Updates & Reminders

Thank you to our parents and guardians for your patience and support this week! Our building was struck by lightning last weekend, causing several systems to go down. Repairs are now complete, and the building is fully operational. We're also exploring ways to reduce the impact of similar incidents in the future.

Crosswalk Safety Reminder

Please slow down and watch for students and crossing guards near the school, especially at Montauk Lane and Village Boulevard. Student safety is everyone's responsibility!

SEPTMBER IS SUICIDE PREVENTION MONTH

Stronger Together

WHY IT MATTERS

Even at a young age, children can experience big feelings, emotional struggles, and thoughts of not wanting to be here. Suicide prevention starts with awareness, open conversations, and a supportive community.

You are not alone — we're in this together.

WARNING SIGNS IN CHILDREN (K-8)

- Noticeable changes in mood, behavior, or personality
- Withdrawing from friends or activities
- Increased irritability, anger, or sadness
- Talking about feeling hopeless or worthless
- Changes in sleep, appetite, or energy
- Giving away prized possessions
- Talking about death or not wanting to be here

Not all children show warning signs. Trust your instincts and reach out if you are concerned.

WHAT YOU CAN DO

- ✓ Create a safe space for open, honest conversations.
- ✓ Listen without judgment.
- ✓ Take all comments about self-harm seriously, even if they seem brief or casual.
- ✓ Help your child build healthy coping skills and strong connections.
- ✓ Limit access to lethal means (firearms, medications, etc.).
- ✓ Reach out to the school counselor or other trusted adults if you're concerned.

TRY A SIMPLE CHECK-IN

Small conversations can make a big difference.

"How are you feeling today?"

"What's been the best and hardest part of your week?"

"Is there anything on your mind that you want to talk about?"

"I'm here for you, no matter what."

A listening
ear can be
a lifesaving
support.
