; and

(iii) The student's IEP and placement; and

[b] Then determines whether:

(i) The conduct in question was caused by or had a direct and substantial relationship to the child's disability; or

(ii) The conduct in question was the direct result of the School's failure to implement the student's IEP.

10.5.4 If the IEP team determines that either of the standards above was met, the behavior must be considered a manifestation of the student's disability.

10.5.5 Determination that Behavior was not Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was not a manifestation of the student's disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities, except that a free appropriate public education must still be made available to the student if the student is suspended or expelled from School.

10.5.6 Determination that Behavior was Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was a manifestation of the student's disability, the student must remain in or be returned to the prior placement.

10.6 IEP Meetings for Functional Behavioral Assessments

10.6.1 Post-Discipline Functional Behavioral Assessments

If School officials have not conducted a functional behavioral assessment and implemented a behavioral intervention plan for the student before the behavior that results in a removal from School for longer than ten (10) school days or a change of placement to an interim alternative educational setting, School officials shall convene an IEP meeting to develop an assessment plan and appropriate behavioral interventions to address that behavior.

10.6.2 Pre-Discipline Behavioral Intervention Plans

If the student already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.

10.7 Placement During Appeals and Stay Put

10.7.1 If a parent requests a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student must remain subject to the disciplinary action pending the decision of the hearing officer or until the expiration of the forty-five (45) day period, whichever occurs first, unless the parent and School officials agree otherwise.

10.7.2 If a student is placed in an interim alternative educational setting and School personnel propose to change the student's placement after expiration of the interim alternative placement, during the pendency of any proceeding to challenge the proposed change in placement the student must remain in the current placement (the student's placement prior to the interim alternative education setting), unless School officials succeed in getting an order through an expedited hearing as described in Section 10.3.

11. ADMINISTRATIVE STUDENT CONDUCT AND DISCIPLINE PLAN

11.1 Elements of Plan

The Principal will develop, with input from administration, instruction and support staff, students, parents, and other community members, a Student Conduct and Discipline Plan. The plan shall be comprehensive, clearly written, consistently enforced, and include the following elements:

The administrative Student Conduct and Discipline Plan shall be consistent with this policy, including without limitation the provisions in Section 6 regarding notices of disruptive student behavior and the emergency safety intervention policies and procedures set forth in Section 18.

12. EXTRACURRICULAR ACTIVITIES

Participation in interscholastic athletics and other extracurricular activities is not a constitutionally protected civil right. Therefore, students who are suspended or expelled may lose the privilege of participation during the period of suspension/expulsion and may not be allowed to invoke due process procedures to challenge the denial of extracurricular participation.

13. RE-ADMISSION OF EXPELLED STUDENTS AND DENIAL OF ADMISSION BASED ON PRIOR EXPULSION – Utah Code Ann. §53A-11-904(3)

A student who is expelled from the School can only be re-admitted to the School through the School's standard lottery procedures.

A student may be denied admission to the School if he or she was expelled from the School or any other school during the preceding 12 months.

14. INVESTIGATIONS

Whenever the Principal has reason to believe that School rules or policies have been broken, he or she shall proceed with an investigation. However, if the Principal believes that laws have been broken or child abuse has occurred, he/she shall request appropriate authorities to conduct the investigation.

14.1 General Investigation Guidelines for Principal

The Principal has the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. The Principal shall conduct investigations according to the following general guidelines:

14.1.1 The Principal shall conduct investigations in a way that does not unduly interfere with School activities.

14.1.2 The Principal shall separate witnesses and offenders in an attempt to keep witnesses from collaborating their statements and have all parties provide separate statements concerning the incident under investigation; written statements are preferable, if possible.

14.1.3 The Principal shall advise students suspected of wrongdoing orally or in writing of the nature of the alleged offense.

14.1.4 Students must be provided an opportunity to give their version of the incident under investigation; however, refusals to respond or provide information should be respected.

14.1.5 When questioning students as part of an investigation, School staff should have another adult present whenever possible.

14.1.6 The Principal shall accommodate students with disabilities and young children unable to write their own statements through use of tape recorders, scribes, etc.

14.1.7 All students involved in the investigation shall be instructed that retaliation is prohibited. Any act of reprisal against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing is strictly prohibited and subject to disciplinary action.

14.1.8 When the investigation is completed and if it is determined that disciplinary action may be in order, due process requirements must be met. Specifically, the student must be given proper notice of the charges against him/her and the disciplinary action being recommended, as well as a fair opportunity to present his or her version of the facts.

14.2 Coordination with Law Enforcement

The Principal has the responsibility and the authority to determine when the help of law enforcement officers is necessary, as outlined in this policy and Utah State law.

14.2.1 The School administration may invite law enforcement officials to the School to:

[a] conduct an investigation of alleged criminal conduct on the School premises or during a School-sponsored activity;

[b] maintain a safe and orderly educational environment; or

[c] maintain or restore order when the presence of such officers is necessary to prevent injury to persons or property.

14.2.2 Investigation of Criminal Conduct

During an investigation for violation of School rules, it may become evident that the incident under investigation may also be a violation of criminal law. If the School official has reason to suspect that a criminal act has been committed and, in the opinion of the Principal, law enforcement should be notified, the following procedure should be followed:

[a] The Principal shall request that law enforcement officers conduct an investigation during school hours and question students who are potential witnesses to the alleged criminal behavior.

[b] The School official shall inform the student's parent or legal guardian as soon as possible that the student may have committed a criminal act and that law enforcement authorities will be involved in the investigation.

[c] Unless circumstances dictate otherwise, questioning of the student by School officials shall not begin or continue until the law enforcement officers arrive.

[d] Reasonable attempts shall be made to contact the student's parents or legal guardian who, unless an emergency exists, shall be given the opportunity to meet with the student and to be present with the student during questioning by law enforcement authorities.

[e] The Principal shall document the contact or attempted contact with the student's parents or legal guardian. If the Principal cannot contact the student's parent or guardian, or if the parent or guardian is unable to be present with the student for questioning, the Principal shall be present and document generally what occurs during the interview.

[f] The student shall not be questioned by law enforcement unless or until he/she has received Miranda warnings from the officer.

[g] If the parent or student refuses to consent to questioning by law enforcement authorities, the law enforcement authorities shall determine the course of action to be pursued.

14.2.3 Investigation Initiated by Law Enforcement Authorities

School officials shall cooperate with law enforcement authorities who are carrying out official duties such as investigating crimes, serving subpoenas, etc.

[a] When law enforcement officers can show a need to do so, they shall be permitted to conduct an investigation on School grounds during School hours.

[b] Such a need will ordinarily be shown if delay in police investigation might result in danger to a person, flight from jurisdiction by a person reasonably suspected of a crime, or destruction of evidence. In such cases:

(i) The officers shall be required to get prior approval of the Principal or other designated person before beginning an investigation on School premises.

(ii) The Principal shall document the circumstances warranting the investigation as soon as practical.

(iii) Alleged criminal behavior related to the School environment brought to the Principal's attention by law enforcement officers shall be dealt with under the provisions of Section 14.1.

(iv) Law enforcement officials (investigating School-related or student-related crimes) may not have access to student education records, aside from directory information, unless they have a subpoena or court order or permission from parent or guardian.

(v) Directory information is limited to a student's name, home address, date of birth, phone number, class schedules and parents' address and phone numbers for use in case of emergency.

14.2.4 Release of Student to Law Enforcement Official

[a] Students may not be released to law enforcement authorities voluntarily by School officials unless the student has been placed under arrest or unless the parent or legal guardian and the student agree to the release.

[b] When students are removed from School for any reason by law enforcement authorities, every reasonable effort shall be made to contact the student's parent or legal guardian immediately except in cases of child abuse and neglect. Such effort shall be documented.

[c] The Principal shall immediately notify the Board of the removal of a student from School by law enforcement authorities.

[d] Where it is necessary to take a student into custody on School premises, the law enforcement officer shall contact the Principal and relate the circumstances necessitating such action.

[e] Whenever the need arises to make arrests or take students into custody on School premises, the Principal shall make reasonable efforts to consult and confer with the law enforcement officers as to how an arrest is to be made.

[f] When possible, the Principal shall have the student summoned to the Principal's office before the student is taken into custody.

[g] When a student has been taken into custody or arrested on School premises without prior notification to the Principal, the School staff present shall encourage the law enforcement officers to tell the Principal of the circumstances as quickly as possible. If the officers decline to tell the Principal, the School staff members present shall immediately notify the Principal.

14.2.5 Quelling Disturbances of School Environment

Law enforcement officers may be requested to assist in controlling disturbances of the School environment that a Principal has found to be unmanageable by School personnel and that has the potential of causing harm to students and other persons or to property. Such circumstances include situations where a parent or member of the public exhibits undesirable or illegal conduct on or near School grounds or at a School-sponsored activity and who refuse to abide by a Principal's directive to leave the premises.

15. INVESTIGATION OF CHILD ABUSE AND NEGLECT

Utah law requires that whenever any person, including any School employee, has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, he/she shall immediately notify the nearest peace officer, law enforcement agency, or office of the Division of Child and Family Services.

15.1 The School shall distribute annually to all School employees copies of the School's procedures for reporting suspected child abuse or neglect.

15.2 If there is reason to believe that a child may have been subjected to abuse or neglect, an oral report shall be made immediately by the School employee reporting the abuse/neglect with a written report to follow within twenty-four (24) hours.

15.2.1 When making the oral report, always have the person you notify identify himself/herself. The notified person's name shall be entered on the written report.

15.2.2 A copy of the written report shall be put in a child abuse-neglect file to be maintained by the Principal, for all reported cases of suspected child abuse or neglect.

15.2.3 The child abuse-neglect reporting form shall not be placed in the student's personal file.

15.3 It is not the responsibility of the Principal or other School employees to prove that the child has been abused or neglected, or to determine whether the child is in need of protection.

15.3.1 Investigation by staff prior to submitting a report shall not go beyond that necessary to support a reasonable belief that a reportable problem exists.

15.3.2 To determine whether or not there is reason to believe that abuse or neglect has occurred, professional School employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

15.3.3 Interviews with the child or suspected abuser shall not be conducted by the Principal or School employees.

15.3.4 Notes of voluntary or spontaneous statements by the child shall be made and given to the investigating agency.

15.3.5 The Principal, School employees, Division of Child and Family Services and law enforcement personnel are required to preserve the anonymity of those making the initial report and any others involved in the subsequent investigation.

15.3.6 Investigations are the responsibility of the Division of Child and Family Services.

[a] The Principal or other School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.

[b] School officials shall cooperate with social service and law enforcement agency employees authorized to investigate reports of alleged child abuse and neglect, assisting as asked as members of interdisciplinary child protection teams in providing protective diagnostic, assessment, treatment, and coordination services.

15.3.7 Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune, in accordance with state law, from any civil or criminal liability that otherwise might arise from those actions.

16. SEARCHES OF PERSON OR PROPERTY

Given the School's custodial and tutelary responsibility for children, and the Board's intent to preserve a safe environment for all students and staff, the Board recognizes that School officials must have the authority to conduct reasonable searches of students and student property. School officials engaging in searches of students and property shall abide by the following guidelines:

16.1 General Guidelines for Searches of Person or Property

16.1.1 Student Lockers

Students have no right or expectation of privacy in school lockers. While lockers are under the joint control of students and the School, lockers are solely School property and may be searched at any time by School officials with or without cause. Once a locker is opened for search, any search of student belongings contained within the locker must comply with the guidelines for searches of personal belongings in Section 16.2 of this policy.

16.1.2 Searches of Students and Student Property

Searches of a student's person, personal property (coats, hats, backpacks, bookbags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's conduct creates a reasonable suspicion that a particular School rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which School officials have a reasonable suspicion that the student or student property is concealing items including but not limited to weapons, drugs, alcohol, tobacco, unsafe contraband, pornography, pagers or lost/stolen/misplaced items.

16.2 Searches of Personal Belongings

16.2.1 Personal belongings may be searched by School officials whenever School officials have a reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a School official. All searches of student property by School officials shall be witnessed by an objective third party (such as another teacher, or police officer) to observe that the search is not excessively intrusive.

16.2.2 All contraband discovered in a search by School officials shall be immediately confiscated and turned over to law enforcement officers if School officials have reason to believe the contraband is related to the commission of a criminal act.

16.3 Searches of Person

16.3.1 School officials shall make sure the search meets the following guidelines:

[a] The search shall be conducted in a private area of the School by a School official of the same sex as the student being searched;

[b] The search shall be observed by an objective third party of the same sex as the student being searched (i.e., Principal, teacher, police officer);

[c] School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband;

[d] Under no circumstances may School officials require students to remove any other items of clothing or touch students in any way during the search.

[e] If this limited search does not turn up suspected contraband and School officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and investigation.

[f] In general, all questioning and searching of students conducted by law enforcement officers shall proceed according to the investigation guidelines in Section 14 of this policy.

16.4 Documentation of Searches

School officials shall thoroughly document the details of any search conducted of a student's property or person. Documentation shall be made at the time of the search, or as soon as possible thereafter, and shall include the following:

16.4.1 The time, place and date of the search;

16.4.2 The reasonable suspicion giving rise to the search (what did School officials suspect to find during the search);

16.4.3 The name and title of individuals conducting and observing the search;

16.4.4 A statement about evidence that was found or not found as a result of the search;

16.4.5 A statement about who took possession of contraband (i.e., police, school, etc.);

16.4.6 Information regarding the attempts of School officials to notify parents about the search.

17. RECORDS—INTERAGENCY COLLABORATION – 20 U.S.C. § 1232g(h)(i)-(2); Utah Code Ann. § 53A-11-1001-1004

17.1 Board and Principal Notification by Juvenile Court and Law Enforcement Agencies.

17.1.1 Within three (3) days of being notified by the juvenile court that a juvenile has been adjudicated or of being notified by a law enforcement agency that a juvenile has been taken into custody or detention for a violent felony, defined in Utah Code Ann. § 76-3-203.5, or an offense in violation of Title 76, Chapter 10, Part 5 Weapons, the President of the Board shall notify the Principal.

17.1.2 Upon receipt of the information, the Principal shall make a notation in a secure file other than the student's permanent file; and, if the student is still enrolled in the School, the Principal shall notify staff members who should know of the adjudication, arrest or detention.

17.1.3 Staff members receiving information about a juvenile's adjudication, arrest or detention may only disclose the information to other persons having both a right and a current need to know.

17.2 Student Discipline Records/Education Records

School officials may include appropriate information in the education record of any student concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.

17.2.1 Disclosure of Discipline Records to Other Educators

School officials may disclose student discipline information described above to teachers and other School officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

17.2.2 Disclosure of Discipline Records to Other Agencies

School officials shall not release personally identifiable student discipline records to other government agencies, including law enforcement agencies, unless the agency produces a subpoena or court order (need for standing court order from juvenile court), or unless the student's parent or guardian has authorized disclosure.

18. EMERGENCY SAFETY INTERVENTIONS

A School employee may not subject a student to physical restraint or seclusionary time out unless utilized as a necessary emergency safety intervention (“ESI”) in compliance with this Section.

18.1 Definitions

18.1.1 An “ESI” is the use of seclusionary time out or physical restraint when a student presents an immediate/imminent danger of physical violence/aggression towards self or others likely to cause serious physical harm. An ESI is not for disciplinary purposes.

The safe enclosed area must meet the fire and public safety requirements described in R392-200 and R710-4.

18.2 General Procedures

18.2.1 Teachers and other personnel who may work directly with students shall be trained on the use of effective alternatives to ESI as well as the safe use of ESI and a release criteria.

18.2.2 An ESI shall:

[a] be applied for the minimum time necessary to ensure safety;

[b] implement an appropriate release criteria;

[c] be discontinued as soon as imminent danger of physical harm to self or others has dissipated;

[d] be discontinued if the student is in severe distress;

[e] never be used as punishment or discipline;

[f] be applied consistent with the School’s administrative Student Conduct and Discipline Plan; and

[g] in no instance be imposed for more than 30 minutes.

18.3 Students with Disabilities Receiving Special Education Services

18.3.1 Use of ESI for a student with a disability receiving specialized educational services under IDEA or Section 504 shall be subject to all applicable state and federal laws, including Least Restrictive Behavioral Interventions (LRBI) policies and procedures for special education/504 programs.

18.3.2 Additionally, ESIs written into a student's IEP as a planned intervention are prohibited unless school personnel, the family, and the IEP team agree less restrictive means which meet the circumstances described in R277-608-5 have been attempted; a Functional Behavioral Assessment has been conducted; and a positive behavior intervention plan based on data analysis has been written into the plan and implemented.

18.4 Physical Restraint

18.4.1 A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, use and apply physical restraint as an ESI in self defense or as may be reasonable and necessary under the following circumstances:

[a] to protect the student or another person from serious physical harm;

[b] to remove from a situation a student who is violent;

[c] to take possession of a weapon or other dangerous object in the possession or under the control of a student; or

[d] to protect property from being destroyed, when physical safety is at risk.

18.4.2 When an employee exercises physical restraint as an ESI on a student, the following types of physical restraint are prohibited:

[a] prone, or face-down;

[b] supine, or face-up;

[c] restraint which obstructs the airway or adversely affects the student's primary mode of communication;

[d] mechanical restraint, except for seatbelts or safety equipment used to secure students during transportation, other appropriate protective or stabilizing restraints, and devices used by a law enforcement officer in carrying out law enforcement duties; or

[e] chemical restraint, except as prescribed by a licensed physician and implemented in compliance with a student's Health Care Plan.

18.4.3 Nothing in this Section prohibits a School employee from using less intrusive means, including a physical escort, to address circumstances described in Section 18.4.1.

18.5 Seclusionary Time Out

A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, place a student in seclusionary time out as an ESI under the following circumstances:

[c] at least two certified educational professionals with behavior training and knowledge in both state rules and the School's conduct and discipline policies.

18.7.2 The ESI committee shall:

[a] meet often enough to monitor the use of ESI within the School;

[b] determine and recommend professional development needs;

[c] develop policies for dispute resolution processes to address concerns regarding disciplinary actions; and

[d] create and communicate methods for evaluation of the efficiency and effectiveness of the Schools' rules and standards.

18.7.3 The School shall collect, maintain, and periodically review the documentation or records regarding the use of ESI in the School.

18.7.4 The School shall annually provide documentation of any School use of ESI to the State Superintendent of Schools.

For each suspension or expulsion, the report shall indicate the student's race, gender, disability status, and age/grade, as well as the reason for the discipline, the length of the discipline, and a statement as to whether the student was referred to the Board.

20.2 A summary of this policy and the Student Conduct and Discipline Plan shall be posted in the School, and the policy and plan will be posted on the School's website. The policy or a summary of the policy and the plan or summary of the plan shall also be published in student registration materials, student and employee handbooks, and other appropriate school publications as directed by the Board.

Student Conduct and Discipline Policy

HighMark Charter School

Policy: Student Conduct and Discipline

Approved: January 26, 2026

1. PURPOSE, BELIEFS, AND PHILOSOPHY

1.2 Purpose

The purpose of HighMark Charter School's (the "School") Student Conduct and Discipline Policy is to help all students develop positive relationships with other students and adults, take responsibility for their actions and learning, and develop the self-discipline necessary to create an environment that is characterized by physical and emotional safety in order to enhance learning for everyone.

The School will foster a School and community-wide expectation of good citizenship for students and a sense of responsibility in the School community for rules and standards of behavior.

The School will promote and require:

- student responsibility for learning and behavior in all grades;
- student conduct that produces a proper learning environment and respect for the personal, civil, and property rights of all members of the School community;
- parents of all students to assume proper responsibility for their students' behavior and to cooperate with School authorities in encouraging student self-discipline and discouraging behavior that is disruptive to the School's educational program.

1.2 Beliefs and Expectations

The School's beliefs and expectations set a positive and inviting culture for dealing with student behavior issues.

Beliefs:

- Punishment alone will not change behavior
- Much aggressive behavior is a relationship problem, not a behavior problem
- Adults must model the behaviors they expect from the students
- We expect conflicts, but we expect conflicts to be resolved and relationships mended

Expectations:

- Students will show respect for other students
- Students will show respect for adults
- Students will show respect for the building
- Adults will show respect for students
- Students will develop self-discipline

1.3 Procedural Philosophy

The School recognizes that establishing a procedural philosophy consistent with the desired positive school environment is as important as following legal and due process procedures. The School's policy sets forth appropriate legal and due process procedures and will be followed within the context of the procedural philosophy outlined below:

Procedures:

When students are involved in conflicts with other students, they will, when appropriate:

- Work together to resolve the conflict
- Work to repair the relationship and build trust
- Be subject to additional consequences if they exhibit unsafe behaviors during the conflict

When students are involved in a conflict with or feel they have been treated unfairly by a member of the staff or a volunteer, they will:

- Report their feelings to their parent or to the administrator or counselor, who will work together to set up a conference with the student, the parent, an administrator or counselor, and/or the adult involved in order to resolve the conflict and mend the relationship

When students flagrantly disregard the safety of others, show blatant disrespect to others, or consistently behave in a disrespectful or unsafe way:

- The student will be subjected to consequences and positive behavior support to ensure that the student will make better choices in the future. Consequences might include:
 - In-School Suspension
 - Out-of-School Suspension
 - Expulsion
 - Restitution
 - Repayment for damages
- The student will work to earn back the trust of the School community by actions such as:
 - Genuine apology to injured or affected parties
 - Demonstration of appropriate behaviors following the incident
 - Repair or replace any damaged items

Due process to protect the rights of students will include:

- All students will be treated with dignity and respect as they go through correction procedures. The administration will see to it that their rights are protected through the process. If parents feel their student has not been treated fairly, they may address those concerns in accordance with this policy or the School's Parent Grievance Policy, as applicable.
- Parents will be notified when students are involved in situations that are deemed to be serious.
- Parents and students will be notified of the expectations, possible consequences, and the procedures involved in this policy at the beginning of each school year.

2. ENVIRONMENT

2.1 Safe School Environment

It is the School's policy to promote a safe and orderly school environment for all students and employees. Accordingly, the School holds all students, employees, and other adults to the highest standards of behavior in the classroom, on School grounds, in School vehicles, and during School-sponsored activities. Criminal acts or disruptive behavior of any kind will not be tolerated, and any individual who engages in such activity will be subject to disciplinary action, criminal prosecution, or both.

2.2 Discrimination Prohibited

It is the School's policy to provide equal educational and employment opportunity for all individuals. Therefore, the School prohibits all discrimination on the basis of race, color, religion, sex, age, national origin, disability, or veteran status. Complaints of discrimination or unfair application of this policy should be submitted pursuant to the School's applicable Grievance Policy.

3. DEFINITIONS

3.1 Suspension

For purposes of this policy, suspension means: (a) an in-school suspension that is a temporary removal of a student from the student's regular classroom for disciplinary reasons for at least half a school day but remains under the direct supervision of School personnel; or (b) an out-of-school suspension that is the removal of a student from School grounds for disciplinary reasons unless the student removed is: (i) served solely under a Section 504 plan, where an out-of-school suspension is the excluding of the student from school for disciplinary purposes for one day or longer; or (ii) a student with disabilities under the Individuals with Disabilities Education Act, where an out-of-school suspension is the temporary removal of the student from the student's regular school for disciplinary reasons to another setting.

A student who is suspended for ten (10) or fewer school days may, at the Principal's discretion, have access to homework, tests, and other schoolwork through a home study program but will not be allowed to attend classes or participate in any School activities during the period of suspension.

A student who is suspended for more than ten (10) school days shall be provided, or at least offered, alternative education services by the School, but such students will not be allowed to attend classes or participate in any School activities during the period of suspension.

For purposes of this policy, expulsion means a disciplinary removal from the School for more than ten (10) school days without an offer of alternative education services. An expulsion may be for a fixed or indefinite period of time. If a student is expelled from the School, that student's status as an enrolled student of the School is terminated. Expelled students are excluded from all School programs or activities for the period of expulsion.

3.3 Change of Placement for Students with Disabilities under IDEA and Section 504

For purpose of the removal of a student with a disability from the student's current educational placement, a "change of placement" occurs if (a) the removal is for more than ten (10) consecutive school days or (b) the student is subjected to a series of removals that constitute a pattern because they total more than ten (10) school days in a school year or because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another. Any "change of placement" requires compliance with the procedures outlined in Section 10 of this policy.

3.4 Disruptive Student Behavior

For purposes of this policy, "disruptive student behavior" means the behavior identified as grounds for suspension or expulsion described in Section 4.1, below.

3.5 Parent

For purposes of this policy, "parent" means (i) a custodial parent of a school-age child; (ii) a legally appointed guardian of a school-age child; or (iii) any other person purporting to exercise any authority over the child which could be exercised by a person described above.

3.6 Qualifying Minor

For purposes of this policy, "qualifying minor" means a school-age child who: (i) is at least nine years old; or (ii) turns nine years old at any time during the school year.

3.7 School Year

For purposes of this policy, "school year" means the period of time designated as the school year by the Board of Directors (the "Board") in the calendar adopted each year.

3.8 School-age Child

For purposes of this policy, "school-age child" means a minor who: (i) is at least six years old but younger than 18 years old; and (ii) is not emancipated.

4.2 Expulsion

A student may be expelled from School for any violation listed under Section 4.1 of this policy if the violation is serious or persistent.

4.3.1 Any student who commits an act for which mandatory suspension or expulsion is provided under Section 4.1.2, above, involving a real or lookalike weapon, explosive, or noxious or flammable material shall be expelled from School and all School programs and activities for a period of not less than one (1) year, subject to the following:

[a] Within forty-five (45) days after the expulsion, the student shall appear before the Case Management Team (“**CMT**”), which shall be comprised of the Principal, a Board member, and a teacher selected by them, accompanied by a parent; and

[b] The CMT shall determine:

(iv) what conditions must be met by the student and the student's parent for the student to return to School;

(v) if the student should be placed on probation in a regular school setting consistent with Utah Code Ann. § 53G-8-208, and what conditions must be met by the student in order to ensure the safety of students and faculty at the School; and

(vi) if it would be in the best interest of both the School and the student to modify the expulsion term to less than a year, conditioned on approval by the Board and giving highest priority to providing a safe school environment for all students.

[c] For purposes of this policy, the term "firearm", "explosive", and "noxious or flammable material" include but are not limited to: guns, starter pistols, cap guns, bombs, bullets and ammunition, gasoline or other flammable liquids, mace, pepper spray, matches, and lighters.

4.3.2 Students with Disabilities under IDEA and Section 504

Whenever a student receiving special education and related services under the Individuals with Disabilities Education Act (“IDEA”) or Section 504 of the Rehabilitation Act is determined to have carried a weapon to School or a School-sponsored activity, the procedures outlined in Section 10 of this policy must be followed.

4.4 Drugs and Controlled Substances – Mandatory Suspension or Expulsion – Utah Code Ann. § 53G-8-205(2)(a)

4.4.3 Drug Testing

[e] Any student who is reasonably suspected of violating Section 4.4 may be subject to a drug test for cause, arranged and paid for by the School.

[f] Any student who has been suspended or expelled for a violation of Section 4.4 may be required to provide a clean drug test and evidence of completion of drug assessment and/or drug counseling programs as a condition of readmission to School. Testing and counseling required as a condition of readmission rather than for the purpose of providing justification for the initial suspension or expulsion shall be arranged and paid for by the student's parent.

[g] Students who refuse to submit to required drug testing and counseling programs or to cooperate with School officials with respect to the sharing of appropriate information, may be expelled from the School.

[h] Any student who is suspended or expelled for violation of Section 4.4 may be subject to

random drug testing, at any time and for any reason, for a period of one year from the date of offense. If the student tests positive, he/she may be expelled from all School programs or activities. Any student who refuses consent for random drug testing under these conditions shall be expelled from all School programs or activities.

4.4.4 Students with Disabilities under IDEA

Whenever a student receiving special education and related services under IDEA knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School or a School-sponsored activity, the procedures outlined in Section 10 of this policy must be followed.

4.5 Gangs

For purposes of this policy, "gang" means any ongoing organization, association or group of three or more persons, whether formal or informal, having as one its primary activities the commission of criminal acts, which has a unique name or identifiable signs, symbols, or marks, and whose members individually or collectively engage in criminal or violent behavior to persons or property, or who create an unreasonable and substantial disruption or risk of disruption of a class, activity, program, or other function of a school.

School officials shall consult with local law enforcement authorities and gang detectives whenever they have questions regarding gang-related clothing, apparel, or other gang activity.

4.6 Bullying, Cyber-Bullying, Harassment, Hazing, and Abusive Conduct

Bullying, cyber-bullying, harassment, hazing, and abusive conduct of students and employees are against federal law, state law, and School policy, and are not tolerated by the School. It is the School's intent to respond to school-related incidents by implementing prevention efforts where victims can be identified and assessed, and perpetrators educated, in order to create a safer school that provide a positive learning environment.

School administration has the authority to discipline students and employees for off-campus speech that causes or threatens a substantial disruption on campus, at School activities, or causes or threatens a significant interference with a student's educational performance or involvement in School activities.

Additional information regarding these issues are contained in the School's Bullying and Hazing Policy, which is available on the School's website.

4.7.1 Students are prohibited from possessing or using electronic cigarette products, as defined by Utah Code Ann. § 76-10-101, on School property.

4.7.2 The Principal or their designee shall request the surrender of or confiscate electronic cigarette products as provided in Section 16 of this policy.

4.7.3 The Principal will ensure that any surrendered or confiscated electronic cigarette product is destroyed or disposed of. However, the Principal may allow the release of any surrendered or confiscated electronic cigarette product to local law enforcement if School personnel have a reasonable suspicion that the electronic cigarette product contains an illegal substance and local law enforcement requests that the School release it to them as part of an investigation or action.

5. AUTHORITY TO SUSPEND OR EXPEL

5.1 Authority to Suspend for Ten (10) School Days or Less for Regular Education Students

The Principal has the authority to suspend a regular education student for up to ten (10) school days. In considering whether to suspend a student, the Principal shall consider all relevant factors, including but not limited to, the severity of the offense, the student's age, disability, academic status and disciplinary record, parental capabilities, and community resources.

5.2 Authority to Suspend and Duration of Suspension for Students with Disabilities

The Principal has the authority to suspend a student with disabilities (504 or IDEA) for not more than ten (10) consecutive school days, and additional removals of not more than ten (10) total school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a pattern resulting in a change of placement. The School need not provide services during periods of removal of ten (10) days cumulative or less if services are not provided to a student without disabilities who has been similarly suspended.

5.3 Authority to Suspend for Longer than Ten (10) School Days or Expel for Regular Education Students

Subject to the requirements for due process set forth in Section 9, below, the Principal may suspend a regular education student for longer than ten (10) school days and up to one (1) year or expel a regular education student.

Expulsions shall be reviewed by the CMT and the conclusions reported to the Board at least once each year if the parent of the expelled student has expressed a desire for the student to return to the School.

5.3.1 Parental Responsibility

If a student is suspended for a period longer than ten (10) days or expelled, the student's parent is responsible for undertaking an alternative education plan that will ensure that the student's education continues during the period of expulsion. The parent shall work with designated School officials to determine how the student's education will continue through private education paid for by the parents, an alternative program offered by the local school district, or other alternatives which will reasonably meet the educational needs of the student. Costs of educational services which are not provided by the School are the responsibility of the student's parent.

5.3.2 The parent and designated School officials may enlist the cooperation of the Division of Child and Family Services, the juvenile court, law enforcement, or other appropriate government agencies in determining how to meet the educational needs of the student.

5.3.3 The School shall contact the parent of each student under age 16 who has been suspended for longer than ten (10) school days or expelled from all School programs and services at least once a month to determine the student's progress if the parent of the expelled student has expressed a desire for the student to return to the School.

5.4 Authority to Institute Change of Placement for Student with Disabilities

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504, or ADA, procedures outlined in the State of Utah Special Education Rules shall be followed, including prior written notice to parents regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

5.5 Reinstatement of Students who Have Been Suspended

In accordance with Utah Code Ann. § 53G-8-206, a suspended student may not be readmitted to the School until (a) the student and the parent have met with a designated School official to review the suspension and agreed upon a plan to avoid the recurrence of the problem; or (b) in the discretion of the Principal, the parent of the suspended student and the student have agreed to participate in such a meeting. This provision is subject to the requirements in Section 5.2 and 5.3.

6. PROCEDURES FOR ADDRESSING DISRUPTIVE STUDENT BEHAVIOR – Utah Code Ann. § 53G-8-210

6.1 Efforts to Resolve Disruptive Student Behavior Problems

6.1.1 Information About Resources. The School will provide to a parent of a student who engages in disruptive student behavior a list of resources available to assist the parent in resolving the student's disruptive behavior problem.

6.1.2 Procedures for Resolving Problems. The Principal or a teacher or counselor designated by the Principal will work with students who engage in disruptive student behavior according to the procedures identified in Section 7, below, in an attempt to help the student's behavior to improve and to prevent problems from escalating. Incidents of disruptive student behavior and attempts to resolve behavior issues will be documented. The notices of disruptive student behavior described in Section 6.2 and 6.3 below are issued at the discretion of the Principal and are not required to be issued prior to suspending or expelling a qualifying minor.

6.2 Notice of Disruptive Student Behavior

6.2.1 Authorization and Criteria. The Principal is authorized to issue notices of disruptive student behavior to qualifying minors who:

[a] engage in "disruptive student behavior" that does not result in suspension or expulsion three times during the school year; or

[b] engage in disruptive student behavior that results in suspension or expulsion once during the school year.

6.2.2 Contents of Notice. A notice of disruptive student behavior will:

[a] require the qualifying minor and a parent of the qualifying minor to whom the notice is issued to (i) meet with School authorities to discuss the qualifying minor's disruptive student behavior; and (ii) cooperate with the Principal and the Board in correcting the student's disruptive student behavior; and

[b] be mailed by certified mail to, or served in person on, a parent of the qualifying minor.

6.2.3 Contesting Notice. A qualifying minor, or a qualifying minor's parent, may contest a notice of disruptive student behavior by requesting in writing, within ten (10) business days after receipt of the notice, a meeting with the CMT at which the parent and the CMT will discuss the

facts related to the student's behavior, the basis of the parent's concerns with or objections to the issuance of the notice, and efforts that have been made to address the behavior problems.

6.3 Habitual Disruptive Student Behavior Notice

6.3.1 Authorization and Criteria. The Principal may issue a "habitual disruptive student behavior notice" to a qualifying minor who:

[a] engages in disruptive student behavior that does not result in suspension or expulsion at least six times during the school year;

[b] (i) engages in disruptive student behavior that does not result in suspension or expulsion at least three times during the school year; and (ii) engages in disruptive student behavior that results in suspension or expulsion at least once during the school year; or

[c] engages in disruptive student behavior that results in suspension or expulsion at least twice during the school year.

6.3.2 Notice to Parents. Within five (5) days after the day on which a habitual disruptive student behavior notice is issued, the Principal shall provide documentation to a parent of the qualifying minor who receives the notice of the efforts made by a School representative under Section 7, below.

6.4 Responses to School-Based Behavior

6.4.1 Definitions.

[a] "Mobile crisis outreach team" means a crisis intervention service for minors or families of minors experiencing behavioral health or psychiatric emergencies.

[b] "Restorative justice program" means a school-based program or a program used or adopted by a school that is designed to enhance school safety, reduce school suspensions, and limit referrals to court, and is designed to help minors take responsibility for and repair the harm of behavior that occurs in school.

[c] "Youth court" means the same as that term is defined in § 80-6-901, including that it is a diversion program that provides an alternative disposition for cases involving minors who have committed minor offenses in which youth participants, under the supervision of an adult coordinator, may serve in various capacities within the courtroom, acting in the role of jurors, lawyers, bailiffs, clerks, and judges.

6.4.2 Alternative School-Related Interventions. The Board may establish or partner with a certified youth court program or establish or partner with a comparable restorative justice program. The School may refer a student to youth court or a comparable restorative justice program in accordance with § 53G-8-211.

6.4.3 Referrals of Minors. A qualifying minor to whom a habitual disruptive student behavior notice is issued under Section 6.3.1 may not be referred to the juvenile court. The School will follow § 53G-8-211 with respect to referring a minor who is alleged to have committed an offense on School property when School is in session or during a School-sponsored activity. In accordance with § 53G-8-211:

[a] if the alleged offense on School property is a class C misdemeanor, an infraction, or a status offense, the minor shall be referred:

(i) to an evidence-based alternative intervention, including:

(1) a mobile crisis outreach team;

(2) youth services center, as defined in § 80-5-102;

(3) a certified youth court, as defined in § 80-6-901, or comparable restorative justice program;

(4) an evidence-based alternative intervention created and developed by the School or other governmental entities as set forth in § 53G-8-211(3)(a)(v); or

(5) a tobacco cessation or education program if the offense is a violation of § 76-10-105;
or

(ii) for prevention and early intervention youth services, as described in § 80-5-201, by the Division of Juvenile Justice and Youth Services if the minor refuses to participate in an evidence-based alternative intervention described above.

[b] Except as provided in Subsection [c] below, if a minor is alleged to have committed an offense on School property that is a class C misdemeanor, an infraction, or a status offense, the minor may be referred directly to a law enforcement officer or agency or a court only if:

(i) the minor allegedly committed an offense on School property on a previous occasion; and

(ii) the minor was referred to an evidence-based alternative intervention, or to prevention or early intervention youth services, as described in Subsection [a] above for the previous offense.

[c] If a minor is alleged to have committed a traffic offense that is an infraction, the minor may be referred directly to a law enforcement officer or agency, a prosecuting attorney, or a court for the traffic offense.

[d] If a minor is alleged to have committed an offense on School property that is a class B misdemeanor or a class A misdemeanor, the minor may be referred directly to a court or to the evidence-based alternative interventions in Subsection [a] above.

[e] If a minor commits an offense on School grounds when School is in session or at a School-sponsored activity and that information is reported to, or known by, a School employee, the School employee shall notify the Principal. After receiving such a notification, the Principal shall notify a law enforcement officer or agency if the Principal may refer the offense to a law enforcement officer or agency as explained above in this Section. The Principal shall also notify other School personnel if the Principal determines that other School personnel should be informed.

6.4.4 Referral of Students for Firearm Offense. If a student brings a firearm or weapon to the School, the student shall be referred directly to a law enforcement officer or agency, a prosecuting attorney, or a court.

7. ALTERNATIVES TO EXPULSION, OR CHANGE OF PLACEMENT FOR FREQUENT OR FLAGRANT DISRUPTIVE BEHAVIOR – Utah Code Ann. § 53G-8-207

A continuum of intervention strategies shall be available to help students whose behavior in School repeatedly falls short of reasonable expectations. Prior to suspending a student for more than ten (10) school days or expelling a student for repeated acts of willful disobedience, defiance of authority, or disruptive behavior which are not so extreme or violent that immediate removal is warranted, good faith efforts shall be made to implement a remedial discipline plan to allow the student to remain in the School.

7.1 Before referring the student for long-term suspension, expulsion or change of placement under this Section, School staff should demonstrate that they have attempted some or all of the following interventions:

7.1.1 Talking with the student;

7.1.2 Class schedule adjustment;

7.1.3 Phone contact with the parent;

7.1.4 Informal parent/student conferences;

7.1.5 Behavioral contracts;

7.1.6 After-school make-up time;

7.1.7 Short-term in-school suspension;

7.1.8 Short-term at-home suspensions;

7.1.9 Appropriate evaluation;

7.1.10 Home study;

7.1.11 Alternative programs; or

7.1.12 Law enforcement assistance as appropriate.

7.2 Parental Attendance with Student – Utah Code Ann. § 53G-8-207(1)-(2).

As part of a remedial discipline plan for a student, the School may require the student's parent, with the consent of the student's teachers, to attend class with the student for a period of time specified by a designated School official. If the parent does not agree or fails to attend class with the student, the student shall be suspended in accordance with the provisions of this policy.

8. DUE PROCESS FOR SUSPENSIONS OF TEN (10) SCHOOL DAYS OR LESS

The following procedure shall apply to all students facing suspension of ten (10) school days or less:

8.1 The Principal shall notify the student's custodial parent of the following without delay: that the student has been suspended, the grounds for the suspension, the period of time for which the student is suspended, and the time and place for the parent to meet with the Principal to review the suspension.

8.2 The Principal shall also notify the non-custodial parent, if requested in writing, of the suspension.

8.2.1 Section 8.2 does not apply to the portion of School records which would disclose any information protected under a court order.

8.2.2 The custodial parent is responsible to provide the School a certified copy of any court order under Subsection 8.2.1.

8.3 The Principal shall document the charges, evidence, and action taken.

8.4 Unless one of the exceptions below applies, before a suspension begins the student shall be given notice of the charges, provided with an explanation of the evidence, and given an opportunity to present his/her version of the incident to the Principal. The student shall be requested to present his/her version of the incident in writing. Students with disabilities or young students who are unable to write their own statements shall be accommodated through the use of tape recorder, scribe, etc.

8.4.1 In general, the notice and informal conference described in Section 8.4 above shall precede the student's removal from the School.

8.4.2 If, in the judgment of the Principal, notice and an informal conference is not possible because the student poses a danger to a person or property or an ongoing threat of substantially disrupting the academic process, he/she may be removed immediately. However, in such cases, the necessary notice and informal conference shall follow as soon as possible.

9. DUE PROCESS FOR SUSPENSIONS OF MORE THAN TEN (10) SCHOOL DAYS AND EXPULSIONS

The following procedure shall apply to all students facing suspension of more than ten (10) school days or expulsion:

9.1 The Principal shall first follow the due process procedures set forth in Section 8 above. If, after following the due process procedures in Section 8, the Principal believes that a student should be suspended for more than ten (10) school days or expelled, the Principal may make the initial decision and shall meet with the student's parent to discuss the charges against the student and the proposed discipline within five (5) school days after the suspension or expulsion began. If requested in writing, the Principal shall also notify the non-custodial parent of the suspension or expulsion as outlined in Section 8.2 of this policy. A suspension may not extend beyond ten (10) school days unless the student and the student's parent have been given a

reasonable opportunity to meet with the Principal and respond to the allegations and proposed disciplinary action.

9.2 Notice to Student and Parent

During the meeting required in Section 9.1, the Principal shall provide the student's parent with written notice that includes all of the following elements (or, if the student's parent refuses to meet, the Principal shall send the notice by certified mail, return receipt requested, to the student's parent within ten (10) school days after the suspension or expulsion began):

9.2.1 a description of the alleged violation(s) or reason(s) giving rise to disciplinary action;

9.2.2 the penalty being imposed (duration of suspension or expulsion);

9.2.3 a statement that a due process hearing may be requested by providing the Principal with written notice within ten (10) school days of the parent's receipt of the notice;

9.2.4 a statement that, if a due process hearing is requested, the Board, even though less than a quorum, will conduct the hearing, with or without the help of a hearing officer;

9.2.5 a statement that the suspension or expulsion is taking effect immediately and will continue for the stated period unless a due process hearing is requested in a timely manner and the Board (even though less than a quorum) determines otherwise;

9.2.6 the mailing date of the notice; and

9.2.7 a statement that, if a hearing is not requested within ten (10) school days after receipt of the notice, the Principal's decision to suspend or expel the student will be final, and the parent's right to oppose the decision will be waived.

9.3 Hearing Procedures

If a Due Process Hearing is requested in response to the notice sent pursuant to Section 9.2 of this policy, the following procedures shall apply:

9.3.1 After receipt of the request, the School shall schedule a hearing as soon as possible but not later than ten (10) school days following receipt of the request unless the student's parent agrees otherwise.

9.3.2 A written Hearing Notice shall be sent to the parent informing the parent that the Due Process Hearing will be conducted before the Board (even though less than a quorum) and of the following information:

[e] the date, place, and time of the hearing;

- [f] the circumstances, evidence, and issues to be discussed at the hearing;
- [g] the right of all parties to have legal counsel present;
- [h] the right of all parties to present evidence;
- [i] the right of all parties to cross-examine witnesses subject to the presiding Board member's or hearing officer's determination that this right should be limited to protect student witnesses from retaliation, ostracism or reprisal; and
- [j] the right of all parties to examine all relevant records.

9.3.3 The Board (even though less than a quorum) shall conduct the Due Process Hearing on the record and shall:

- [f] ensure that a written record of the Hearing is made, a copy of which shall be provided to all parties upon request, with the cost borne by the School;
- [g] consider all relevant evidence presented at the Hearing;
- [h] allow the right to cross-examination of witnesses, unless the presiding Board member or hearing officer determines that this right should be limited to protect student witnesses from ostracism, retaliation or reprisal;
- [i] allow all parties a fair opportunity to present relevant evidence; and
- [j] issue a written decision including findings of fact and conclusions.

9.3.4 Hearing Rules

Formal Rules of Evidence do not apply to the Due Process Hearing, and no discovery is permitted. However, the following rules will apply:

- [e] parties may have access to information contained in the School's files to the extent permitted by law;
- [f] hearings shall be closed to the press and the public;
- [g] documents, testimony, or other evidence submitted by the parties after the hearing will not be considered by the Board (even though less than a quorum) or hearing officer; and
- [h] the Board (even though less than a quorum) or hearing officer may excuse witnesses or parties or suspend or terminate a hearing if persons involved in the hearing are abusive, disorderly, disruptive, or if they refuse to abide by the rules and orders of the Board or hearing officer.

10. DUE PROCESS FOR CHANGE OF PLACEMENT OF STUDENTS WITH DISABILITIES

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504 or ADA, procedures outlined in the Utah State Board of Education Special Education Rules shall be followed, including prior written notice to parents regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

10.1 Required Services

10.1.1 504 and ADA Students

When a determination is made that the conduct of a 504 or ADA student (but not a student who is disabled under IDEA) is not a manifestation of the student's disability pursuant to Section 10.5, the student shall be subject to the same disciplinary consequences as regular education students, up to and including expulsion from School; however, the School must continue to provide education services in accordance with guidelines established by the Utah State Board of Education.

10.1.2 IDEA

A school need not provide services during periods of removal to a student with a disability under IDEA who has been removed from his or her current placement for ten (10) school days or less in that school year if services are not provided to a student without disabilities who has been similarly removed.

If a student with a disability under IDEA has been removed from his or her current placement for more than ten (10) school days in the same school year, for the remainder of the removals the School shall provide services to the extent necessary to enable the student to progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. School personnel, in consultation with the student's special education teacher, determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and advance toward achieving the goals set out in the student's IEP.

10.2 Change of Placement for Weapons, Drugs, or Serious Bodily Injury

A student's IEP team may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than forty-five (45) school days, if:

10.2.1 The student carries a weapon to or possesses a weapon at School, on School premises, or to or at a School-sponsored activity; or

10.2.2 The student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School, on School premises, or at a School-sponsored activity; or

10.2.3 The student has inflicted serious bodily injury upon another person while at School, on School premises, or at a School-sponsored activity.

10.3 Change of Placement Due to Student's Serious Misconduct

School officials may request an expedited due process hearing in order to change the placement of a student with a disability to an appropriate interim alternative educational setting, recommended by the student's IEP team, for not more than forty-five (45) school days. A hearing officer may order such a change, if he/she:

10.3.1 Determines that School officials have demonstrated by substantial evidence that maintaining the current placement of a student is substantially likely to result in injury to the student or others;

10.3.2 Considers the appropriateness of the student's current placement;

10.3.3 Considers whether School officials have made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and

10.3.4 Determines that the interim alternative educational setting being recommended by School officials (1) has been selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP: and (2) includes services and modifications designed to address the behavior at issue so that it does not recur.

10.4 Parental Notice

As soon as a decision is made by School officials to remove a student with a disability from his/her current placement for more than ten (10) school days, the student's parents must be notified of that decision and of all procedural safeguards outlined by law and School policy.

10.5 IEP Meetings for Manifestation Determination

10.5.1 Immediately, if possible, but in no case later than ten (10) school days after the date on which the decision is made to remove the student from the current placement, a review must be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.

10.5.2 The manifestation review must be conducted by the student's IEP team and other qualified School personnel.

10.5.3 In conducting the manifestation review, the IEP team may determine that the behavior of the student was not a manifestation of student's disability only if the IEP team:

[a] First considers, in terms of behavior subject to disciplinary action, all relevant information, including:

(i) Evaluation and diagnostic results, including the results or other relevant information supplied by the parents of the student;

(iv) Observations of the student; and

(v) The student's IEP and placement; and

[b] Then determines whether:

(iii) The conduct in question was caused by or had a direct and substantial relationship to the child's disability; or

(iv) The conduct in question was the direct result of the School's failure to implement the student's IEP.

10.5.4 If the IEP team determines that either of the standards above was met, the behavior must be considered a manifestation of the student's disability.

10.5.5 Determination that Behavior was not Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was not a manifestation of the student's disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities, except that a free appropriate public education must still be made available to the student if the student is suspended or expelled from School.

10.5.6 Determination that Behavior was Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was a manifestation of the student's disability, the student must remain in or be returned to the prior placement.

10.6 IEP Meetings for Functional Behavioral Assessments

10.6.1 Post-Discipline Functional Behavioral Assessments

If School officials have not conducted a Functional Behavioral Assessment and implemented a behavioral intervention plan for the student before the behavior that results in a removal from School for longer than ten (10) school days or a change of placement to an interim alternative educational setting, School officials shall convene an IEP meeting to develop an assessment plan and appropriate behavioral interventions to address that behavior.

10.6.2 Pre-Discipline Behavioral Intervention Plans

If the student already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.

10.7 Placement During Appeals and Stay Put

10.7.1 If a parent requests a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student must remain subject to the disciplinary action pending the decision of the hearing officer or until the expiration of the forty-five (45) school-day period, whichever occurs first, unless the parent and School officials agree otherwise.

10.7.2 If a student is placed in an interim alternative educational setting and School personnel propose to change the student's placement after expiration of the interim alternative placement, during the pendency of any proceeding to challenge the proposed change in placement the student must remain in the current placement (the student's placement prior to the interim alternative education setting), unless School officials succeed in getting an order through an expedited hearing as described in Section 10.3.

11. ADMINISTRATIVE STUDENT CONDUCT AND DISCIPLINE PLAN(S)

11.1 Elements of Plan(s)

The Principal will develop, with input from administration, instruction and support staff, students, parents, and other community members, a Student Conduct and Discipline Plan(s). The plan(s) shall be comprehensive, clearly written, consistently enforced, and include the following elements:

11.1.1 written standards for student behavior expectations, including schoolwide and classroom management;

11.1.2 effective instructional practices for teaching student expectations;

11.1.3 systematic methods for reinforcing expected behaviors;

11.1.4 uniform and equitable methods for correcting student behavior;

11.1.5 procedures for re-teaching behavior expectations followed by effective, evidence-based interventions matched to student needs before suspension or court referral;

11.1.6 direction to determine the range of behaviors and establish the continuum of administrative procedures that may be used by School personnel to address student behavior; and

11.1.7 procedures for responding to reports received through the SafeUT Crisis Line under Utah

Code Ann. § 53H-4-210.

11.2 Plan(s) Consistent with this Policy

The administrative Student Conduct and Discipline Plan(s) shall be consistent with this policy. It shall also be consistent with the School's Plan for Harassment and Discrimination Free Learning, which shall be developed by the Principal in accordance with § 53G-8-802 and R277-609.

12. EXTRACURRICULAR ACTIVITIES

Participation in interscholastic athletics and other extracurricular activities is not a constitutionally protected civil right. Therefore, students who are suspended or expelled may lose the privilege of participation during the period of suspension/expulsion and may not be allowed to invoke due process procedures to challenge the denial of extracurricular participation.

13. RE-ADMISSION OF EXPELLED STUDENTS AND DENIAL OF ADMISSION BASED ON PRIOR EXPULSION – Utah Code Ann. § 53G-8-205(3)

A student who is expelled from the School can only be re-admitted to the School through the School's standard lottery procedures.

A student may be denied admission to the School if he or she was expelled from the School or any other school during the preceding 12 months.

14. INVESTIGATIONS

Whenever the Principal has reason to believe that School rules or policies have been broken, he or she shall proceed with an investigation. However, if the Principal believes that laws have been broken or child abuse has occurred, he/she shall request appropriate authorities to conduct the investigation.

14.1 General Investigation Guidelines for Principal

The Principal has the authority and duty to conduct investigations and to question students pertaining to infractions of School rules, whether or not the alleged conduct is a violation of criminal law. The Principal shall conduct investigations according to the following general guidelines:

14.1.1 The Principal shall conduct investigations in a way that does not unduly interfere with School activities.

14.1.2 The Principal shall separate witnesses and offenders in an attempt to keep witnesses from collaborating their statements and have all parties provide separate statements concerning the incident under investigation; written statements are preferable, if possible.

14.1.3 The Principal shall advise students suspected of wrongdoing orally or in writing of the nature of the alleged offense.

14.1.4 Students must be provided an opportunity to give their version of the incident under investigation; however, refusals to respond or provide information should be respected.

14.1.5 When questioning students as part of an investigation, School staff should have another adult present whenever possible.

14.1.6 The Principal shall accommodate students with disabilities and young children unable to write their own statements through use of tape recorders, scribes, etc.

14.1.7 All students involved in the investigation shall be instructed that retaliation is prohibited. Any act of reprisal against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing is strictly prohibited and subject to disciplinary action.

14.1.8 When the investigation is completed and if it is determined that disciplinary action may be in order, due process requirements must be met. Specifically, the student must be given proper notice of the charges against him/her and the disciplinary action being recommended, as well as a fair opportunity to present his or her version of the facts.

14.2 Coordination with Law Enforcement

The Principal has the responsibility and the authority to determine when the help of law enforcement officers is necessary, as outlined in this policy and Utah State law.

14.2.1 The School administration may invite law enforcement officials to the School to:

[d] conduct an investigation of alleged criminal conduct on the School premises or during a School-sponsored activity;

[e] maintain a safe and orderly educational environment; or

[f] maintain or restore order when the presence of such officers is necessary to prevent injury to persons or property.

14.2.2 Investigation of Criminal Conduct

During an investigation for violation of School rules, it may become evident that the incident under investigation may also be a violation of criminal law. If the School official has reason to suspect that a criminal act has been committed and, in the opinion of the Principal, law enforcement should be notified, the following procedure should be followed:

[h] The Principal shall request that law enforcement officers conduct an investigation during school hours and question students who are potential witnesses to the alleged criminal behavior.

[i] The School official shall inform the student's parent as soon as possible that the student may have committed a criminal act and that law enforcement authorities will be involved in the investigation.

[j] Unless circumstances dictate otherwise, questioning of the student by School officials shall not begin or continue until the law enforcement officers arrive.

[k] Reasonable attempts shall be made to contact the student's parents who, unless an

emergency exists, shall be given the opportunity to meet with the student and to be present with the student during questioning by law enforcement authorities.

[l] The Principal shall document the contact or attempted contact with the student's parents. If the Principal cannot contact the student's parent, or if the parent is unable to be present with the student for questioning, the Principal shall be present and document generally what occurs during the interview.

[m] The student shall not be questioned by law enforcement unless or until he/she has received Miranda warnings from the officer.

[n] If the parent or student refuses to consent to questioning by law enforcement authorities, the law enforcement authorities shall determine the course of action to be pursued.

14.2.3 Investigation Initiated by Law Enforcement Authorities

School officials shall cooperate with law enforcement authorities who are carrying out official duties such as investigating crimes, serving subpoenas, etc.

[c] When law enforcement officers can show a need to do so, they shall be permitted to conduct an investigation on School grounds during School hours.

[d] Such a need will ordinarily be shown if delay in police investigation might result in danger to a person, flight from jurisdiction by a person reasonably suspected of a crime, or destruction of evidence. In such cases:

(vi) The officers shall be required to get prior approval of the Principal or other designated person before beginning an investigation on School premises.

(vii) The Principal shall document the circumstances warranting the investigation as soon as practical.

(viii) Alleged criminal behavior related to the School environment brought to the Principal's attention by law enforcement officers shall be dealt with under the provisions of Section 14.1.

(ix) Law enforcement officials (investigating School-related or student-related crimes) may not have access to student education records, aside from directory information, unless they have a subpoena or court order or permission from a parent.

14.2.4 Release of Student to Law Enforcement Official

[h] Students may not be released to law enforcement authorities voluntarily by School officials unless the student has been placed under arrest or unless the parent and the student agree to the release.

[i] When students are removed from School for any reason by law enforcement authorities, every reasonable effort shall be made to contact the student's parent immediately except in cases of child abuse and neglect. Such effort shall be documented.

[j] The Principal shall immediately notify the Board of the removal of a student from School by law enforcement authorities.

[k] Where it is necessary to take a student into custody on School premises, the law enforcement officer shall contact the Principal and relate the circumstances necessitating such action.

[l] Whenever the need arises to make arrests or take students into custody on School premises, the Principal shall make reasonable efforts to consult and confer with the law enforcement officers as to how an arrest is to be made.

[m] When possible, the Principal shall have the student summoned to the Principal's office before the student is taken into custody.

[n] When a student has been taken into custody or arrested on School premises without prior notification to the Principal, the School staff present shall encourage the law enforcement officers to tell the Principal of the circumstances as quickly as possible. If the officers decline to tell the Principal, the School staff members present shall immediately notify the Principal.

14.2.5 Quelling Disturbances of School Environment

Law enforcement officers may be requested to assist in controlling disturbances of the School environment that a Principal has found to be unmanageable by School personnel and that has the potential of causing harm to students and other persons or to property. Such circumstances include situations where a parent or member of the public exhibits undesirable or illegal conduct on or near School grounds or at a School-sponsored activity and who refuse to abide by a Principal's directive to leave the premises.

15. INVESTIGATION OF CHILD ABUSE AND NEGLECT

Utah law requires that whenever any person, including any School employee, has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, he/she shall immediately notify the nearest peace officer, law enforcement agency, or office of the Division of Child and Family Services.

15.1 The School shall distribute annually to all School employees copies of the School's procedures for reporting suspected child abuse or neglect.

15.2 If there is reason to believe that a child may have been subjected to abuse or neglect, an oral report shall be made immediately by the School employee reporting the abuse/neglect with a written report to follow within twenty-four (24) hours.

15.2.1 When making the oral report, always have the person you notify identify himself/herself. The notified person's name shall be entered on the written report.

15.2.2 A copy of the written report shall be put in a child abuse-neglect file to be maintained by the Principal, for all reported cases of suspected child abuse or neglect.

15.2.3 The child abuse-neglect reporting form shall not be placed in the student's personal file.

15.3 It is not the responsibility of the Principal or other School employees to prove that the child has been abused or neglected, or to determine whether the child is in need of protection.

15.3.1 Investigation by staff prior to submitting a report shall not go beyond that necessary to support a reasonable belief that a reportable problem exists.

15.3.2 To determine whether or not there is reason to believe that abuse or neglect has occurred, professional School employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

15.3.3 Interviews with the child or suspected abuser shall not be conducted by the Principal or School employees.

15.3.4 Notes of voluntary or spontaneous statements by the child shall be made and given to the investigating agency.

15.3.5 The Principal, School employees, Division of Child and Family Services and law enforcement personnel are required to preserve the anonymity of those making the initial report and any others involved in the subsequent investigation.

15.3.6 Investigations are the responsibility of the Division of Child and Family Services.

[c] The Principal or other School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.

[d] School officials shall cooperate with social service and law enforcement agency employees authorized to investigate reports of alleged child abuse and neglect, assisting as asked as members of interdisciplinary child protection teams in providing protective diagnostic, assessment, treatment, and coordination services.

15.3.7 Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune, in accordance with state law, from any civil or criminal liability that otherwise might arise from those actions.

16. SEARCHES OF PERSON OR PROPERTY

Given the School's custodial and tutelary responsibility for children, and the Board's intent to preserve a safe environment for all students and staff, the Board recognizes that School officials must have the authority to conduct reasonable searches of students and student property.

School officials engaging in searches of students and property shall abide by the following guidelines:

16.1 General Guidelines for Searches of Person or Property

16.1.1 Student Lockers

Students have no right or expectation of privacy in school lockers. While lockers are under the joint control of students and the School, lockers are solely School property and may be searched at any time by School officials with or without cause. Once a locker is opened for search, any search of student belongings contained within the locker must comply with the guidelines for searches of personal belongings in Section 16.2 of this policy.

16.1.2 Searches of Students and Student Property

Searches of a student's person, personal property (coats, hats, backpacks, bookbags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's conduct creates a reasonable suspicion that a particular School rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which School officials have a reasonable suspicion that the student or student property is concealing items including but not limited to weapons, drugs, controlled substances, electronic cigarette products, alcohol, tobacco, unsafe contraband, pornography, pagers or lost/stolen/misplaced items.

16.2 Searches of Personal Belongings

16.2.1 Personal belongings may be searched by School officials whenever School officials have a reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a School official. All searches of student property by School officials shall be witnessed by an objective third party (such as another teacher, or police officer) to observe that the search is not excessively intrusive.

16.2.2 All contraband discovered in a search by School officials shall be immediately confiscated and turned over to law enforcement officers if School officials have reason to believe the contraband is related to the commission of a criminal act.

16.3 Searches of Person

16.3.1 School officials shall make sure the search meets the following guidelines:

[g] The search shall be conducted in a private area of the School by a School official of the same sex (where practical) as the student being searched;

[h] The search shall be observed by an objective third party of the same sex as the student being searched (i.e., Principal, teacher, police officer);

[i] School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband;

[j] Under no circumstances may School officials require students to remove any other items of clothing or touch students in any way during the search.

[k] If this limited search does not turn up suspected contraband and School officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and investigation.

[l] In general, all questioning and searching of students conducted by law enforcement officers shall proceed according to the investigation guidelines in Section 14 of this policy.

16.4 Documentation of Searches

School officials shall thoroughly document the details of any search conducted of a student's property or person. Documentation shall be made at the time of the search, or as soon as possible thereafter, and shall include the following:

16.4.1 The time, place and date of the search;

16.4.2 The reasonable suspicion giving rise to the search (what did School officials suspect to find during the search);

16.4.3 The name and title of individuals conducting and observing the search;

16.4.4 A statement about evidence that was found or not found as a result of the search;

16.4.5 A statement about who took possession of contraband (i.e., police, school, etc.);

16.4.6 Information regarding the attempts of School officials to notify parents about the search.

17. RECORDS—INTERAGENCY COLLABORATION – 20 U.S.C. § 1232g(h)(i)-(2); Utah Code Ann. § 53G-8-402 to -405

17.1 Requirements After Receiving Notification From Juvenile Court and/or Law Enforcement Agencies of a Student's Serious Offense or Sexual Crime.

17.1.1 If the President of the Board is notified by the juvenile court that a current or former student of the School has been adjudicated for a serious offense or sexual crime or is notified by a law enforcement agency that a current or former student of the School has been taken into custody or detention for a serious offense or sexual crime, the President of the Board shall notify the Principal within three (3) days of receiving the notification.

"Serious offense" is defined in Utah Code Ann. § 80-6-103 and means the following: a violent felony as defined in § 76-3-203.5; an offense that is a violation of Title 76, Chapter 6, Part 4,

Theft, and the property stolen is a firearm; or an offense in violation of Title 76, Chapter 10, Part 5 Weapons.

“Sexual crime” or “sexual misconduct” means any conduct described in Title 76, Chapter 5, Part 4, Sexual Offenses; Title 76 Chapter 5b, Sexual Exploitation Act; § 76-7-102, incest; § 76-9-702, lewdness; and § 76-9-702.1, sexual battery.

17.1.2 Upon receipt of the information about a student’s serious offense (whether from the President of the Board or directly from the juvenile court or law enforcement agency), the Principal shall make a notation in a secure file other than the student’s permanent file. Beginning no later than July 1, 2025, the School shall digitally maintain the secure file or, if available, the student’s related reintegration plan described below, for one year from the day the notice is received and ensure the secure file follows the student if the student transfers to a different school.

17.1.3 Upon receipt of the information about a student’s serious offense or sexual crime (whether from the President of the Board or directly from the juvenile court or law enforcement agency), the Principal shall, if the student is still enrolled in the School, notify staff members who, in the Principal’s opinion, should know of the adjudication, arrest, or detention. Staff members receiving information about a juvenile student’s adjudication, arrest or detention may only disclose the information to other persons having both a right and a current need to know.

17.2 Multidisciplinary Team and Reintegration Plan

17.2.1 In addition to complying with the requirements above, the School shall, within five (5) days after receiving a notification described in Section 17.1.1 about a student, or within a reasonable time after otherwise being notified of a student committing a serious offense or sexual crime, develop a reintegration plan for the student with a multidisciplinary team, the student, and the student’s parent. The multidisciplinary team should include the School, the juvenile court, the Division of Juvenile Justice and Youth Services, the School’s Safety and Security Specialist, the School’s Safety and Security Director, the School’s Resource Officer (if any), and any other relevant party that should be involved in a reintegration plan.

17.2.2 The reintegration plan shall address:

[a] a behavioral intervention for the student;

[b] a short-term mental health or counseling service for the student;

[c] an academic intervention for the student; and

[d] if the serious offense or sexual crime was directed at a School employee or another student within the School, notification of the reintegration plan to that School employee or student and the student’s parent.

17.2.3 The School may deny admission to the student until the School completes the reintegration plan.

17.2.4 The School’s Resource Officer (if any) shall provide input for the School to consider regarding the safety risks a student may pose upon integration. The School shall also notify its Resource Officer (if any) of any student who is on probation.

17.2.5 The School shall not reintegrate a student when:

[a] a student or staff member of the School has a protective order against the student being reintegrated; or

[b] a student or staff member of the School is a victim of the serious offense or sexual crime or forcible felony (as defined in Utah Code Ann. § 76-2-402) committed by the student being reintegrated.

17.2.6 The School may elect to not integrate a student into the School if the student has committed, or allegedly committed, a forcible felony. If the School elects to not integrate such a student, the School shall provide alternative education options for the student.

17.2.7 A reintegration plan under this Section is classified as a protected record under Utah Code Ann. § 63G-2-305. All other records of disclosures under this Section are governed by the Government Records Access and Management Act and the Family Educational Rights and Privacy Act (“FERPA”).

17.3 Students Committing a Serious Offense or Sexual Crime are Subject to Suspension or Expulsion

Students who commit a serious offense or sexual crime, whether on or off School property, are subject to the suspension and expulsion provisions of this policy.

17.4 Student Discipline Records/Education Records

School officials may include appropriate information in the education record of any student concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.

17.4.1 Disclosure of Discipline Records to Other Educators

School officials may disclose student discipline information described above to teachers and other School officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

17.4.2 Disclosure of Discipline Records to Other Agencies

School officials shall not release personally identifiable student discipline records to other government agencies, including law enforcement agencies, unless the agency produces a subpoena or court order (need for standing court order from juvenile court), the student's parent has authorized disclosure, or a FERPA exception applies.

18. EMERGENCY SAFETY INTERVENTIONS

A School employee may not use physical restraint on a student or place a student in seclusion except as a necessary emergency safety intervention in compliance with this Section.

18.1 Definitions

18.1.1 “Comprehensive emergency safety intervention training” means a training required for key identified school employees that has the components described in R277-608-4(4).

18.1.2 “Chemical restraint” means the use of medication administered to a student, including medications prescribed by the student’s physician or other qualified health professional, on an as-needed basis for the sole purpose of involuntarily limiting the student’s freedom of movement.

18.1.3 “Emergency safety intervention” (“ESI”) means the use of seclusion or physical restraint when a student presents an immediate danger to self or others. An ESI may not be used for disciplinary purposes.

18.1.4 “Immediate danger” or “immediate and significant threat” means the imminent risk of physical violence toward self or others, or other physical behaviors which are likely to cause imminent risk of substantial bodily injury or serious bodily injury.

18.1.5 “Key Identified School Employee” means a School employee who has completed foundational behavior support training and comprehensive emergency safety intervention training and has been authorized by the Principal to utilize an ESI at the School when necessary.

18.1.6 “Mechanical restraint” means the use of any device or equipment to restrict a student’s freedom of movement.

18.1.7 “Foundational behavior support training” means a training required for all School employees who supervise students or may be asked to assist in managing a student’s behavior that has the components described in R277-608-4(1).

18.1.8 “Physical restraint” means a personal restriction that immobilizes or significantly reduces the ability of a student to move the student’s arms, legs, body, or head freely.

18.1.9 “Physical escort” means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of guiding a student to another location.

18.1.10 “Seclusion” means seclusionary time out that is the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving, including: (i) placing a student in a locked room; or (ii) placing a student in a room where the door is blocked by furniture or held closed by staff.

18.1.11 “Serious bodily injury” means bodily injury that creates or causes serious permanent disfigurement, protracted loss or impairment of the function of any bodily member or organ, or creates a substantial risk of death.

18.1.12 “Substantial bodily injury” means bodily injury, not amounting to serious bodily injury, that creates or causes protracted physical pain, temporary disfigurement, or temporary loss or impairment of the function of any bodily member or organ.

18.2 General Procedures

18.2.1 All School employees who supervise students, or who may be asked to assist in managing a student’s behavior, shall receive foundational behavior support training. This training must be completed within two months, or within 30 days if working directly with a student with disabilities, of employment at the School and bi-annually thereafter.

18.2.2 Key Identified School Employees shall receive comprehensive ESI training in addition to foundational behavior support training. Comprehensive ESI training shall be completed before a Key Identified School Employee may use an ESI with a student and annually thereafter.

18.2.3 An ESI shall:

[a] be applied for the minimum time necessary to ensure safety, as reasonably understood by the Key Identified School Employee using the ESI;

[b] be released under the following circumstances (release criteria):

(i) as soon as the student is no longer an immediate danger of physical harm to self or others (e.g., student is no longer hitting, kicking, biting, throwing objects, self-harming, or making other movements that create imminent risk of physical violence; student is able to respond to staff verbally or nonverbally in a regulated way; and/or the student exhibits signs of de-escalation, such as having a relaxed body, no longer attempting to break free, or breathing slowly); or

(ii) if the student is in severe distress (e.g., student is having difficulty breathing or is vomiting, gagging, experiencing chest pain, or turning pale or blue in the face);

[c] never be used as punishment or discipline;

[d] in no instance be imposed for more than 30 minutes, per occurrence; and

[e] be documented and reported, as required.

18.2.4 The School prohibits dangerous practices as defined by the School, including dangerous practices outlined in the Least Restrictive Behavioral Interventions (LRBI) Technical Assistance manual.

18.2.5 The School shall take prompt and appropriate action, including in-service training and other administrative action, upon confirming a violation related to the use of an ESI on a student. Violations of any standards for seclusion or physical restraint established by the Utah State Board of Education shall also result in a referral to local law enforcement and the Utah Professional Practices Advisory Commission.

18.3 Students with Disabilities Receiving Special Education Services

18.3.1 Use of ESI for a student with a disability receiving specialized educational services under IDEA or Section 504 shall be subject to all applicable state and federal laws, including LRBI policies and procedures for special education/504 programs.

18.3.2 Additionally, ESIs written into a student's IEP as a planned intervention are prohibited unless school personnel, the family, and the IEP team agree less restrictive means have been attempted; a Functional Behavioral Assessment has been conducted; and a positive behavior intervention plan based on data analysis has been written into the plan and implemented.

18.4 Physical Restraint

18.4.1 Key Identified School Employees may, in accordance with Section 18.2.3 and when acting within the scope of employment, use physical restraint on a student when the student presents an immediate danger to self or others and when no other safe or effective intervention is available.

18.4.2 Key Identified School Employees may use reasonable and necessary physical restraint only:

[a] in self-defense;

[b] to protect a student or another person from physical injury;

[c] to remove from a situation a student who is violent;

[d] to take possession of a weapon or other dangerous object in the possession or under the control of a student; or

[e] to protect property from being damaged, when physical safety is at risk.

18.4.3 When an employee exercises physical restraint as an ESI on a student, the following types of physical restraint are prohibited:

[a] prone, or face-down;

[b] supine, or face-up;

[c] physical restraint which obstructs the airway or adversely affects the student's primary mode of communication;

[d] mechanical restraint, except for restraints required by law, including seatbelts or any other safety equipment used to secure students during transportation, protective or stabilizing restraints as prescribed by an appropriate medical or related services professional, and devices used by a law enforcement officer in carrying out law enforcement duties; or

[e] chemical restraint.

18.4.4 A Key Identified School Employee may not use physical restraint on a student for more than the shortest of the following before stopping, releasing, and reassessing the intervention used:

[a] the amount of time described in the School's ESI training program;

[b] 30 minutes; or

[c] when law enforcement intervenes.

18.4.5 Despite the foregoing, a Key Identified School Employee shall first use the least restrictive intervention available to the employee, including a physical escort, to address circumstances described in Section 18.4.1. In addition, nothing in this Section prohibits a Key Identified School Employee from subsequently using less restrictive interventions to address circumstances described in Section 18.4.1.

18.4.6 A student who has been physically restrained and then released shall, in addition to being promptly reassessed by the Key Identified School Employee, be monitored for a reasonable period of time to help ensure the continued safety and well-being of the student and others. Monitoring should include observation for signs of such things as injury, respiratory distress, or continued escalation, and the Principal and medical personnel shall be notified when warranted.

18.5 Seclusion

18.5.1 A Key Identified School employee may, in accordance with Section 18.2.3 and when acting within the scope of employment, place a student who is in grade 1 or higher in seclusion as an ESI when the student presents an immediate danger to self or others and when no other safe or effective intervention is available. Students in kindergarten shall not be placed in seclusion.

18.5.2 Key Identified School Employees may use seclusion only when:

[a] other less restrictive interventions have failed;

[b] a staff member who is familiar to the student is actively supervising the student for the duration of the seclusion;

[c] the student is observed at all times during the seclusion by School personnel who have received the comprehensive ESI training;

[d] any door remains unlocked consistent with applicable fire and public safety requirements described in R392-200 and R710-4; and

[e] the seclusion is time-limited to a maximum time of 30 minutes, per occurrence, and monitored.

18.5.3 A School employee may not place a student in seclusion:

[a] as a behavioral intervention;

[b] as a disciplinary practice;

[c] for coercion, retaliation, or humiliation;

Staff Grievance Policy

HighMark Charter School
Policy: Staff Grievance Policy
Adopted: September 19, 2011

Purpose

The Board of Directors (“Board”) of HighMark Charter School (the “School”) values open communication between faculty, staff, administration, and the Board. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used. The purpose of this policy is to ensure that staff members understand how to pursue the resolution of grievances, concerns and disputes involving other School employees.

The Board wishes to emphasize that the School is an at-will employer, and this policy is not intended to modify the at-will employment relationship between the School and its employees.

Policy

A staff member who has a complaint regarding another staff member must first address the issue with the other employee involved and work reasonably and in good faith to resolve the concern.

A staff member that is not able to resolve the dispute himself or herself may then raise the issue with the School’s Director.

If a staff member’s complaint involves the Director, the staff member must first address the issue with the Director and work reasonably and in good faith to resolve the problem.

A staff member should not direct complaints to the Board unless and until he or she has worked in good faith to resolve the issues with the other individual and with the School’s Director.

In the event the staff member and the Director are unable to resolve a complaint and the staff member wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in writing. Complaints shall specify the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

This policy does not confer upon any employee of the School any additional rights. Accordingly, the existence of this policy does not preclude the School from terminating any employee for any lawful reason even if the employee is pursuing the resolution of a grievance.

Additionally, this policy is not intended to discourage an employee from reporting to the appropriate individual(s) a legal violation committed by another employee and does not limit a School employee's right to appropriately report a legal violation committed by another employee.

Student Transportation Policy

HighMark Charter School

Policy: Student Transportation Policy

Adopted: March 13, 2023

Purpose

The purpose of this policy is to address how student transportation is handled at HighMark Charter School (the “School”). It is also to establish rules and requirements related to student transportation to help ensure student safety.

The School intends for this policy to satisfy the policy requirements of Utah Administrative Code Rule R277-601.

Policy

No School Buses

The state does not provide the School (or any other Utah charter school) with any state transportation funding. As a result of this, and as a result of having a student population that often resides throughout multiple cities and/or counties in the state, the School does not own or operate school buses and does not provide transportation for students to or from School, except where required by law. Parents or guardians are responsible for the transportation of their students to and from the School each day.

Student Transportation for School Activities

The School may provide transportation for students in charter buses or through public transportation in connection with field trips, extracurricular activities, or other School-sponsored activities. Any charter bus company selected by the School to transport students shall meet or exceed industry safety requirements and provide reliable and professional transportation services.

The School may also provide student transportation for School activities through private or rental vehicles driven by School employees or volunteers who have been approved by the School’s Principal. The School’s Principal shall establish the necessary qualifications for such drivers and other requirements that must be met prior to using private or rental vehicles to transport students.

The School shall inform parents and guardians when it intends to provide student transportation in connection with School activities and shall give parents the opportunity to consent to such transportation. A student's parent or guardian must provide consent in order for their student to be transported to and/or from School activities as described in this section.

Charter bus operators and, to the extent practicable, other vehicle drivers approved by the School to transport students to and/or from School activities, shall adhere to the applicable standards in R277-601-3. The School shall enforce the applicable standards as required by the rule.

If all such students provide this verification, School coaches or other designated School leaders may leave School grounds. If any such student does not provide this

verification, School coaches or other designated School leaders shall contact by telephone the student's parent/guardian and/or emergency contact(s) designated by the student's parents/guardians to verify that the student will be picked up in a timely manner. If the parent/guardian or emergency contact provides this verification, School coaches or other designated School leaders may leave School grounds. However, if neither the parent/guardian or an emergency contact can be reached or are able to pick up the student in a timely manner, School coaches or other designated School leaders shall stay on School grounds and may contact the police or the Division of Child and Family Services (DCFS) to report the situation.

If parents/guardians experience an emergency that causes them to run late or to be unable to have their child picked up within 10 minutes of a School-sponsored activity ending, they should notify the School coach or other designated School leader as soon as possible.

Behavior and Conduct

School coaches and other designated School leaders shall be exemplary role models to students and shall not use alcoholic beverages, tobacco, controlled substances, or participate in sexual relationships while on School-sponsored activities. School coaches and other designated School leaders shall act in a manner consistent with Utah Code § 53G-8-209 and shall not:

- b. Reliability of reporting for internal and external use; and
- c. Compliance with applicable laws and regulations.

“Cost Objective” means, as described in 2 CFR § 200.1, a program, function, activity, award, organizational subdivision, contract, or work unit for which cost data are desired and for which provision is made to accumulate and measure the cost of processes, products, jobs, and capital projects (*i.e.*, implementation of program accounting).

Policy

Time and Effort Standards

The School shall recognize and follow the *Uniform Administrative Requirements* pertaining to the *Standards for Documentation of Personnel Expenses* as contained in 2 CFR § 200.430(g). Accordingly, all School employees who are paid in full or in part with federal funds shall keep specific documents to demonstrate the amount of time they spent working on the federal program (2 CFR § 200.430(g)(1)). In addition, all School employees who are paid with state and local funds, but whose salaries and wages are used for cost sharing or matching in a federal program, shall also keep time and effort documentation (2 CFR § 200.430(g)(4)). Moreover, all School employees who are paid in full or in part with state restricted funds shall keep specific documents to demonstrate the amount of time they spent working on the state restricted program.

Charges to restricted funds for salaries and wages must be based on records that accurately reflect the work performed. In accordance with 2 CFR § 200.430(g)(1), these records must:

1. Be supported by a system of **internal control** that provides reasonable assurance that charges are **accurate, allowable, and allocable**.
2. Be incorporated into the School's official records.
3. Reasonably reflect the total activity for which the employee is compensated by the School, not exceeding 100% of the compensated activities.
4. Encompass federally-assisted and all other activities compensated by the School on an integrated basis.
5. Comply with the established accounting policies and practices of the School.
6. Support the distribution of the employee's salary or wages among specific activities or **cost objectives**.

Semi-Annual Certifications and Personnel Activity Reports

To meet the above requirements, all School employees who are required to keep time and effort documentation must submit either a Semi-Annual Certification or a Personnel Activity Report ("PAR") as described below. Whether an employee must submit a Semi-Annual Certification or a PAR depends on the number of cost objectives that an employee works on.

The School's administration shall ensure that employees who work solely on a single cost objective complete a Semi-Annual Certification consistent with 2 C.F.R. § 200.430 and applicable state law and rule.

The School's administration shall ensure that employees who work on multiple cost objectives document their time and effort on a PAR consistent with 2 C.F.R. § 200.430 and applicable state law and rule.

Procedures

The School's administration shall adopt additional administrative procedures to ensure compliance with this policy and applicable law.

Another purpose of this policy is to establish the approval process for the School's annual ninth-grade student trip.

Policy

Travel by Employees and Board Members on School-Related Business

1. This policy applies to all approved travel by employees and Board members on School-related business. For purposes of this policy, School-related business does not include an employee's regular daily travel to and from work or a Board member's travel to and from a regular Board meeting.
2. Travel for School-related business by employees must be approved in advance by the Principal in order for the School to pay for the travel expenses as set forth in this policy. Travel for School-related business by the Principal or a Board member must be communicated to the Board in advance of the travel, where possible. Payment for all travel-related expenses is subject to, and must be approved in accordance with, the School's Purchasing and Disbursement Policy.
3. Employees must submit their travel requests to the Principal, and the Principal and Board members must communicate their travel requests to the Board, at least three (3) weeks prior to departure date and prior to making or paying for any travel arrangements, where possible. Such travel requests submitted to the Principal and communications to the Board must explain the purpose of the travel and, where applicable, include the nature of the School-related business, proposed lodging accommodations, and approximate airfare or mileage, as applicable.

4. Per diem for meals and incidental expenses shall be paid for all approved travel events that are more than 100 miles from the School. The School shall pay per diem for meals and incidental expenses in accordance with the federal per diem meals and incidental expenses rates established by the U.S. General Services Administration (“GSA”). Where possible, the per diem shall be paid to the traveler by check no fewer than 48 hours prior to departure date.
5. Reasonable and necessary flight reservations for approved travel events shall:
 - a. Be personally made and paid for by the traveler and then reimbursed by the School based on receipts submitted by the traveler for such expenses. The traveler must provide receipts for all flight reservations for which reimbursement is sought; or

Absent extraordinary circumstances, first class flight reservations are not considered reasonable and necessary under this policy.

6. Reasonable and necessary ground transfer expenses (e.g., taxi, public transportation, ride share, parking, etc.) for approved travel events shall be personally paid for by the traveler and then reimbursed by the School based on receipts submitted by the traveler for such expenses. The traveler must provide receipts for all ground transfer expenses for which reimbursement is sought.

8. Reasonable and necessary lodging accommodations for approved travel events shall be made and paid for by the School. However, under extenuating circumstances and only after receiving approval from the Principal or the Board, travelers may personally make and pay for reasonable and necessary lodging accommodations for approved travel events. A traveler in this situation shall be reimbursed by the School based on receipts submitted by the traveler for such expenses.
9. Lodging accommodations shall be approved for the number of days an approved travel event is in session, less one. However, this is subject to the following exceptions:
 - a. One additional night of lodging accommodations shall be approved when an additional travel day is required prior to an approved travel event;

- b. A second additional night of lodging accommodations shall be approved when an additional travel day is required after the approved travel event concludes; and

10. School employees who have been issued a School credit card may use their School credit card to pay for approved flight reservations, ground transfer expenses, and lodging accommodations in accordance with this policy only after receiving approval from the Principal. Such School employees may also use their School credit card to pay for other reasonable travel-related expenses only after receiving approval from the Principal. The Principal may also use his/her School credit card to pay for the same travel expenses listed above in this paragraph in accordance with the School's Purchasing and Disbursement Policy. However, School credit cards shall not be used for per diem for meals and incidental expenses, as per diem will be paid to travelers by check in advance of approved travel as explained earlier in this policy.
11. School employees and Board members shall submit an expense report related to an approved travel event to the Principal within sixty (60) days from the end of the trip.
12. The School shall not fund travel expenses that are unrelated to the approved travel purpose. Similarly, the School shall not reimburse travelers for travel expenses that are unrelated to the approved travel purpose or which are determined by the School to be excessive.
13. Either the Principal or the Board may authorize individual exceptions to this policy if they, in their sole discretion, feel an exception is appropriate under the circumstances.

Annual Ninth-Grade Student Trip

14. The Principal is authorized to plan a ninth-grade student trip each school year. However, prior to finalizing any arrangements or making any financial commitments related to the trip, the Principal shall submit the proposed itinerary and all other major aspects of the trip to the Board for review.
15. The Board reserves the right to vote on a proposed ninth-grade student trip and may deny approval of the trip if the Board determines that the trip poses an unreasonable level of risk to students or School personnel, or if the trip exposes the School to undue liability.

Weapons Policy

HighMark Charter School

Policy: Weapons Policy

Adopted: November 21, 2016

Purpose of Policy

The purpose of this policy is to address the possession of dangerous weapons and firearms on school premises and other school buildings or property by any individual, including but not limited to, employees, students, parents/guardians, volunteers, and visitors.

Policy

For the purpose of this policy, “School Property” is defined as all property including buildings, portable buildings, parking lots, fields, parks and other land under the possession of HighMark Charter School, whether leased or owned, where business of HighMark Charter School takes place.

Utah Code § 76-10-505.5(2) provides that “[a] person may not possess any dangerous weapon, firearm, or sawed-off shotgun, as those terms are defined in Section 76-10-501, at a place that the person knows, or has reasonable cause to believe, is on or about school premises as defined in this section.”

A dangerous weapon is defined as “(i) a firearm; or (ii) an object that in the manner of its use or intended use is capable of causing death or serious bodily injury.” UCA § 76-10-501(6)(a).

A firearm is defined as “a pistol, revolver, shotgun, short barreled shotgun, rifle or short barreled rifle, or a device that could be used as a dangerous weapon from which is expelled a projectile by action of an explosive.” UCA § 76-10-501(10)(a).

The law further provides that a qualified person may receive a permit “to carry a concealed firearm for lawful self-defense.” UCA § 53-5-704(1).

A concealed firearm means “a firearm that is (i) covered, hidden or secreted in a manner that the public would not be aware of its presence; and (ii) readily accessible for immediate use.” UCA § 76-10-501(3)(a).

Possession or use of a dangerous weapon by anyone on School Property, or in conjunction with any school activity, unless specifically authorized by law, is in violation of the law and HighMark Charter School Policy. Employees in violation of this policy will be subject to disciplinary actions, which may include termination.

However, this policy does not apply if the possession is approved by the responsible school administrator or the item is present or to be used in connection with a lawful, approved activity and is in the possession or under the control of the person responsible for its possession or use. UCA § 76-10-505.5(4)(b), (c).

In accordance with the school's Safe Schools Policy and state law, students are prohibited at all times from possession or use of a weapon in or on School Property or in conjunction with any school activity.

Concealed Firearm Permit Exceptions and Clarification

Utah State law allows any holder of a valid concealed firearm permit to carry a concealed firearm on School Property. Because a concealed firearm must be readily accessible for immediate use, any person who carries a concealed firearm on School Property, must keep it on their person at all times, and it must be fully concealed. School employees are prohibited from keeping a concealed firearm in or on any property, fixture or furniture owned by the school. This includes but is not limited to desks, closets, cabinets, or any other property owned by and located on School Property. If a person carries a concealed firearm in any personal container, bag, briefcase, purse, backpack, etc., that item must be on the person at all times while on School Property.

School employees who obtain a concealed firearm permit do so at their own volition. Any employee's decision to carry or use a dangerous weapon will be the sole responsibility of that person as an individual, and no such action, including any lawful action, is taken as an employee by or on behalf of the school or is otherwise authorized or sanctioned by the school. Employees who have concealed carry permits are obligated to have knowledge of and adhere to state and local weapons laws.

Wellness Policy

HighMark Charter School

Policy: Wellness Policy

Adopted: June 18, 2020

Reviewed: May 27, 2023

Purpose:

HighMark Charter School is committed to the optimal development of each student. This policy outlines the model approach to ensuring environments and opportunities for all students to practice lifelong healthy habits that promote physical, mental, and social health.

Research shows that students who are physically, mentally, emotionally, and socially healthy during and after the school day have positive outcomes.

We know that some chronic diseases can be prevented by eating well, being physically active, avoiding tobacco and excessive drinking, and getting regular health screenings. When systems support policy and create safe and healthy environments, students shall excel in their academic learning.

Mental and physical health are equally important components of overall health and well-being. Mental health is important at every stage of life, from childhood and adolescence through adulthood. Mental illnesses are conditions that affect a child's thinking, feeling, mood or behavior. Depression, anxiety, bipolar disorder, attention deficit disorder, and schizophrenia are conditions that may be occasional or chronic and affect the child's ability to relate to others and function during the school day.

HighMark Charter shall engage the community in supporting the work of the local school in creating continuity between schools and other settings for students and staff to practice lifelong healthy habits. HighMark Charter shall establish and maintain an infrastructure for management, oversight, implementation, communication, and monitoring of the policy. The community (including parents, students, food service professionals, physical education teachers, school health professionals, community health partners, school nurses, the LEA board, and administrators) shall be encouraged to participate in the development and assessment of the wellness policy.

Physical Activity:

Children and adolescents should participate in at least 60 minutes of physical activity every day. A substantial percentage of students' physical activity can be provided through the following components:

- Quality physical education as the foundation.
- Physical activity before, during, and after school.
- Staff involvement and family and community engagement.

Schools shall ensure that these varied physical activity opportunities are in addition to, and not as a substitute for, physical education. Physical activity during the school day (including but not limited to; recess, classroom physical activity breaks, or physical education) shall not be withheld as punishment for any reason. Teachers and other school personnel shall not use physical activity (e.g., running laps, push-ups) as punishment. [LEA] shall provide teachers and other school staff with a list of ideas for alternative ways to discipline students.

To the extent practicable, HighMark Charter shall ensure that its grounds and facilities are safe, and that equipment is available to students to be active. The LEA shall conduct necessary inspections and repairs.

Physical Education

HighMark Charter shall provide students with physical education using an age-appropriate, sequential physical education curriculum consistent with the Utah Core Standards for Physical Education. The physical education curriculum shall promote the benefits of a physically active lifestyle and shall help students develop skills to engage in lifelong healthy habits, as well as incorporate health education concepts.

The curriculum shall support the essential components of physical education, such as:

- All students shall be provided an equal opportunity to participate in physical education classes.
- The LEA physical education program shall promote student physical fitness through individualized fitness and activity assessments and shall use criterion-based reporting for each student.
- All physical education classes shall be taught by licensed teachers who are certified or endorsed to teach physical education.

Recess (Elementary)

Schools:

- Shall provide at least 20 minutes of active daily recess to all elementary school students.
 - According to R277-419-4 “all school day calculations shall exclude lunch periods and pass time between classes but may include recess periods”.
- Shall not withhold recess, PE, or other physical activities as a punishment for poor behavior, incomplete class work, or remediation purposes.
- Shall not require students to engage in physical activity as punishment (such as running extra laps).
- Shall provide recess before lunch when schedules allow.
- Shall offer outdoor recess when weather is feasible for outdoor play.
 - In the event that the school must conduct indoor recess, teachers and staff shall follow indoor recess guidelines that promote physical activity for students.

- Shall create schedules for recess to complement, not substitute, physical education class.
- Shall provide recess monitors or teachers to encourage students to be active and serve as role models by being physically active alongside the students whenever feasible.

Classroom Physical Activity Breaks (Elementary and Secondary)

HighMark Charter recognizes that students are more attentive and ready to learn if provided with periodic breaks where they can be physically active or stretch. Students shall be offered periodic opportunities to be active or to stretch throughout the day on all or most days of a typical school week. Teachers shall provide short (3-5-minute) physical activity breaks to students during and between classroom time at least three days per week. These physical activity breaks shall complement, not substitute, physical education, recess, and class transition periods.

Air quality

All people are entitled to breathe healthy air and to be free of the adverse health effects of indoor and outdoor air pollution.

The health, comfort, and learning environment of students and staff are important aspects of the school. Air quality, both indoor and outdoor, is a critical component of providing a healthy and comfortable learning environment.

Students at HighMark shall be allowed to self-apply sunscreen without a parent or physician's authorization. If the student is unable to self-apply sunscreen, a volunteer or school employee may apply the sunscreen on the student with written consent from the parent or legal guardian. (UCA 53G-9-208).

Alcohol, Tobacco, and Other Drug (ATOD) Free School

Schools are in a powerful position of influence among the students they serve and can play a major role in reducing the rate of alcohol, tobacco, and other drug (ATOD) use among youth through prevention education, the implementation of research based programs, and the enforcement of clear, consistent, and fair rules and regulations.

Injury Prevention

- HighMark Charter staff shall be required to receive training and instruction on child sexual abuse prevention and awareness, responding to a disclosure of child sexual abuse, and mandatory reporting requirements according to the Utah Child Sexual Abuse Prevention law (Utah Code 53G-9-207).

- HighMark Charter shall adopt comprehensive school policies and procedures for suicide prevention, intervention, and postvention.
- HighMark shall adopt policies and practices that promote connectedness as a protective factor against multiple forms of injury and violence.
- HighMark Charter coaches, trainers, officials, and student athletes shall be trained yearly on recognizing and responding to concussions and the Protections of Athletes with Head Injuries Act. A child who gets a head injury must be removed from play and may only return after written clearance from a qualified health care provider according to Utah Code 26-53-101 and R277-61.

Staff Wellness

The HighMark Charter wellness committee shall develop, promote, and oversee a multifaceted plan to promote staff health and wellness. The plan shall be based on input solicited from staff and should outline ways to encourage healthy eating, physical activity, and other elements of a healthy lifestyle among staff. Staff shall be encouraged to serve as positive role models for healthy eating and physical fitness.

Chronic, Infectious & Acute Disease Management

HighMark Charter shall have a minimum of one professional registered school nurse who can assist with the management of chronic, infectious, and acute diseases the students may have. The school nurse is the best person to manage these conditions in the school setting.

The school shall have at least one automated external defibrillator (AED). This device should be examined monthly to make sure all components are working properly.

A minimum of two school employees shall be certified in first aid and cardio-pulmonary resuscitation (CPR). At least one person certified in first aid and CPR shall be on-site when school is in session (R392-200-9).

Medication Management

Students shall be allowed access to medication during school hours by following Utah Code 53G-9-502 which requires prior parent/guardian and healthcare provider authorization. Parents must submit a completed medication authorization form annually to HighMark Charter for any routine and scheduled medications that are required during school. The school nurse shall train staff on how and when to administer medication to students.

Students are allowed to *possess and self-administer* certain medications after proper signed authorization by both the student's parent and healthcare provider are submitted each year. This applies to epinephrine auto-injectors, asthma medication, and diabetes medication. All other medication shall be stored in a locked location with the exception of epinephrine auto-injectors, and asthma rescue medication. These shall be kept in a secure, but unlocked location.

- Allergy and anaphylaxis: Students are allowed to *possess and self-administer* an epinephrine auto-injector (when appropriate) after proper authorization has been submitted to the school (Utah Code 26-41).
- Asthma: Students shall be allowed to *possess and self-administer* their asthma medications (when appropriate) after proper authorization has been submitted to the school by Utah Code 26-41. If the student does not self-carry the asthma medication, the device shall be kept in a secure but unlocked location.
- Diabetes: Students shall be allowed to *carry and self-administer* their diabetes medication (when appropriate) after proper authorization has been submitted to the LEA as allowed by Utah Code 53G-9-506.
- Seizures: School nurses shall train school employee volunteers to administer emergency seizure rescue medication (when appropriate) after proper authorization has been submitted to the LEA per Utah Code 53G-9-505. Students shall not carry this medication. These medications shall be kept locked, but accessible for use in an emergency.

If the parent does not submit the required paperwork to allow emergency rescue medication at the school, employees shall be instructed to call 911 in the event of an emergency.

Risk and Protective Factors

Life skills are a key protective factor against suicide and include critical thinking, stress management, conflict resolution, problem-solving and coping skills. An emphasis on mental wellness and life skills has been found to improve quality of life and reduce risk of suicide, self-harm, substance use, and other life problems.

Suicide Prevention Teacher Re-Licensure Training

Teacher re-licensure shall focus on:

- Prevention of youth suicide;
- Youth suicide intervention.
