Review of Current School Data

Current School Data was presented by Angela Williams.

ALO scores reflect improvement with Kindergarten and 1st grade, but a slight decline with 2nd grade. 3rd grade remained the same when comparing BOY and MOY data.

Math scores show a slight decline in 1st grade, but a significant improvement with 2nd and 3rd grade.

There aren't any major concerns at this point, but it is recommended that progress monitoring continue even for students who are in the proficient range.
