- Diana Dearden – Asst. Principal
- Elizabeth Tuttle – Parent
- Jenna Mortensen – Parent
- Kajsa Berlin – Parent
- Karyn Webster - Facilitator
- Nichole Richins – Parent
- Yenifer Garcia - Parent

Summary:

Council Elections and Meeting Requirements

Explanation for the need for a combined meeting; reviewed and voted on the proposed council roles, which were approved. Outlined the purpose, expectations, and responsibilities.

Funding Goals and Technology Spending

Explained the purpose of the School Land Trust and presented the 2026–27 goals and measurements. The group discussed funding and the school's preference for technology and IT expenses because of tracking and reporting requirements.

Training and State Assurances

Introduction to training, where to find it, and noted that members must complete the required training by October 31 and confirm completion by email. Explained the council's public information requirements, participation, state assurances, and timeline.

Upcoming Meetings and Funding Change Process

Outlined the expected May Council Signature process and the March and May meetings, including review of the current plan and development of the 2027–28 plan. Members asked how to suggest changes; they were notified they would receive additional emailed information about the 26-27 plan and the suggested 27-28 plan, and to direct suggestions and ideas to the council and discuss them at the next meeting, notifying Admin in advance so they can review feasibility and reporting requirements.

Closing and Adjournment

Karyn noted that the training explains eligible uses of School Land Trust funds and briefly previewed the next meeting's agenda. The council then moved to adjourn and exchanged closing remarks.
