Utah CTE Safety Training

Attention CTE Instructors! A comprehensive Utah CTE Safety Training master template is now available for import via the Canvas Commons.

Published by Amy Ewell (Mountainland Region CTE Pathway Coordinator), this course is designed specifically for Utah Career and Technical Education instructors. It outlines essential instructional environment safety, hazard mitigation, and lab compliance protocols in alignment with Utah State Board of Education (USBE) R277-911-3 guidelines. Instructors can import this framework directly into their active Canvas shells to facilitate required annual student training, manage lab safety inspections, and maintain district record-keeping compliance.

Coordinating Compliance & Completion

Because documentation requirements vary across school districts, please collaborate directly with your school administration to determine how best to demonstrate student and classroom safety compliance. Work with your leadership team to establish whether you should add administrators as observers in your Canvas shell, export quiz grade reports, or submit printed safety contracts to satisfy your local CTE audit and record-keeping protocols.

How to Access and Import the Course

Follow these quick steps to add the safety modules to your classroom:

1. **Log In:** Sign into your district Canvas portal [1.0].
2. **Open Commons:** Click the **Commons** icon (the "C" with an arrow) on the far-left global navigation sidebar [1.0].
3. **Search:** Type **Utah CTE Safety Training Amy Ewell** into the top search bar [1.0].
4. **Select:** Click on the course card titled **"Utah CTE Safety Training"** authored by Amy Ewell.
5. **Import:** Click the blue **Import/Download** button on the right, check the box next to your active course shell, and click **Import into Course**.

Note: It may take a few minutes for the modules, quizzes, and safety assets to fully populate in your course.

The screenshot displays the Canvas Commons search interface. At the top, there's a navigation bar with tabs: Search, Shared, Imported, Updates (1), and Favorites. The 'Search' tab is active. Below the navigation bar, the 'Search' section is visible, with a search bar containing the text 'Amy ewell'. To the right of the search bar, there's a 'Most recent' filter. Below the search bar, it says 'Enter at least 3 characters to search' and '2 results'. The search results are displayed as two course cards. The first card is for 'Utah CTE Safety Training' by Amy Ewell, with a '13' download count and a '1' star rating. The second card is for 'Utah CCA - Applied Math Bellwork' by Amy Ewell, with a '25' download count and a '9' star rating. To the right of the search results, there's a notification box stating 'The course "Utah CCA - Applied Math Bellwork" was updated on Mar 17, 2023' with a 'View Update Notes' link. At the bottom of the page, there's a pagination bar showing '1 of 1'.
